KANE COUNTY 2040 PLAN

Kane County Planning Cooperative

February 2022

Kane County Bike Map Updates

KDOT seeks input from municipalities to update the 2022-2023
Bike Map

Kane County is in the process of updating the 2022-2023 Bike Map, anticipated to be printed late in the Spring. While KDOT is able to monitor federally funded projects and construction through aeriels, we need assistance from municipalities in identifying any missing links in the system.

Please return a copy of [this map](#) with your markups for any missing or incorrectly identified links to SimpsonTroy@co.kane.il.us by March 1, 2022.

Kane County Board Adopts 2021-2024 Community Health Improvement Plan

Plan sets direction for Action Teams to advance initiatives
aimed to improve the health of Kane County Residents

The Kane County Board recently adopted the 2021 – 2024 Community Health Improvement Plan (CHIP). Four priority areas have been identified in the new plan:

1. Access to Health Services
2. Behavioral Health
3. Immunizations and Infectious Diseases
4. Nutrition, Exercise and Weight Management.

Every 3 years, [Kane Health Counts](#) conducts a series of community health assessments to identify the County's greatest health concerns. These assessments were conducted at the end of 2020 to provide data to inform the planning process.

Many organizations throughout the county are involved in this planning process; from participating in focus groups to gather data - to taking action with the action teams, partners are involved from start to finish. Kane Health Counts uses the MAPP model, which stands for Mobilizing for Action through Planning and Partnerships, to carry out the assessment and planning process.

The Kane Health Counts funding partners include Advocate Sherman Hospital, AMITA Mercy Medical Center, AMITA Saint Joseph Hospital, Northwestern Medicine Delnor, Rush Copley Medical Center, and the INC Board, the mental health board serving the southern part of the county. The mission of Kane Health Counts is to make Kane County the healthiest county in Illinois. We plan to accomplish this by identifying barriers that affect Social Determinants

of Health and create strategies to address those barriers.

Supporting an Action Team can be fun and rewarding – learn more at KaneHealthCounts.org or click [here](#) to join a team.

2022 Kane County Green Guide

The latest Kane County recycling guide is available now

KANE COUNTY RECYCLES GREEN GUIDE 2022

RECYCLING CENTERS

ELECTRONICS RECYCLING FOR BUSINESSES

As an added service, we now accept the delivery of electronic equipment from businesses, organizations, institutions, libraries, and municipalities at the Kane County Recycling Centers. Please identify your business to staff or bring a business card, for record keeping purposes.

CONTACT

Kane County Recycling Coordinator
at recycle@countyofkane.org or 630-208-3841.

Unloading: These sites are staffed, so you will have assistance unloading your equipment.

Data Security: All data on computer hard drives, printers, and cell phones will be completely destroyed (meeting all FACTA privacy protection requirements).

Holiday Closures: Drop-off sites are closed on most public holidays, but not all. Please check online for the current list of holiday closures.

THINGS CHANGE: Please visit countyofkane.org/recycling to confirm before visiting.

COST FOR TVS AND MONITORS

- \$25 (for screens under 21" measured diagonally) or
- \$35 (for screens 21" and over).
- Pay onsite with CASH or CARD, or online with card and bring a printed receipt.
- This consumer-based fee is paid directly to the County's contracted electronics recycler, eWorks, a non-profit that employs people with developmental disabilities.

ITEMS ACCEPTED AT KANE COUNTY RECYCLING CENTERS:

All items are FREE to drop off (except for TVs and Monitors, which do have a cost as outlined above).

Electronics: TVs*, Computers, Monitors*, Laptops, Phones, Cords, Cables, Servers, Printers, Scanners, Keyboards, Stereos, Speakers, Battery backups, Gaming consoles, Power tools, Holiday lights, and more.

*See "Costs" above for TVs and monitors.

Books: Hard cover or paperback books of any age, in any condition, for reuse or recycling.

Paper: Magazines, periodicals, brochures, office paper, newspaper, packing paper.

Clothing & Shoes: Clothing items of any kind. Paired shoes of any kind. Accessories, like hats, purses, belts, scarves. Textiles, like sheets, towels, curtains, blankets. These items can be in any condition, even if worn or torn, as long as they are clean. All will be reused or recycled.

Scrap Metal: Anything made of metal, like lawn furniture, BBQs, fire pits, pots and pans, hot water tanks, hardware, metal fencing, bed frames.

Cardboard: Corrugated cardboard (flattened).

Shredded Paper: Shredded paper (in paper bags, stapled shut).

Appliances: Household appliances, like washers, dryers, toasters, blenders, vacuums. We do not take freon-containing devices like refrigerators or air-conditioners.

Note: The Elburn location only accepts electronics!

This guide is printed on 100% post-consumer recycled content paper.

The [2022 Kane County Green Guide](#) is available now! It includes information on the County Recycling Centers, special events, curbside recycling tips,

household hazardous waste disposal and more.

There are three easy ways to get a copy:

1. Go to our [webpage](#) to download a [pdf](#) and sign up for the email list to receive future editions
2. Pick up a hard copy at one of several distribution points around the County (see interactive map of locations)
3. Call (630) 208-3841 or email recycle@countyofkane.org to request a copy by mail

Additional recycling program info can be found on the Kane County Recycles [website](#).

Fox River Summit

10th Annual summit to be held on March 17, 2022

The 10th Annual

Fox River Summit

Thursday, March 17th, 2022

The Southeast Fox River Partnership will host the 10th annual [Fox River Summit](#) next month. This year's Summit will feature over a dozen expert speakers presenting on programs and issues impacting the Fox River watershed.

The Summit will feature two keynote speakers: John Jansen Ph.D., Senior Geophysicist/Hydrologist with Collier Geophysics and Preston Cole, Secretary of the Wisconsin Department of Natural Resources.

Additional presentations will include:

US Army Corps of Engineers Ecosystem Restoration Programs &

Partnership Opportunities
Frank Veraldi, Restoration Ecologist
US Army Corps of Engineers, Chicago District

Wetland and Riparian/Floodplain Restoration Techniques
Peter Ziegler –Project Director
Wisconsin Waterfowl Association (WWA)

It's Our Fox River Day
Gary Swick, Friends of the Fox River

Fabulous Fox! Water Trail Updates
Karen Ann Miller, AICP
Executive Planner, Kane County, Illinois
Development and Community Services Department

Soil Heath: A Means to Increase Farm Profits and Improve Water Quality
Matt Winker - Redline Dairy, Clean Farm Families Board Member, Ozaukee Co.
Demonstration Farm Network
Andy Holschbach – Director, Ozaukee Co. Land & Water Management
Department

The event will be held in Burlington, WI. There will also be an option to view the Summit remotely. Visit the [Summit webpage](#) for a complete list of speakers. The cost of a single ticket for the event is \$41.50. Attendees may purchase their tickets [here](#).

Webinar: Dream, Play, Build

Hands-On Community Engagement for Enduring
Spaces and Places

The Smart Growth Network is hosting a [live webinar](#) that will share insights into building common ground and inviting active participation among diverse groups.

For two decades, James Rojas and John Kamp have been looking to art, creative expression, and storytelling to shake up the classic community meeting. Their approach, "Place It!," draws upon three methods: the interactive model-building workshop, the pop-up, and site exploration using the senses.

WHEN: Friday, February 25, at 1:00 p.m. EST

Participants of the live webinar are eligible for 1.5 AICP CM credits.

They will offer their lessons learned distilled from workshops held around the world and a deep dive into the transformational approach and results from a community in southern California.

Additional information is available on the [program page](#). Interested attendees may register [here](#).

One Earth Film Festival

CMAAP analysis explores housing growth patterns and implications for the region's communities

Turn the Tide

March 4 -13, 2022

[One Earth Film Festival](#) (OEFF) is the Midwest's premier environmental film festival, creating opportunities for understanding climate change, sustainability and the power of human involvement. They showcase top-issue, thought-provoking environmental films and lead audiences in interactive post-film discussions focused on solutions.

Films screened during the festival encompass a range of environmental topics and themes that will take viewers around the planet: From "Life at 50 Degrees," which reveals how extreme temperatures around the world are wreaking havoc on nature, forcing climate migration, causing water shortages and triggering dangerous health conditions to "On the Fenceline: A Fight for Clean Air," an urgent call for justice in Philadelphia's low-income communities.

Clean Water for Kane will be sponsoring the virtual screening of *The Inhabitants; And Indigenous Perspective* On Saturday March 12th, 2022 at 6:30pm in partnership with the Fox River Ecosystem Partnership (FREP).

Inhabitants follows five Native American Tribes as they restore their relationships to the land using ancient practices that nurture life. As the climate crisis escalates, these time-tested practices of North America's original inhabitants are becoming increasingly essential in a rapidly changing world.

For more information on *Inhabitants*, visit the [film page](#). To purchase tickets

and learn more about the sponsor partnership with FREP, click [here](#). Questions about Clean Water for Kane's partnership with the OEFF and screening of Inhabitants can be sent to [Ivy Klee](#) with the Kane County Division of Environmental and Water Resources.

The Festival will run March 4-13, 2022, featuring 17 virtual watch parties and up to 15 in-person events in the Chicago area. Tickets to the Festival are free, but an \$8 donation is suggested.

For a complete list of the 2022 featured films and to register for tickets, click [here](#).
