PRESS RELEASE

Dunham Road Bike Path Project

Dunham Road immediately north and south of Stearns Road will be reduced to one lane from 8:30 am to 4:00 pm starting Wednesday, June 11th through Wednesday, June 18th. Flaggers will control traffic during the daily lane closures. These closures will allow crews to work on the shoulders and ditches. Please watch out for construction crews and equipment working near the road's shoulder.

Please anticipate **increased travel times** and exercise caution while traveling through the construction zone. Concerns regarding this project may be directed to David Boesch at 630-845-7875.
