Randall Road at Claude Hanson Bridge Joint Replacement Begins November 9th

November 4, 2026- The Kane County Division of Transportation (KDOT) is scheduled to begin expansion joint replacement work on the Claude Hanson Bridge along Randall Road, between Royal Boulevard and Big Timber Road, the week of November 9, 2026, weather permitting. The bridge spans the Union Pacific Railroad (UPRR), Canadian Pacific Kansas City Railway (CPKC), and Tyler Creek.

Construction hours will generally be from 8:00 a.m. to 4:00 p.m., Monday through Saturday. The project is anticipated to take approximately six weeks to complete, weather permitting.

During construction, Randall Road will be reduced to one open lane in each direction, with the remaining lanes closed for the duration of the project to provide a safe work area for construction crews.

Visit the KDOT Traffic Advisories webpage for more information on road closures, detours, and active KDOT projects.

Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. ***It is illegal to talk or text on a cell phone while driving.***
