PRESS RELEASE

Corron Road will remain closed between Bowes Rd and McDonald Rd for culvert replacement through the first week of September, due to utility conflicts. Traffic will still be detoured north and south to Dittman Rd using Bowes, Plato, Burlington, and Silver Glen Roads. Please follow the posted detour signs.

Please expect increased travel times during this work. Your continued cooperation and patience during this project is greatly appreciated.

If you have concerns, please call Chris Kaufmann at 630-208-3138.
