### KANE STATE'S ATTORNEY, SHERIFF ANNOUNCE INCREASED SECURITY FOR POLITICAL EVENTS

**St Charles, IL** – We are horrified by the attempted assassination of former President Donald Trump. Political violence has no place in the United States, and we must all condemn this abhorrent act. In a democratic society, violence is never the answer. No one should have to risk their life to run for office, attend a political event, or advocate for a cause.

Our thoughts are with the former president and his family. We extend our deepest condolences to the family of Corey Comperatore, the brave firefighter who sacrificed his life to protect his loved ones. We also are praying for a swift recovery for the two individuals who were critically injured.

To ensure the safety of our community, Kane County law enforcement will have extra patrols at every political event going forward. We must unite as a nation to denounce violence and promote a peaceful democratic process.
