What does the change mean?

Benefits

Future of testing is Computer-based

Test-takers are not limited by geography

Career and College-Readiness Assessments tell the student specifically what skills and knowledge he/she excels or struggles.

Challenges

Students must complete old test by January 2014 or their scores will not be valid, and they must start over.

At-Risk Populations may have particular trouble covering the additional cost.

Computer-based testing creates increased anxiety.
