

Good afternoon!

I am writing to support petition #4535!!! I reside at 2N110 Kautz Road in St Charles. We have a total of nine acres that sits directly south of the property listed on the petition.

I feel strongly that our area would flourish with a private, well maintained and knowledgeable pet resort. I have a wide circle of friends and acquaintances that are always looking for caring individuals to train as well as look after their beloved pets. Saint Charles is known for supporting small and local businesses. The only way to grow is through change. Let's not be afraid of change, we need to support young people in their attempt to achieve their life goals!

I ask that you please forward this email to the Kane County board members that will be part of the decision making process on Tuesday!

Regards,

Kelly DeYoung
