Bunker Road Extension and Keslinger Road Roundabout Now Open to Traffic

November 9, 2026- The Kane County Division of Transportation (KDOT) is pleased to announce that Bunker Road and Keslinger Road through the newly constructed roundabout are now fully open to traffic as of November 9th.

The project included construction of a new roundabout at the intersection of Bunker Road and Keslinger Road, along with a new access point to the Metra train station from La Fox Road to the north. Additional improvements included roadway widening, resurfacing, lighting, drainage improvements, and landscape restoration.

These improvements are designed to enhance traffic flow through central Kane County, improve safety at the intersection, and provide better access to the Metra train station.

KDOT thanks residents and motorists for their patience and understanding throughout construction.

Visit our Traffic Advisories webpage for more information on

road closures, detours, and active KDOT projects.

Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. ***It is illegal to talk or text on a cell phone while driving.***
