I just received notification of this hearing this afternoon, and I'm rather irate. Not only was it delivered at the last minute, bu tthe date of the hearing is ELECTION DAY when I'm scheduled to be working from 5am until at least 9pm as an election judge in my neighborhood!

I can't believe the hatred and bigotry coming from neighbors, former friends, and even some family members.
I can't believe that our daughter now lives in a world with less rights and protections than we had.
I can't believe that we are STILL fighting the battles that we were fighting when we were young.
I can't believe what this country has turned in to.
