RE: Variance Application PLDZ2024-011, 10N051 Kendall Road

Keith:

The public hearing for the above-referenced matter is scheduled for tonight, Tuesday January 9th. As I mentioned in my email to you yesterday, the owner of the contiguous property to the south has raised a strenuous objection to our variance request. We are working with this neighbor to resolve his issues and are making progress. However, a resolution has not been reached.

Therefore, at this time, it makes little sense to proceed with tonight's public hearing.

We respectfully request a continuance of tonight's hearing to the first meeting in February.

Please advise if this request is granted.

Thank you.

Leonard M. Monson
Attorney for the Petitioner
