Harness the Power of the Sun at EcoLab

GENEVA, IL — Join us Saturday, Aug. 1, from 1:00 to 2:00 p.m. at Creek Bend Nature Center for dazzling solar experiments at EcoLab: Fun in the Sun. Participants will explore how to harness the energy of the sun by doing real solar experiments.

After a brief overview of the Sun's properties and characteristics, we will conduct two scientific experiments that culminate in dazzling results that participants can take home and display.

EcoLab is a quarterly, environmental education program that offers children and young adults the opportunity to analyze and learn about the natural world through a science-based approach. This program is designed for ages 10 and older. The fee is \$5 per person. Children under 13 must be accompanied by an adult.

Advance registration is required. To register, visit www.kaneforest.com/register, call 630-444-3190, or email programs@kaneforest.com.

Creek Bend Nature Center is located within LeRoy Oakes Forest Preserve at 37W700 Dean St., St. Charles.

For more information, or to explore more nature programs, visit www.kaneforest.com and follow the Forest Preserve District of Kane County on social media by searching @forestpreserve.
