Subject: EX: Re: Request for Information – Petition #4694, 35W543 Miller Road

I still have not received a response to my email but I want to say I formally oppose this petition, due to traffic concerns. Already Miller Rd, has high volume traffic in the morning and often making turning onto 31 an issue an issue. This proposed medical facility in a farming and residential area would increase traffic with concern for safety on the road. This area is a high volume accident spot .

In addition I have other concerns however they have not been addressed in my email before. Hopefully I hear back before the hearing to properly address them.
