County of Kane
2012-2013 Equal Employment Opportunity Plan
Executive Summary

Preface

The County of Kane has created this Equal Employment Opportunity Plan in order to comply with U.S. Department of Justice regulations. The purpose of an Equal Opportunity Plan (EEO) is to insure full and equal participation of men and women regardless of race or national origin in the workforce of the recipient agency. A *recipient agency* is defined as any State or local unit of government or agency thereof, and any private entity, institution, or organization, to which Office of Justice Programs (OJP) financial assistance is extended directly or through such government or private entity. Recipient agencies that meet all of the following criteria are required to maintain an EEO on file for review by OJP, if requested (see 28 CFR 42.301 et. Seq.):

- Has 50 or more employees; and
- Received a total of \$25,000 or more in grants or subgrants; and
- Have 3 percent or more minorities in service population

An EEO is a comprehensive document that analyzes the agency's workforce in comparison to its relevant labor market data and all agency employment practices to determine their impact on the basis of race, sex, or national origin. The EEO includes a written analysis that:

- provides a statistical profile of the internal workforce by race, sex and national origin
- identifies problems in employment practices and procedures
- specifies corrective action
- forms the basis of ongoing evaluation

Introduction

The County of Kane (Kane County) was organized under township form of government in 1836. It is not a home rule county. The Illinois Constitution limits the powers of non-home rule counties to the powers granted to them by law. Kane County is divided into twenty-six (26) districts. Each district elects a representative to the Kane County Board. The County Board Chairman is elected countywide by the voters of Kane County.

Kane County government is composed of departments created by the Kane County Board and countywide officials elected to certain offices provided by law. In Kane County those elected officials are:

County Clerk ¹	State's Attorney ²	Sheriff ³	County Recorder ⁴
Auditor ⁵	Circuit Clerk	Coroner ⁶	Treasurer ⁷

¹ Sec. 3-2003.2. Internal operations of office. The County Clerk shall have the right to control the internal operations of his office; to procure necessary equipment, materials and services to perform the duties of his office.

² Sec. 3-9006. Internal operations of office. The State's Attorney shall control the internal operations of his office and procure the necessary equipment, materials and services to perform the duties of his office.

³ Sec. 3-6018. Counties under 1,000,000; control of internal operations. In counties of less than 1 million populations, the Sheriff shall control the internal operations of his office. Subject to the applicable county appropriation ordinance, the Sheriff shall direct the County treasurer to pay, and the Treasurer shall pay, the expenditures for the Sheriff's office, including payments for personal services, equipment, materials and contractual services. Purchases of equipment by the Sheriff shall be made in accordance with any ordinance requirements for centralized purchasing through another County office or through the state, which are applicable to all county offices.

⁴ Sec. 3-5005.2. Internal operations of office. The Recorder shall have the right to control the internal operations of his office; to procure necessary equipment, materials and services to perform the duties of his office. The Recorder shall have the right to select the computer or micrographic system to be used for document storage and retrieval. The Recorder may retain the services of management or consulting firms to establish or maintain such a system.

⁵ Sec. 3-1004. Internal operations of office. The County Auditor shall control the internal operations of the office and procure equipment, materials and services necessary to perform the duties of the office, subject to the budgetary limitations established by the County Board.

⁶ Sec. 3-3003. Duties of Coroner. The County Coroner shall control the internal operations of his office. Subject to the applicable county appropriation ordinance, the Coroner shall procure necessary equipment, materials, supplies and services to perform the duties of the office. Compensation of deputies and employees shall be fixed by the Coroner, subject to budgetary limitations established by the County Board. Purchases of equipment shall be made in accordance with any ordinance requirements for centralized purchasing through another county office or through the State, which are applicable to all county offices.

The duties and powers of these officers are set by law and by County ordinance. By statute, some of these officers are granted internal control of their offices. Although the exact limitations on internal control is specified for each office, in general, internal control generally means the officer has absolute power to procure necessary equipment, materials and services to perform the duties of the office. It is axiomatic that the term “services” includes employees to staff the office and assist the elected officer in the performance of his or her duties.

Because of this dichotomy, it is possible for an elected officer to be the *recipient agency* that is required to create and maintain an EEOP. In order to eliminate the need for individual offices to create and maintain separate EEOPs, the County of Kane has created a single EEOP for itself and all of its affiliated elected offices.

This EEOP contains three sets of statistical analyses. One set analyzes the **Total County**, i.e., all employees including those in the offices of elected officials. One set that analyzes the workforce of departments created by the Kane County Board, excluding the workforce of offices controlled by elected officers. This data is named **County without Elected Officials**. Where the utilization analysis shows the underutilization of women and minorities by one percent (1%) or more, a countywide process will be initiated to address the underutilization. The second set analyzes the workforce of the offices controlled by countywide elected officers. This data is named **County with Elected Officials**. Where the utilization analysis shows the underutilization of certain women and minorities by one percent (1%) or more in offices controlled by elected officers, the elected officer will be asked to address the underutilization. In this way, separation is maintained and prevents the County of Kane from intruding upon the control of these elected officers.

This EEOP is current and shall remain in effect as long as the County of Kane and its affiliated offices are required by law or regulation to maintain an EEOP. Kane County adopted its first EEOP in May 2005. Each year the document is updated with the current demographics of the County’s workforce.

In 2007, Kane County formally adopted a strategic plan for County operations over the next five to fifteen years that contains a priority of goals. Implementation of the goals was scheduled to begin in 2008. Further implementation is dependent upon funding and staffing levels. County revenues have decreased and a hiring freeze (Resolution 08-278) was put into place in 2008 as a result of the nation’s economic downturn experienced in 2008. This hiring freeze remained in effect in 2009. The hiring freeze does not apply to positions or offices where the person is required to subscribe to a statutory oath of office.

From time to time, this narrative is amended to reflect changes in County practices, policies and employee demographics. First begun in 2006, this document continues the practice of showing the representation of employees by gender and race through the use of color graphs.

County of Kane **2012-2013 Gender and Ethnicity Utilization Analysis: Females and Minorities**

2005 - The analysis shows an underrepresentation of female employees by one percent (1%) or more in every occupational category. The underutilization ranges from a high of -10.6% for *Hispanic females* in the *Services/Maintenance* category to a low of -.1 for *Asian females* in the *Sworn Protective Services* category. Three female groups show underrepresentation across a majority of the occupational categories; Black females, Hispanic females and White females.

⁷ Sec. 3-10005.1. Internal operations of office. The Treasurer shall control the internal operations of his office and procure necessary equipment, materials and services to perform the duties of his office.

2006 - The analysis shows a little improvement for females. The underrepresentation ranges from a high of -26.864% in the *Technicians* category for white females to a low of -.091% in the *Sworn Protective Services* category for Asian females. However, the underrepresentation of black females is noted in both the *Technicians* and *Non-Sworn Protective Services* categories as the County government does not employ any black females in either of these two categories.

2007 - The County's workforce statistics have not fluctuated tremendously. The variances between gains and losses in terms of total numbers represented in each occupational category are small, with the exception of the *Non-Sworn Protective services* category, which has seen an increase in underrepresentation by both White and Hispanic women. In terms of raw numbers, there are 9 fewer White and 2 fewer Hispanic females occupying the *Non-Sworn Protective Services* category. These losses appear to be offset by gains in the *Professionals* category, which usually carries a higher salary.

2008 - There were minor variances in all categories. The County's workforce statistics show improvement for females in the Officials/Executive category; white females up 2.69%, black females up .98%, and Hispanic females up .99%. The largest increase for females occurred in the Protective Services, Non-Sworn category where Hispanic females increased by 12.5%. These gains were offset by a decrease of 5.5% in the technician category, 2.4% decrease in Svcs. Maintenance category, and a 2.5% decrease in the total number of females employed. In the Protective Services, Non-Sworn category Black males experienced an 11.67% decrease, and Hispanic males experienced a 5.833% decrease.

2009 - With slight variations, the percentage of females and Blacks males employed by the County remains largely unchanged. The percentage of Hispanics employed by the County increased slightly by .53%. The analysis shows a slight improvement for females in the area of Officials/Executive category; with white females up slightly over 1%. Hispanic females were up slightly more than 1.0%. The largest increase for females occurred in the Protective Services (Non-Sworn) category with an increase of 8.333% for White females and in the Technicians category with an increase of 2.462% for White females. There were also gains in the Office/Clerical category of 3.23% and in the Svcs/Maintenance area of 2.576% for White females. The Hispanic female population increased slightly in Officials/Administrators, and Svcs/Maintenance. Black women increased slightly in the areas of Professionals.

Black males increased by 1.03% in the Officials/Executive category, .852% in the Professionals category, .2% in Protective Services (Sworn) category, 2.857% in the Skilled Craft category and 1.289% in Svcs/Maintenance. Hispanic males increased by 2.123% in the Protective Services (Sworn) category and 1.932% in the Svcs. Maintenance category, but decreased by .596% in the Protective Services (Non-Sworn) category. In general, the male Asian/Pacific Islander percentages were slightly down and the male American Indian/Alaska Native percentages were unchanged.

2010 - We became aware that elected officials should not be included in the statistics for the plan; therefore, we removed all of those individuals from the numbers. We will continue in this manner from now on. We are a County made up of many elected officials so this did have an impact, most notably in the County Board Office numbers. The severe economic downturn that began in 2008 and the tight budget constraints that the County continues to experience continued to result in limited hiring. The analysis shows a significant drop in males in the Officials/Executive category, from 53.5% to 35.6%. This is due in great part to removing the data on elected officials and also reclassifying of certain individuals in different job categories. There was an increase in females in all ethnic groups in the Officials/Administrators category, most significantly in the white female category from 35.4% to 50.6%.

Numbers in the Technicians category were stable with a slight increase in the category of black female.

In the Protective Services (Sworn) category, the male numbers are remarkably consistent with a slight decrease in white males from 70.4% to 68.6%. This was offset by an increase in white females from 14.6% to 16.1% and an increase in Hispanic females from 0% to .784%. There was a slight increase in Hispanic females from 15.3% to 16%.

The skilled craft category remained extremely consistent in all categories, seeing a slight increase in white females from 17.4% to 22.2%.

2011 – Although this is the first year after the decennial population census, new community labor statistics are not yet available for comparison purposes; therefore, our analysis continues to reflect overall community statistics that are 10 years old. Hiring continues to be constrained with specific Board approval needed to replace terming employees. Overall, employment demographic remains largely unchanged.

2012 - Though the total number of County employees has increased to 1272, the overall percentage of females and males employed by the County remains consistent-56% for females and 44% for males. The overall ratio of each ethnic group also remains consistent with prior years.

2013 - The percentage of females and males employed by the County remains consistent at 56% for females and 44% for males. The overall ratio of each ethnic group is consistent with 2012's data. Females in all ethnic categories remain stable. There was a slight increase in white females in the Officials/Administrators category. Hispanic females in the office/clerical category increased in 2013. The skilled craft saw an increase in white females from 13.79% in 2012 to 27.27% in 2013.

Objectives to address underutilization

Kane County undertakes a multi-step process to identify and address the underutilization of certain genders and ethnicities in each county department. In Step 1, each county department is analyzed to compare its workforce with the community labor market at large. In Step 2, the top director in each department is asked to prepare a narrative that accounts for the underutilization of certain genders and ethnicities. This is done because these directors are presumed to possess specific information about the necessary qualifications of its workforce that may account for or contribute to the underutilization. In Step 3, the director of each department is required to outline specific objectives they will undertake to address the underutilization. In Step 4, the staff of the Department of Human Resources Management will offer its assistance and resources to assist each department in achieving its objectives.

Steps to Achieve the Objectives

The Department of Human Resource Management plays a role in assisting each county department to achieve its objectives to increase the hiring of certain genders and ethnicities in the workforce. Over the years, this assistance has taken the form of:

- Training on interviewing and diversity in the workplace,
- Targeted recruitment of specific genders and ethnicities through advertisements in relevant publications and on the internet,
- All advertisements carry the appropriate EEO tagline "Equal Opportunity Employer".

Equal Employment Opportunity Policy of the County of Kane

The County of Kane, State of Illinois, represents that it and the employing agencies responsible to it, conform to the following:

We do not discriminate against any employee or applicant for employment because of race, creed, color, age, disability, religion, sex, national origin/ancestry, sexual orientation, marital status, veteran status, political affiliation, or any other legally protected status. We will take whatever action is necessary to ensure that applicants and employees are treated appropriately regarding all terms and conditions of employment. We will post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

We will, in all solicitations or advertisements for employees placed by or on behalf of the employing agencies, state that all qualified applicants will receive consideration for employment without regard to race, creed, age, disability, religion, sex, national origin/ancestry, sexual orientation, marital status, veteran status, political affiliation, or any other legally protected status.

White males (45.5%) represent the largest utilized group of employees in this category.
- In the *Professional* classification under-utilization occurs in the following categories; White Males (-11.7%) and Minority Males (Black -1.5%; Hispanic -3.8%; Asian -3.6%). The analysis shows that minority females are poorly utilized Black females (-1.4%) and Hispanic females (-4.3%) in this job classification. White females (29.1%) represent the largest utilized group of employees in this category.

The Office of Community Reinvestment recognizes the need to actively recruit more females and minority groups for *Official/Executive* and *Professional* positions as they occur. At the time that a position becomes available and the office has been given the approval to hire a new employee, this office will make every effort to assure that all applicants, regardless of gender, race or national origin, are given the same opportunity and consideration for any/all positions available through our office.

Objectives

A conscious effort will be made to consider all genders/races for vacant positions. Posting of vacancies will continue in-house on bulletin boards and on the county's intranet, on the county's website, local university job boards, and on the websites of professional organizations. Recruitment efforts will utilize language reflective of the fact that the Office of Community Reinvestment does not discriminate in terms of gender or race. Office employees will continue to be encouraged to pursue educational training to develop and enhance personal job skills to prepare them for supplemental and new job tasks.

Disciplinary Actions – None

Promotions/Transfers – None

Employment Practices

When seeking staff, the Office of Community Reinvestment utilizes the employment application forms prepared by the Kane County Human Resources Department (HRD) and asks for assistance from the HRD in the placing of job announcements in the appropriate sites and in screening applications. Testing has not, to date, been requested. Job Performance evaluations are done annually, or if necessary, on a more frequent basis when required. The Office of Community Reinvestment utilizes all other forms as prepared by the Human Resources Department that relate to employees and job performance.

STEP 4B: NARRATIVE UTILIZATION ANALYSIS

A comparison of the Office of Emergency Management's (OEM) workforce to the community labor statistics for Kane County indicates an under utilization of minorities and females in all categories.

It has long been acknowledged that the available qualified labor force within the emergency management discipline is relatively limited when compared to other public safety disciplines such as law enforcement, fire protection, and EMS. Given this fact and the fact that the OEM professional staff is comprised of one full time administrator, one full time sworn staff, and one full time clerical staff assistant, achieving racial balance within the OEM is extremely difficult.

In the past fiscal year the OEM has had no need to take any disciplinary actions against any paid employee nor have we had an employee apply for a transfer or request a promotion.

STEP 5: OBJECTIVES

The Office of Emergency Management is committed to making its workforce reflective of the available community labor force. Based on an examination of the underutilization analysis the OEM has established the following objectives:

- The OEM will promote minorities and females from within the ranks of our volunteer corp. when ever possible.
- We will make every effort to recruit qualified minority staff, for all positions, from the available community labor force.

STEP 6: STEPS TO ACHIEVE OBJECTIVES

The following steps will be taken to address the underutilization of minorities and females in all categories:

- Seek new methods of recruiting minorities and females to become members of the OEM volunteer corp. as a means of acquiring the necessary training to become a staff member within the emergency management discipline.
- Continue to post all job openings on both the OEM and County website along with posting employment notices in the following mediums:
 - ✓ Local newspapers
 - ✓ The Journal of the International Association of Emergency Managers (IAEM).
 - ✓ List the opening on the IAEM web site.
 - ✓ List the opening on the Illinois Emergency Services Management Association's web site.
- Provide additional opportunities for members of the volunteer corp. to receive managerial training to further develop staff prospects and improve the diversity of the OEM staff.

STEP 7: PLAN DISSEMINATION

- The EEOP will be posted prominently within the staff work area of the Emergency Operations Center.
- The OEM will include the statement "EEO Employer. Auxiliary aids are available to individuals with disabilities upon request" on all job applications and all applicants will be advised as to where they can obtain a copy of this plan.
- All new employees will be provided with information pertaining to the EEOP during orientation.
- The Director of the Department of Human Resource Management will be provided with the plan for dissemination to any interested parties.

RE: 2012 & 2013 Equal Opportunity Plan Update - Environmental & Water Resources
Division

I am submitting this document in response to your March 20, 2014, memorandum.

The staff identified is correct during the reporting time period. (See Attached)

The category for each staff person is correct for this reporting period. (See Attached)

This department follows the EEO policy as outlined in the Kane County personnel policy handbook in all aspects of hiring, promotions, and benefits.

No disciplinary action was taken during this time period.

Hiring is based on traditional interviewing of potential candidates. Potential candidates are evaluated based on their work history, knowledge of the skills required to complete the job, and ability to interact with coworkers, the public, and their superiors. A short list is developed, referenced checked and second interviews are held. No written or oral tests are given.

With regard to publications/websites for job openings, Kane County posts on our website job applications and current job vacancy information. Due to the increased use of the internet by the general public, the majority of applications use our website. Other websites may be utilized, as well as local newspapers.

Per your letter dated March 20, 2014, I have answered the following questions in bold as follows:

1. *The number of disciplinary actions taken against employees by race, sex, and national origin within the preceding fiscal year (**FY 12 and FY 13**). Please include the number and types of sanctions imposed (suspension indefinitely, suspension for a term, loss of pay, written reprimand, oral reprimand, other) against individuals by race, sex and national origin. **NONE TAKEN***
2. *The number of employees in each job category by race, sex, and national origin who made application for promotion or transfer within the preceding fiscal year (**FY 12 and***

*FY 13) and the number in each job category by race, sex, and national origin who were promoted or transferred. **NONE PROMOTED OR TRANSERRED***

3. *A detailed narrative statement setting forth your office/department's existing employment policies and practices as defined in 42.202(c). So, for example, where testing is used in the employment selection process, it is not sufficient for the office/department to simply note the fact. The office/department should identify the test, describe the procedures followed in the administering and scoring the test, state what weight is given to test scores, how a cut-off score is established and whether the test has been validated to predict or measure job performance and, if so, a detailed description of the validation study. Similarly detailed responses are required with respect to other employment policies, procedures, and practices used by the applicant. **SEE 6TH PARAGRAPH ABOVE FOR RESPONSE***

	Office/Clerical	-1.3%
Amer. Indian/Alaska Nat. Females in 1 Category	Office/Clerical	-.1%

Kane County Health Department's employment statistics have remained fairly stable during this analysis period due to the County's hiring freezer for the majority of the time. The only deviation from this situation would be when critical positions become vacant they are recruited and hired. Otherwise, active recruitment or hiring is not possible for non-critical positions during this reporting period.

The Health Department recognizes the difficulty it would have recruiting White Males in the three (3) job categories due to competitive wages, and males making up less than 5% of the nursing profession nationally.

Another challenge the Health Department faces is recruiting white females in the Office/Clerical category. Of the 10 positions in this category, 4 *require* English/Spanish Medical Interpreters Certificates to meet client service needs. This accounts for 40% of the positions.

The Kane County Health Department will continue their commitment of having a diverse workforce that reflects the community it serves. When active recruitment becomes possible, the Health Department will actively recruit individuals in the categories identified as underutilized.

Human Resource Department 2013

NARRATIVE UTILIZATION ANALYSIS

A comparison of Human Resource Management Department's workforce percentages to the Community Labor Statistics for Kane County indicates underutilization in several categories and significant overutilization in two areas. This is mainly due to the fact that the Human Resource Department is small (seven employees), and therefore, the sex and race/national origins represented significantly impact the statistics.

In the Officials/Executives category, percentages show underutilization in all male categories because there is no male currently employed in the Human Resource Department. There is underutilization in the Hispanic female by -3.8% and Asian/Pacific Islander by -1.3%. Again, because the Human Resource Department is extremely small and there are only two individuals in this category, it is impossible to have representation in all of the categories.

In the Professionals category, the workforce percentages again show underutilization in all male categories because there are no males currently employed in this department. There is a higher than average percentage of utilization in White females (20.76%) and in Hispanic females (29.04%). There is underutilization in the Black female category (-1.4%), and the Asian/Pac. Islander (-2.7%). Because there are only three individuals in the category, it is impossible to have representation in all of the categories.

In the Office/Clerical category, the workforce percentages again show underutilization in all male categories because there are no males currently employed in this department. There is a higher than average utilization in White females (57.5%), but a lower than average utilization in Black females (-4%), Hispanic females (-12.5%), Asian/Pac. Islander (-1.3.7%), and Amer. Indian/Alaska Nat. (-.1%). Because there are only three positions in the Human Resource Department that fit into this category, it is impossible to have representation in all of the categories.

Turnover in the Human Resource Management Department is extremely low. Government jobs offer a low starting salary, in comparison to private employers. It is possible that this discourages males from applying for many of the HR positions in all categories. However, the lower salaries may be offset by the benefits and perceived security of a governmental job. In any case, attempts should continue to be made to recruit males from all races/national origins for positions that become available in the Human Resource Management Department.

The Human Resource Management Department follows the EEO policy as outlined in the Kane County personnel Policy Handbook in all aspects of hiring, promotions and benefits.

DISCIPLINARY ACTIONS

There were no disciplinary actions for this reporting time period.

PROMOTIONS/TRANSFERS

There were no promotions or transfers in the Human Resource Management Department for this reporting time period.

EXISTING EMPLOYMENT POLICIES AND PRACTICES

Vacant positions are posted on the internet and are also available for internal candidates through the internal “intranet” site. A completed application is required and qualified candidates are interviewed. References for potential employees are checked. All County employees are subject to a background check. The Human Resource Management Department adheres to all Equal Employment Opportunity requirements and other related policies as outlined in the Kane County Personnel Handbook.

PUBLICATIONS/WEBSITES FOR JOB OPENINGS

Re: Equal Employment Opportunity Plans 2012-2013

The data for the Equal Employment Opportunity Plan for Kane County Emergency Communications 2012 and 2013 is attached. While there was minimal information in our department's personnel files from the previous director, Director Sauer and I have reviewed and completed the requested forms to the best of our knowledge.

Testing for employment with KaneComm has been contracted in the past, with the most recent test administered in 2008. Since 2009, all new employees have had experience and been hired from other communications centers. In May of 2013, Director Sauer hired three telecommunicators from Montgomery Dispatch due to the agency's closing. One of our future goals is to find an appropriate testing application system and keep a list of potential candidates. KaneComm has listed job openings requesting telecommunicators with experience internally on the county website as well as on the following public safety websites:

**KANE COUNTY DEPARTMENT OF EMPLOYMENT AND EDUCATION
2012 & 2013 Equal Opportunity Plan Update
July 1, 2011 through June 30, 2013**

A comparison of the Kane County Department of Employment and Education's workforce to the community labor statistics for Kane County indicates under utilization White, Black, Hispanic, American Indian, Asian or Pacific males.

After reviewing the results of the utilization analysis, the Department has identified the need to actively recruit more males for administrative and professional positions. The Department will make every effort to hire qualified males for open positions. Traditionally, more females apply for these jobs rather than qualified males.

It has long been recognized that recruitment and hiring of males for any available positions is difficult. The majority of the males the Department has employed aspire to gain experience with the Department and then move on to other opportunities. These positions are viewed as "social service" positions which make retention of these individuals challenging. Different marketing techniques will be utilized to introduce qualified males to the field.

OBJECTIVE

The Kane County Department of Employment and Education is committed to continuing to make its workforce profiles reflect the available labor force in the community. The Department will make every effort to recruit qualified males from career fairs, advertisements, job postings and from our Workforce Investment Act registrants.

REPORTS

As mandated by the U.S. Department of Labor, the following information has been updated for the reporting period of 7/1/2011 through 6/30/2013.

1. There has been one instance of employee disciplinary action performed in PY11 and FY12 by means of a written and oral reprimand during the reporting period.

Fiscal Year	Race	Sex
FY12	Hispanic	Male
FY13	Hispanic	Male

2. There have been two promotional opportunities during the reporting period. Two females were promoted from a professional position to an administrative position.

Fiscal Year	Race	Sex
FY12	White	Female
FY13	White	Female

3. The Department follows the employment policies and hiring practices set forth by Kane County and all job applicants must complete the Kane County employment application. Applicants are selected for interview by selecting the best qualified participants from resumes and Kane County applications that were submitted for review. After the interview process and reference checks are completed the best qualified applicant is selected for employment.

2. *The number of employees in each job category by race, sex, and national origin who made application for promotion or transfer within the preceding fiscal year (FY 12 and FY 13) and the number in each job category by race, sex, and national origin who were promoted or transferred.*

There were no promotions or transfers requested.

3. *A detailed narrative statement setting forth your office/department's existing employment policies and practices as defined in 42.202(c). So, for example, where testing is used in the employment selection process, it is not sufficient for the office/department to simply note the fact. The office/department should identify the test, describe the procedures followed in the administering and scoring the test, state what weight is given to test scores, how a cut-off score is established and whether the test has been validated to predict or measure job performance and, if so, a detailed description of the validation study. Similarly detailed responses are required with respect to other employment policies, procedures, and practices used by the applicant.*

The County Assessment Office did not use testing to analyze personnel for hiring or promotions during the period in question.

Job postings for the Supervisor of Assessments Office: in publications and /or websites utilized by Kane County Human Resource Management.

Please advise if you require anything further on this topic.

KANE COUNTY DIVISION OF TRANSPORTATION 2013 UTILIZATION ANALYSIS NARRATIVE

A comparison of the Kane County Division of Transportation (KDOT) workforce to the Community Labor Statistics (CLS) for Kane County is described in the following paragraphs. Analysis is presented based on Gender/Race-National Origin classification as well as within each job group. For KDOT, there are 5 applicable job group categories:

- 01 Officials/Executive
- 02 Professionals
- 03 Technicians
- 06 Office/Clerical
- 07 Skilled Craft

EXECUTIVE SUMMARY

Considering the categories within the Occupational Crosswalk, this results in 50 possible combinations (5 job groups x 2 genders x 5 races/national origins = 50 combinations). Of these combinations, **32 of 50 are considered within range** (defined as -3% or better compared to the applicable CLS statistic for Kane County).

The remaining 18 combinations are areas where the job group category is -3% (or further) compared to the applicable CLS statistic. These categories are addressed in the narrative below; however, **given the extremely small sample sizes, there are limitations to the interpretation of this data**. In all of the job group categories, a change of gender/race-national origin for single employee position can dramatically affect the utilization percentage.

Utilization percentages show several **patterns that warrant continued attention**. In particular:

- White males are generally over-represented for all job group categories.
- Hispanic males are under-represented in all job group categories.
- Females (regardless of Race-National Origin) are under-represented in several of the more technical job group categories: Officials/Executive, Professionals, and Technicians.

For Kane County, the CLS statistics for Asian/Pacific Islander and American Indian/Native Alaskan regardless of gender are very low numbers (less than 2%) in all job group categories. As a result, even though there are no KDOT employees in either category, the utilization percentages are all within 3%. Therefore, the **utilization percentage cannot be the only guide when reviewing equal employment goals**.

KDOT administers several seasonal employment programs that provide on-the-job training and experience in several job group categories. Therefore, **in addressing the areas of concern identified in the utilization analysis, special attention should be paid to these seasonal employment programs**.

ANALYSIS BY GENDER/RACE-NATIONAL ORIGIN

Male Gender by Race and National Origin

- White males are over-represented for all job group categories except Office/Clerical.
- Hispanic males are under-represented in all job group categories.
- Black males are generally within range for all jobs group categories except Technicians (within 3%). Black males are actually slightly over-represented in the Skilled Craft job group. Interestingly, there is only one Black male in this category, but this is enough to exceed the applicable CLS statistic.
- Currently, the CLS statistics for Asian/Pacific Islander males and American Indian/Native Alaskan males are low numbers (less than 2%) in each job group category. While there are no employees in this cross-category, neither of these would be considered “out of range” using -3% or greater as the comparison.

Female Gender by Race and National Origin

- White females are under-represented in the more technical job group categories: Officials/Executive, Professionals, and Technicians, but over-represented in the Office/Clerical category.
 - Black females are generally under-represented in all job group categories. However, all categories are within 4.0% of the CLS statistic.
 - Hispanic females are under-represented in all job group categories. The largest disparity is within the Office/Clerical job group at -12.5%.
 - Currently, the CLS statistics for Asian/Pacific Islander females and American Indian/Native Alaskan females are low numbers (less than 3%) in each job group category. While there are no employees in this cross-category, neither of these would be considered “out of range” using -3% or greater as the comparison.

ANALYSIS BY JOB GROUP CATEGORY

01 Officials/Executive

Officials/Executive job group, there is only one individual. This individual is currently a White male (i.e., White males constitute 100% of this job class). Therefore, several other CLS statistics are automatically out of range: Hispanic males (-4.6%) and White females (-30.8%). KDOT tends to promote from within, so these statistics may shift in the future; there are qualified women and minorities within the Professionals job group, which is the most likely pool of internal candidates. The County may consider this as future appointments are made.

02 Professionals

Professional positions within the department are technical in nature and generally require a Civil Engineering Bachelors Degree, and may require licensure by the State of Illinois. Over half of the professional positions are in Civil Engineering and all are presently filled with white males. White female enrollment in the engineering field is dramatically lower than that of their male counterparts, hindering recruiting efforts. According to the National Science Foundation only 17.9 % of the undergraduate engineering students were female in 2009. That is down from 19.8% in 1999. There is a continuing shortfall in women entering this field. There are currently 19 employees in this job group, so a single individual represents 5.3% of the job group and a single change has a significant bearing on future statistics.

03 Technicians

White males are over-represented in this job group, while white, and Hispanic females are each more than -3% out of range. These positions are typically filled by persons without engineering degrees who are performing engineering-related work. Often, these positions are filled internally, by non-degreed persons with applicable experience. Thus the race/gender makeup of this group is more reflective of the past makeup within the Department. The Department recognizes the need to actively recruit more females and minorities into the Technicians job group. There are only 7 employees in this group, so a single individual represents 14.3% of the job group and a single change can have a dramatic effect on future statistics.

06 Office/Clerical

White males and Hispanic males are under-represented in this job group. Black females and Hispanic females are also under-represented. Meanwhile, White females are over-represented. There are currently 6 employees in this job class, so a change of one or two individuals will have a dramatic effect on the statistics. The Department recognizes the particular need to actively recruit more males and minority females into the Administrative Support job group as permanent positions become available.

07 Skilled Craft

In general, males are over-represented in this job group. However, Hispanic males are under-represented. This group is made up of Highway Maintainers and Vehicle/Equipment Mechanics along with their Supervisors. These personnel carry a Commercial Drivers License (CDL) and are called on to drive snow plow trucks during the winter months and may be called on to mow grass during the summer months. The Department recognizes the need to actively recruit more Hispanic males into the Skilled Craft job group. There are currently 32 employees in this job

class. The turnover in this group is fairly low; therefore, a more long-term view of recruiting goals is appropriate here.

Report 3: Employment Policies and Practices

Employment practices depend on the job class group in question. For this purpose, KDOT can be effectively divided into two broader groupings:

- Maintenance staff including job class category 07. Most of these positions are governed by a collective bargaining agreement which includes promotional testing. This is described in more detail below.
- Administrative, Professional and Technical staff: including job class categories 01, 02, 03, and 06 above. These positions typically require specialized training or experience; employment practices are described below.

Promotions

Consistent with County policy, KDOT prefers to promote from within when possible. Therefore all vacancies to be filled are posted internally (within the Department) and on the Kane County website through the Department of Human Resource Management. Most vacancies are filled in this manner.

Promotions within the Maintenance section are generally governed by the collective bargaining agreement. The contract describes a tiered promotion system where a new-hire is hired in at an entry level position (either Mechanic I or Highway Maintainer I). These persons can achieve two promotions (to level II or III) by taking skill tests offered at reasonable intervals (6 months or more).

Mechanic II requires 5 years experience in automotive or truck repair/maintenance and ASE certification in Medium/Heavy Truck air brakes. The ASE certification includes the relevant testing and is typically conducted by a third party (such as Waubensee Community College). ASE is the nationally recognized authority on automotive maintenance/repair and certification is the best indicator of proficiency.

Mechanic III meets all the same experiential requirements as a Mechanic II, but also must achieve certification as ASE Master Medium/Heavy Truck Technician. The ASE certification includes the relevant testing and is typically conducted by a third party (such as Waubensee Community College). ASE is the nationally recognized authority on automotive maintenance/repair and certification is the best indicator of proficiency.

Highway Maintainers can achieve promotion to Highway Maintainer II or III by taking a series of tests administered by a third party (such as VISTA Training, Inc.) These are tests on skills that are applicable to the position: on Work Zone Safety, Wheel Loader Operation, Backhoe Operation, Motor Grader Operation, Tree-Felling, and Sign Installation. Proficiency on the exams determines the level to which the applicant will be promoted.

Within the bargaining agreement, there are also union “crew leader” positions called Tech I. These positions do not require specific testing, as they are a “quasi-management” position. When vacancies arise, these positions are posted and interviews are conducted. Since its inception in 2000, all of these positions have been filled internally within the Department.

Administrative/Professional/Technical employees are typically promoted through an interview process. When vacancies exist, they are posted internally and on the Kane County website. Depending on the position and the pool of qualified candidates, the Department may also advertise the position in professional publications, trade magazines, and other outlets (see “Advertising” below). This is more common in the Engineering and Planning positions, which require more specialized qualifications. Management supervisors within the Maintenance section are also selected using an interview process, but are almost exclusively promoted from within the ranks.

Seasonal Employment Programs

There are several unique seasonal employment programs that KDOT maintains: the Engineering Cooperative Education program (co-op), and the Seasonal Maintenance Workers (Snowbirds/Summerbirds). In each program, seasonal workers are hired to assist full-time staff. In a sense, this is a training program: workers who gain experience at KDOT will be uniquely qualified to perform those duties if future full-time opportunities arise. Assuming they

performed well, former co-ops would be ideal candidates for entry-level Professional positions, while former Snowbirds or Summerbirds would be ideal candidates for the Skilled Craft positions. Therefore, in addressing the areas of concern identified in the Utilization Analysis discussion, special attention should be paid to these seasonal employment programs.

ADVERTISING & JOB POSTING

For the maintenance section (Skilled Craft) positions, posting the vacancy on the County Website has been sufficient to generate a large enough pool of qualified candidates. Historically, very little “outside” advertising has been done for these positions.

For Professional/Technical/Administrative positions, KDOT has relied on outside advertising outlets when the pool of qualified internal candidates was deemed to be insufficient. Obviously, this depends on the particular vacancy and the level of experience and qualifications desired. In general, the Engineering and Planning positions require a more specialized outreach. In contrast, the majority of Administrative positions are filled internally (Kane County website), however KDOT has also (infrequently) advertised in local newspapers for Administrative positions.

KDOT has used a variety of professional publications, technical societies, industry associations, and similar agencies for this type of recruiting in the past. Relevant examples include:

Utilization Analysis Narrative

A comparison of the Office of the Kane County Auditor to the Community Labor Statistics in the job category of Officials/Executive shows over-utilization of white males in this category (+45.5%). White males (100.0%) represent the only utilized group of employees in this category. The job category of Office/Clerical shows an over-utilization of white females in this category (+57.5%). White females (100%) represent the only utilized group of employees in this category.

The Office of the County Auditor includes only two employees. Due to that relatively small sample size the comparisons are rendered less meaningful than would otherwise be indicated by the statistical variances.

Objectives

A conscious effort will be made to consider all genders/races for vacant positions. Posting of vacancies will continue in-house on bulletin boards and on the county's intranet, on the county's website, and in local newspapers such as the Kane County Chronicle, Beacon News or the Daily Herald. Recruitment efforts will utilize language reflective of the fact that the Office of the Kane County Auditor does not discriminate in terms of gender or race. Department employees will continue to be encouraged to pursue educational training to develop and enhance personal job skills to prepare them for supplemental and new job tasks.

Disciplinary Actions – None

Promotions/Transfers

On two occasions, one in the 2012 reporting period and one in the 2013 reporting period, an employee of the Office of the Kane County Auditor transferred to another department within the County. In each case a replacement was hired from outside the County. The application forms used were prepared by the Kane County Human Resources Department, and published as per the Employment Practices described below.

Employment Practices

When seeking Officials/Executive, Professionals, or Office/Clerical staff, the Office of the Kane County Auditor utilizes the Employment application forms prepared by the Kane County Human Resources Department (HRD) and asks for assistance from the HRD in placing newspaper ads and in screening applications. Office/Clerical testing has not, to date, been requested. Job Performance evaluations are done annually, or if necessary, on a more frequent basis when required. The Office of the Kane County Auditor utilizes all other applicable forms as prepared by the Human Resources Department that relate to employees and job performance.

Part 3

The main assignments for the Deputy Clerk Office/Clerical positions in the Circuit Clerk's Office compasses around a high volume of work ranging from data entry, filing of records, scanning, working w/the public, court personnel, etc., processing payments, and many other daily office duties.

When hiring for these positions a number and name perception matching test is administered. E.F. Wonderlic and Associates, Inc validate these tests. The applicants have four (4) minutes in which to complete each test working as fast as they can without making mistakes. High scores on these tests indicate an ability to work with numbers rapidly and completing accurate work. While low scores indicate either a difficulty in quickly recognizing the differences in number pairs, or a carelessness that would produce error-prone work. While majority (60 – 70%) of the hiring decision is based on the interview questions with each applicant and how they answer the interview questions and present themselves, the tests results represent approx. 30-40% of the hiring decision. Two other tests we have each applicant complete, is an addition and subtraction test. No calculator is used for these two tests. The Circuit Clerk's Office has obtained questions asked in the interview process in researching the contents from the edition of "Hiring the Best" book by Bob Adams, Inc.

When hiring for any of the professional area's (Managers, Supervisors, etc.) additional interview questions are added which have also been obtained from the book "Hiring the Best". Depending on the management position we are interviewing for, additional items could be expected from the applicant(s). I.E. If the open position is for a Supervisor, one of the assignments could be to complete a discipline write-up for an employee having an attendance problem.

Circuit Clerk's Office

Part 4 – Utilization Analysis Narrative and Goals Objectives to Achieve

In the Office/Clerical, Officials/Executive and Professional area categories, the results indicate underutilization of males.

In the Official/Executive category, the results indicate underutilization in white males, which is listed as -54.5% and in the Professional area listed as -36.7%. In both of these areas the employees in these categories have been with the Circuit Clerk's Office for 18 to 20 plus years. No turnover has taken place in these positions.

In the Office/Clerical area as the underutilization of males is -17.80%, most clerical applicants are woman. However, this has improved in the past years.

The Circuit Clerk's Office is located on a very busy highway and the flow of applications being handed in from applicants remains high. Additional applications when needed are obtained from the County's H.R. Dept.

The following will be used by the Circuit Clerk's Human Resource Officer to address the underutilization as stated above:

- ** Obtain additional applications from the County's H.R. Dept. when needed.
- ** Begin posting of all job openings on the county website when needed.
- ** Seek new methods to recruit male employees (I.e. community colleges in the area or other organizations that reach the target population, etc.)
- ** Check into future career job fairs in the area and attend as needed
- ** Our office presently offers and will continue to offer employees the opportunity to attend classes, seminars, etc. to gain knowledge for future advancement or to improve their skills when needed for their present position.

Our Office continues to post the proper EEOC posters, etc. in view for all employees to review.

Utilization Analysis Narrative:

This office is aware of the under representation of males within the Coroner's office. Of the number of applications received, a small number are actually from male applicants. All applications are reviewed, regardless of gender.

When a position becomes available in the Coroner's office and the county had given their approval to hire a new employee, this office makes every effort to assure that all applicants, regardless of gender, race or national origin, are given the same opportunity and consideration for any/all positions available through our office.

Objectives:

The Coroner will interview all qualified applicants with the commitment to make the workforce population in the Coroner's office more accurately reflect the community's population. All qualified applicants will be afforded the opportunity to be interviewed at such time when a vacancy occurs or additional job openings are created and approved by the county.

Disciplinary Action:

F/W received a written warning February, 2013.

Promotions or Transfers:

On 2/14/2013, an employee (administrative staff/white/female) was transferred to another department within the county.

Employment Policies & Practices:

All applicants are requested to submit their resumes (in writing) to the Coroner, the resumes are then reviewed at the time of receipt. If an opening exists and approval has been obtained from the county to hire an employee, the applicant is contacted and asked to complete a county job application through the Human Resources Department, and asked to come in for an interview. At this time the job description is thoroughly discussed for the specific position desired.

There are no tests or examinations given as part of this office's employment policies and/or practices to any of the applicants.

The Coroner's Office has not posted any job openings in any publications.

KANE COUNTY BOARD OFFICE

UTILIZATION ANALYSIS

July 1, 2011 - June 30, 2012 & July 1, 2012 - June 30, 2013

Utilization Analysis Narrative

A comparison of the Kane County Board Office to the Community Labor Statistics in the area of Office/Clerical shows under-utilization of white males in this category (-27.6%). White females (57.5%) represent the largest utilized group of employees in this category. Black females (-4%) and Hispanic females (-12.5%) are poorly utilized as are other female minorities.

The County Board Office recognizes the need to actively recruit more males and minority groups for Office/Clerical positions as they occur. Recent openings (one in December 2012 & one in February 2013) were filled internally with transfers from other offices.

Objectives

A conscious effort will be made to consider all genders/races for vacant positions. Posting of vacancies will continue in-house on bulletin boards and on the county's intranet, on the county's website, and in local newspapers such as the Kane County Chronicle, Beacon News or the Daily Herald. Recruitment efforts will utilize language reflective of the fact that the County Board Office does not discriminate in terms of gender or race. Department employees will continue to be encouraged to pursue educational training to develop and enhance personal job skills to prepare them for supplemental and new job tasks.

Disciplinary Actions – None

Promotions/Transfers – None

Employment Practices

When seeking Office/Clerical staff, the County Board Office utilizes the Employment application forms prepared by the Kane County Human Resources Department (HRD) and asks for assistance from the HRD in placing newspaper ads and in screening applications. Office/Clerical testing has not, to date, been requested. Job Performance evaluations are done annually, or if necessary, on a more frequent basis when required. The County Board Office utilizes all other forms as prepared by the Human Resources Department that relate to employees and job performance.

2. There were no applications for job transfer in the preceding fiscal year, 2013.

STEP 4b: NARRATIVE UTILIZATION ANALYSIS -- In the space provided below, please analyze the figures obtained for Step 4a -- the Utilization Chart -- by pointing out specific areas of concern.

A comparison of Court Services' workforce to the Community Labor Statistics for Kane County for official/executive category indicates underutilization of males in all categories and underutilization in the female categories with the exception of white females which shows a 19.2% and black females which shows a 11.3% over utilization. There are only eight (8) positions in this category with 3 male whites and 4 female whites and one black female.

The professional category shows underutilization of White males (-10.12 %) and Asian/Pac. Islander males (-3.6%) This has increased slightly from the previous plan. This has been a historical problem for Court Services, but it is one that if it were to be "fixed", the result may be more damaging in the ability to service the population. Female staff do not show a significant either underutilization or overutilization in any of the categories. The Department has done well in the recruitment of minorities for the professional category, and the statistics bear out that there has been success in this area. The effort to recruit minorities, particularly bilingual staff, has been done in an effort to better service the population we serve. It is recognized that there is overrepresentation of minority populations within the criminal justice system. By actively recruiting minority staff who can serve as role models to the offenders we serve and by hiring staff with which the offenders we serve can communicate, we are enhancing our ability to help reduce recidivism. So, despite the underrepresentation of white males, active recruitment of additional white males is not a goal we will actively pursue.

In the office/clerical category, males are underutilized in every racial category, with the largest discrepancy applying to White males (-27.6%) and Hispanic males (-8%). At present, 100% of the clerical staff throughout the Department is female. The starting pay for this position is on the bottom end of the Department's pay scale, and while longevity in the positions will result in gradual increases, males do not appear to be drawn to the type of work required.

In the services/maintenance category, males and non-white females continue to be underutilized, with Hispanic males and females showing the most significant underutilization (-33.4% and -19.2%, respectively.) It is unknown when a position will be open within this group so that opportunity is provided to improve in this area.

After reviewing the results of the underutilization analysis, it appears that the Department continues to have difficulties recruiting males for the professional, clerical, and service categories. The Department strives to promote individuals from within, and it is likely that the underutilization of minorities and women in upper management could resolve based upon the makeup of the professional workforce from which these positions are drawn.

STEP 5: OBJECTIVES -- In the space provided below, please summarize the objectives your EEOP sets forth to address any underutilization identified in Step 4.

Court Services is committed to making its workforce profiles more closely reflect the available labor force in the community. The Department also recognizes the issue of overrepresentation of minorities in the criminal justice system, and recruitment of minority staff is advantageous in the establishment of solid working relationships between the probation officers and the offenders with whom they work. Based upon the results of the underutilization analysis, Court Services has established the following objectives:

- The Department will continue to attempt to recruit more male staff for professional positions, regardless of the race of the individual, in order to provide male role models for the population we serve, which remains primarily male. If this results in an increase in white male staff to reduce the underrepresentation of white males, then this will be a positive outcome from the perspective of community representation. However, we need to continue to be cognizant of the racial makeup of the population we currently serve, with the hope that efforts to reduce disproportionate minority representation in the criminal justice system will meet with success.
- Over the next year, positions in upper management will be open. Court Services will endeavor to promote females and minorities to upper management positions. At present, there are two male Hispanic supervisor and three Black female supervisors and one Female Asian in the Department, making 40% of the supervisory staff minority. In addition, seven of the supervisors in the Department are female, and several of these have potential for promotion to upper management. (Supervisory staff are classified with professional staff, thus diluting the impact of this representation.)
- Court Services will strongly consider any male applicants for clerical and service positions. Networking with staff from local vocational programs may aid us in improving these numbers.

STEP 6: STEPS TO ACHIEVE OBJECTIVES -- In the space provided below, please briefly describe the specific steps you have determined will enable you to meet the objectives presented in Step 5.

The following steps will be taken to address the underutilization of males in professional, clerical, and service categories and minorities in the service and professional categories:

- Continue to attend career fairs at local universities as well as network with University Department Heads to encourage referral of appropriate students to our Department for internship and employment opportunities. Continue to provide job postings to other universities well as community colleges for clerical and service positions. In addition, insure that postings reach any local programs offering vocational skills in the areas of cooking and clerical duties.
- Review recruitment and retention efforts and apply information derived from exit interviews in an effort to improve retention.
- Continue to post all openings on the county website.
- Provide opportunities for management training to supervisory level personnel to develop future managers and improve diversity in the management group.
- Continue to interact with community-based organizations serving primarily minority populations (LULAC, Urban League) and campaign for referrals of qualified individuals for hiring.
- Provide job postings to organizations that reach the target population.

STEP 7: DISSEMINATION --In the space provided below, please summarize your plan to disseminate the EEOP.

- We will continue to include the statement "EEO Employer/Program Auxiliary aids are available to individuals with disabilities upon request" on all job postings and notification will be provided as to where applicants for positions can obtain a copy of the plan.
- The EEOP will be posted on the Department's "Public Documents" directory, which is available to all current employees of the Department, and supervisors will notify staff of the location and purpose of the plan.
- All new employees will be provided with information on the EEOP during orientation
- The EEOP will be posted prominently on bulletin boards in each unit of the Department.

- The Director of Human Resources for Kane County will be provided with the plan for dissemination to any interested parties.

Step 8: Job Postings

Job openings are posted on the Kane County Internet website, are posted in all of the Court Services offices in the 16th Judicial Circuit and at the Government Center in Kane County. Job postings are also sent to DeKalb, Kendall and DuPage County probation departments. In addition, job openings are sent to the following Universities web sites, Aurora University, Western Illinois University, Justin College, University of Chicago, University of Illinois (Chicago) Judson College, University of Illinois and Wheaton College.

It is the Regional Superintendent's policy to provide equal employment opportunity to all applicants and employees without regard to race, color, creed, religion, sex, age, national origin, ancestry, physical or mental handicap or disability, marital status, military status, or veteran status. This policy applies to all aspects of employment, including, but not limited to, selection, promotions, compensation, assignments, benefits, training and termination. To the extent required by receipt of grant funds or other laws, any employment or discrimination policy required to be adopted by such grant agreement or law is hereby adopted by reference as if fully set forth herein.

The Regional Superintendent is committed to employing only United States citizens and aliens who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin. In compliance with the Immigration Reform and Control Act of 1986, and as a condition of employment, each new employee must properly complete the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility. Before commencing work, newly rehired employees must also complete the form if they have not previously filed an I-9 with this office or if their previously completed I-9 is more than 3 years old.

It is the Regional Superintendent policy that no qualified individual with a disability shall be discriminated against because of such disability in regard to job application procedures, hiring or discharge, compensation, advancement opportunities, training, or any other term or condition of employment. A disability is defined as: (1) a physical or mental impairment that substantially limits one or more major life activities of an individual; (2) a record of such impairment; or (3) being regarded as having such impairment.

A qualified individual with a disability is one who, with or without reasonable accommodation, can perform the essential functions of the job such person holds or desires. Any qualified employee or applicant who believes that he or she has been discriminated against because of a disability should promptly report the complaint to a Manager or the Associate Superintendent. Complaints of discrimination on the basis of disability will be promptly investigated.

2013 Labor Analysis

Kane County Sheriff Patrick B. Perez
04/29/14

The Kane County Sheriff's Office is made up of seven (7) job group categories for the purposes of the 2013 EEO Utilization Analysis. These seven separate categories make up both the sworn and non-sworn protective services employees along with the Office's civilian work force.

An overview of the Office's Utilization Analysis indicates that there were only minor changes to the Office's workforce composition from 2012. Elected officials are not included in the reporting statistics, so the Sheriff is not included in this analysis. (He is however still included in the "Police Department breakdown" section of the report.)

The Officials/Executive and Professionals categories are dominated by male whites, who represent nearly the entire work force percentage. Since the Officials/Executive Category includes only the Director of Court Security and Commander of Corrections it is 100% male white, leading to underrepresentation in all the other male and female categories. The Professionals category (02) is mainly represented by a male white workforce at 70.60%, but that represent a decrease from 2012 of over 5.87% (from 76.47% to 70.60%), bringing the Utilization % closer to the CLS. The percentages of male blacks in the same categories exceed the CLS percentages by 4.38 %. Female whites are still under-represented in both categories; however the Utilization % showed a positive increase of 5.87% to -22.38%

The Office Clerical Job group is dominated by female employees, with white females making up over 81% of the workforce, and is nearly unchanged from 2012. Female blacks are underrepresented by 4% while the female Hispanic representation fell in line with the CLS% at 12.5%. Males are underrepresented in this group by about 32%. These representations are expected in that the clerical assignments have been typically filled by female employees.

The skilled craft and SVCS/maintenance are heavily male dominated groups. Each of these job groups contains an underrepresentation of females for every race. The categories currently contain only three (3) individuals, all male whites, making up 100% of the workforce.

Male whites still dominate the Sworn Protective Services workforce group, with a total Work force percentage of 68.70%, an over-representation of nearly 10%. Male Blacks are under-represented by 2.05%, Male Hispanic by 4.11%, Female Black by 2.2% and Female Hispanic by 4.1%. The category of Male Asian/Pacific Islander showed an over-representation of .28%, and Female White by 2.48%, all the same as 2012.

Males again dominate the Non-Sworn Protective Services group, however they are still under-represented by nearly 19%, while Male Black representation again was 33.33% (CLS is 0%), and Male Hispanic representation remained unchanged at 16.6% (CLS is 0%). Females however continue to be under-represented across the board, with white females being the most underrepresented by 23% and Female Hispanics by 8.4%. These figures are unchanged from 2012.

The Sheriff's Office continues to have variances in its workforce compared to the CLS, however past (and continuing) efforts by the Office at more targeted recruiting, advertising and hiring reveal trends bringing the Office more in line with CLS.

The following pages contain the requested information on the procedures used in selecting candidates for hire; and the breakdown of discipline, transfer and promotion. It is important to understand the two

hiring dynamics the Sheriff must adhere to. For civilian positions the Sheriff follows a more traditional process of interviewing and selecting candidates for hire. For Sworn Peace Officers and Corrections Officers the Sheriff must follow the Sheriff's Merit Commission Act (55ILCS5/3-8000). This act requires the Sheriff's Merit Commission to conduct pre-employment testing in order to establish an eligibility list the Sheriff must hire from.

RECRUITING SUMMARY

In January of 2007 Sheriff Perez began a recruiting initiative for the Kane County Sheriff's Office to broaden the scope of potential candidates reached. Unfortunately budget cutbacks have significantly curtailed attendance at recruitment and job fairs in recent years; however online recruiting efforts have continued to expand and evolve as the media changes and expands. The following is a list of job fairs attended by members of the Office in 2013:

- Rasmussen College

Advertising of openings for deputy and corrections officer positions are handled through the Sheriff's Merit Commission in cooperation with the Sheriffs' Office. The two entities have partnered in a collaborative effort to help recruit the highest quality candidates. The following list is a sample of where openings or test dates are advertised:

- Kane County Chronicle
- Courier News
- Beacon News
- Theblueline.com
- Corrections.com
- Militaryhire.com
- Illinois Department of Employment services
- County of Kane Human Resources Department
- Sheriffs' Office website
- Recruitment is also available at the National Night Out events hosted by the Sheriff's Office, as well as the Citizen's Police Academy

Pre-employment and Promotional Testing Procedure

The Kane County Sheriff's Office has both civilian and Merit Commission employees. The hiring of Merit Commission employees is governed by the Sheriff Merit Commission rules. Civilian employees are not covered by those rules; however pre-employment background investigations are conducted on these candidates according to Sheriff's Office Operational Procedure OP-02-06 "Pre-employment Background Investigation". This policy is attached to the document as an addendum.

The Kane County Sheriff's Merit Commission is responsible for establishing an eligibility list for the positions of peace officer deputy and corrections officer. For both these positions the Merit Commission conducts a series of pre-employment tests that include:

- Orientation
- Written exam

- Physical agility test
- Oral interview

The following information has been provided directly from the Kane County Merit Commission:

Both hiring testing and promotional testing are done for the Commission by Resource Management Associates, 17037 Oak Park Ave., Suite 33, Tinley Park, Illinois 60477-2794. They have conducted this testing for the Commission for at least the last fifteen (15) years.

The exams are scored at the exam site the night of the exam by a representative of Resource Management Associates.

The promotional testing is broken down in the following way

- Written score 70%
- Oral Interview 20%
- Seniority 10%

The above scores are added together and then divided by three (3). A composite of 70% must be attained to be placed on the promotional list. Once the promotional list is established, it is sent to the Sheriff and a copy placed in the Merit Commission Office. Each person who is on the promotional list receives a letter from the Commission with their final score.

This is all in the Commission Rules & Regulations, and each member of the Sheriff's Office who are covered by the Merit Commission are given a copy when they are hired.

Whenever there is a change to the Commission Rules & Regulations, a copy is sent to each member of the Sheriff's Office along with a form they are required to sign and return to the Merit Commission acknowledging receipt of the new rule or regulation. The form is then placed in the deputy or correction officer personnel file in the Merit Commission Office.

Resource Management does the written exam for the hiring of both the Corrections Officers and Deputies. Again, exams are scored at the exam site by representative of Resource Management and a written score of 70% is required for both deputy and corrections officer. This is stated in the rules and regulations.

If the applicant passes the written test, they move onto the physical ability exam. The exam is conducted at Waubensee Community College or Marmion Academy by WCC Athletic Director David Randall. He uses the State of Illinois P.O.W.E.R. test. Those testing for deputy are required by the State of Illinois to attain the minimum on all four parts of the P.O.W.E.R. Test and are given a numerical score. Failure to attain the minimum standard results in the deputy applicant being dropped. Corrections officer applicants must attain a minimum score of 70% to pass.

Corrections officer candidates receive 17.5 points for reaching the minimum standard on each part of the P.O.W.E.R. test. If they do less than the minimum, they receive fewer points; if they do more than the minimum, they receive more points. After completing the four parts of the test, their score is added up and must total at least 70 points to continue in the process. (Currently the Commission is in the process

of making the P.O .W.E.R. test for both deputy and correction office strictly pass/fail and no longer assigning a numerical score.)

If the applicant passes the physical ability test, they are then scheduled for an oral interview before the Commission. They receive a numerical score for this phase also.

The written score, physical ability score, and oral interview scores are then added together and divided by three (3) resulting in the applicant's final score. The eligibility list is sent to the Sheriff and also posted in the Merit Commission Office. Each applicant also receives a letter telling them their final score. Because Merit Commission rules state the Sheriff may choose anyone on the eligibility list, the applicants are listed in alphabetical order.

Currently the Merit Commission does not do a breakdown of applicants by race, sex or national origin.

Upon completion of the testing procedure the commission creates an eligibility list. Once they certify the list, it is sent to the Sheriff. It is the Sheriff's discretion to select any candidates from the list to proceed in the hiring process.

Once a candidate is chosen from the eligibility list the hiring process outlined in Sheriff's Office Operational Procedure, OP-02-06 Pre-employment Background Investigation is followed. Candidates are given a conditional offer of employment are subjected to the following:

- Polygraph exam
 - This is a pass or fail exam administered by a licensed polygraph examiner. A failure on this exam alone is not grounds for removal of consideration from the hiring process; however if deception is indicated background investigators will use that information to focus their investigation.
- Psychological exam is a pass fail test and includes the following parts:
 - Wonderlic Personnel Test
 - Minnesota Multi-phasic Personality Inventory-2
 - Substance Abuse Subtle Screening Inventory-3
 - Inwald Personality Inventory
 - Clinical Interview conducted by a mental health clinician under the direction of a Clinical Psychologist
 - Symptom Checklist 90-R
- In-depth background investigation results are reviewed to determine the candidate suitability for hire. Any detection of untruthfulness will automatically disqualify a candidate. Candidates are also disqualified if they have felony convictions or misdemeanor conviction of crimes such as domestic battery or theft.
- Medical exam to determine if the person can meet the essential functions of the job description
- 10 panel Drug screen; this is pass / fail
- Final interview with Sheriff

PROMOTIONS

Regarding the number of employees who made application for promotion in 2013 the Sheriff's Office does not keep on file the name, race, sex or national origin of those who are making application for promotion. The Sheriff's Merit Commission administers the promotional testing procedure and they have informed the Sheriff's Office that they do not have the information regarding those making application for promotion in 2013. They have provided the final eligibility lists for promotion. The following table reflects the information regarding actual promotions in each category.

TRANSFERS

The below table reflects the information on transfers. During 2013 the Sheriff's Office did not retain information on requests for transfer. In compliance with the various Collective Bargaining Agreements

the Sheriff's Office posts various openings as they occur through the year. Employees are required to submit a document declaring their interest in the vacant positions. After a period of 10 days passes the Sheriff makes his decision to fill the opening. The information below only contains statistics on those transferred; not those requesting a transfer to different job assignments.

Due to the different collective bargaining agreements in place for Sheriff Department personnel oral reprimands are not an option for all employees. According to the collective bargaining agreements the Sheriff follows a corrective and progressive disciplinary matrix. The chart lists discipline from the lowest formal level of oral reprimand to the highest, letter of termination.

POLICE DEPARTMENT BREAKDOWN

The below table is the required information for police departments. It is important to note the Kane County Sheriff's Office does not fit the typical definition of a police department. Besides being the

primary 911 responder in the unincorporated areas of Kane County, the Sheriff runs the county jail and is required to serve all court papers in the county. The Sheriff is also required to provide security in all courtrooms in the county. In an effort to fit the rank structure for the analysis the job categories have been changed to reflect those used by the Sheriff of Kane County. Dear Ms. Brown,

Listed below are my responses to the requested information in relation to the Equal Employment Opportunity Plan.

David J. Rickert, CPA
Treasurer of Kane County

Interpretation of the utilization analysis, pointing out areas of concern:

The Kane County Treasurer's office believes that current employment practices have provided a diverse mix of qualified employees representing both genders as well as a mix of Caucasian and minority applicants.

1. *The number of disciplinary actions taken against employees by race, sex, and national origin within the preceding fiscal year (FY 12 and FY13). Please include the number and types of sanctions imposed (suspension indefinitely, suspension for a term, loss of pay, written reprimand, oral reprimand, other) against individuals by race, sex and national origin.*

One female Caucasian was fired for failure to follow office guidelines.

2. *The number of employees in each job category by race, sex, and national origin who made application for promotion or transfer within the preceding fiscal year (FY 12 and FY13) and the number in each job category by race, sex, and national origin who were promoted or transferred.*

One female Caucasian was promoted to Director of Financial Operations
One Male Hispanic was promoted to Staff Accountant

3. *A detailed narrative statement setting forth your office/department's existing employment policies and practices as defined in 42.202(c). So, for example, where testing is used in the employment selection process, it is not sufficient for the office/department to simply note the fact. The office/department should identify the test, describe the procedures followed in the administering and scoring the test, state what weight is given to test scores, how a cut-off score is established and whether the test has been validated to predict or measure job performance and, if so, a detailed description of the validation study. Similarly detailed responses are required with respect to other employment policies, procedures, and practices used by the applicant.*

Positions for employment are advertised by the Kane County Human Resources Department. Initial screening of applicant suitability is first performed by Kane County Human Resources Department. A list of acceptable applicants is then forwarded to the Treasurer for review. Treasurer then conducts interviews of applicants with the assistance of Chief Deputy. Chief Deputy and Treasurer evaluate applicants based on job experience, interview skills and suitability for position in question. Once an applicant is selected Kane County Human Resources Department is notified of new hire along with terms of employment.

Information regarding publication to various newspapers and other media including the Internet can be obtained from the Kane County Human Resources Department.
