April 1, 2008

PRESS RELEASE

Construction for a new bridge for the realigned Dunham Road will begin the week of April 1, 2008, weather permitting, with tree clearing and site work. Construction of the bridge is expected to take 5-6 months with completion in late 2008. The majority of the construction work will be off road and impact to traffic on Dunham Road is expected to be minimal.

Please anticipate possible increased travel times and exercise caution while traveling through the construction zone. Concerns about the project should be addressed to David Boesch at 630-845-7875.
