

Kane County is in the process of developing a new Consolidated Plan for the use of Community Development Block Grant (CDBG) funds and Home Investment Partnership (HOME) funds. The plan will cover the period of 2025-2029 and will identify the priorities for allocating these federal grant funds to residents' needs. The County partners with the various communities throughout Kane County to provide funding for many programs and services offered to residents. The Plan does not include the City of Aurora and the Villages of Huntley, Hampshire, and Montgomery since they receive their federal allocation of the funds thru other means.

Part of building a strong Consolidated Plan is obtaining resident and community input. Kane County is asking residents, cities, nonprofits and businesses of Kane County to rate specific priorities as it relates to broad project categories. Please bear in mind that funds must meet a national objective: serving residents or business with incomes at or below 80% Area Median Income (example: \$95,900 for a family of four).

We would like you to provide your perception of critical needs in the County and where to prioritize future funding.

Thank you for participating in this important step in the formulation of the 2025-2029 Consolidated Plan.
