

# MEDIA RELEASE

## Kane County Announces 2026 Campaign Sign Recycling Program

Kane County will once again host a campaign sign recycling program following the election, giving residents an easy and environmentally responsible way to dispose of plastic yard signs and metal stands.

Residents are encouraged to **check** with local candidates or campaign committees first to see if they plan to collect signs for reuse. If not, **eligible signs** may be dropped off at designated locations during the collection periods listed below.

The program accepts rigid plastic campaign signs made from corrugated polypropylene, typically about ¼-inch thick. Before dropping off materials, residents should **separate** the plastic signs from their metal stands and remove zip ties or other fasteners. Signs made from **plastic film marked #4 (LDPE)** cannot be recycled through this program but may be taken to store plastic bag drop-off locations for recycling.

### March 18–25, 2026

#### **KDOT Facility**

41W011 Burlington Rd., Campton Hills  
Bins located near the front of Building A  
Accessible 24/7 during the collection period

#### **Kane County Recycling Center – Geneva (border of Batavia)**

517 E. Fabyan Parkway  
Monday–Friday, 8 a.m. to 4 p.m.

#### **Kane County Recycling Center – West Dundee**

900 Angle Tarn  
Located behind the Village of West Dundee Public Works building (gate off Beacon St.)  
Monday–Friday, 7 a.m. to 3 p.m.

### March 19–29, 2026

#### **Kane County Government Center**

719 S. Batavia Ave., Geneva  
Accessible 24/7 during the collection period

Residents dropping off materials at the Government Center should place plastic signs in the commercial container at the end of the long driveway adjacent to the Forest Preserve. Separate containers will be available for metal sign stands.
