

To whom it may Concern:

My name is Ken Kusch. I live on [REDACTED]. I'm writing this letter to voice my concerns about the proposed solar farm behind my house. Mr. Meyer states in his application that he talked to several real estate agents and his plan would not affect any of our property values. I've talked to 2 realtors, and they state that there are not enough studies with solar farms within a subdivision like the one he wants to install. I also want to bring up that MR Meyer wants to build 150 feet from my house and not the property line, what hat if I want to put a addition on my house now I can't because of his setbacks.

Thank You

Ken Kusch
