This St. Patrick's Day, spread the word: The Luck o' the Irish won't save you from drunk, high or drug-impaired driving

(*St. Charles, IL*) – St. Patrick's Day will be here before we know it, bringing parades, parties, green beer, and more to communities throughout the state. To remind motorists of the dangers of impaired driving and to help keep our streets safe, the Kane County Sheriff's Office is teaming up with the Illinois State Police and Illinois Department of Transportation for a stepped-up traffic safety campaign running from March 13 through 6 a.m. March 23.

During the enforcement period, the Kane County Sheriff's Office will be looking for drivers impaired by alcohol and cannabis, along with other drugs, including prescription medications that can affect driving. Officers will also be stepping up seat belt enforcement, particularly at night when seat belt usage rates are lowest. Speeding, distracted driving, and all traffic laws will be strictly enforced.

Whether you're attending a party, hosting friends, or going out to a bar, keep safety at the forefront. When it's time to leave, make sure your designated driver is sober. Remember that walking or biking while impaired — whether by alcohol, cannabis, or other drugs — can also be dangerous, so choose a sober friend to go with you. Designated drivers: Be alert for impaired walkers who may not obey street signs. It's not about luck; it's about smart decisions.

Other important tips:

- Drunk, high, or otherwise impaired — it doesn't matter. It is never okay to drive impaired. Designate a sober driver or plan to use public transportation or a ride service to get home safely.
- Use rideshare such as Uber or Lyft.
- If you see an impaired driver on the road, call 911 and report it.
- Have a friend who is about to drive impaired? Take the keys away and help them get a safe ride home.
- Always buckle up!

The St. Patrick's Day "Drive Sober or Get Pulled Over" and "Drive High. Get a DUI" enforcement campaign is funded by federal traffic safety funds from the National Highway Traffic Safety Administration and administered by IDOT.
