Neither my company nor an owner or principal of my company is currently listed on the government-wide exclusions in SAM, debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority. My company agrees to immediately notify the Cooperative and all Cooperative members with pending purchases or seeking to purchase from my company if my company or an owner or principal is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority.

VENDOR EMPLOYMENT CERTIFICATION

Section 44.031(b) of the Texas Education Code establishes certain criteria that a school district must consider when determining to whom to award a contract. NO BOYCOTT VERIFICATION

A Texas governmental entity may not enter into a contract with a value of $100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel and will not boycott Israel during the term of the contract (TEX. GOV'T CODE Ch. 2271), (2) does not boycott energy companies and will not boycott energy companies during the term of the contract (TEX. GOV'T CODE Ch. 2274 effective September 1, 2021), and (3) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of the contract against a firearm entity or firearm trade association (TEX. GOV'T CODE Ch. 2274 effective September 1, 2021). Accordingly, this certification form is included to the extent required by law.

"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. TEX. GOV'T CODE §808.001(1).

"Boycott energy company" means, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by Paragraph (A). TEX. GOV'T CODE §809.001(1) (effective September 1, 2021).

"Discriminate against a firearm entity or firearm trade association" means, (A) with respect to the entity or association, to: (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. TEX. GOV'T CODE §2274.001(3) (effective September 1, 2021).

By signature on the Compliance Forms Signature Page, to the extent applicable, I certify and verify that Vendor does not boycott Israel, boycott energy companies, or discriminate against a firearm entity or firearm trade association and will not do so during the term of any contract awarded under this Proposal Invitation, that this certification is true, complete and accurate, and that I am authorized by my company to make this certification.

(A company that the U.S. Government affirmatively declares to be excluded from its federal sanctions regime relating to Sudan, Iran, or any federal sanctions regime relating to a foreign terrorist organization is not subject to the contract prohibition.)

By signature on the Compliance Forms Signature Page, I certify and verify that Vendor is not on the Texas Comptroller's list identified above; that this certification is true, complete and accurate; and that I am authorized by my company to make this certification.

ACKNOWLEDGEMENT OF BUYBOARD TECHNICAL REQUIREMENTS

Vendor shall review the BuyBoard Technical Requirements included in this Proposal Invitation. By signature on the Compliance Forms Signature Page, the undersigned affirms that Proposer has obtained a copy of the BuyBoard Technical Requirements, has read and understands the requirements, and certifies that Vendor is able to meet and will comply with those requirements except as follows: *[List and explain BuyBoard Technical Requirements, if any, to which your company **cannot** or will **not** comply.]*

N/A

Note: In accordance with the General Terms and Conditions of the Contract, to the extent Vendor is awarded a Contract under this Proposal Invitation but is unable or unwilling to meet the applicable BuyBoard Technical Requirements, the information available on the BuyBoard for Vendor's awarded products or services may be limited, potentially placing Vendor at a disadvantage and impacting the ability of Cooperative members to search, find, review, and purchase Vendor's awarded products and services on the BuyBoard website. Further, to the extent Vendor has acknowledged ability to meet and comply with the BuyBoard Technical Requirements, any subsequent failure or refusal by Vendor to promptly provide information upon request to the Cooperative administrator in accordance with those technical requirements may be deemed an event of default under the Contract. **Initial:** DC

CONSTRUCTION-RELATED GOODS AND SERVICES AFFIRMATION

The Cooperative issued the BuyBoard Procurement and Construction-Related Goods and Services Advisory for Texas Members ("Advisory"), which provides information specifically relevant to the procurement of construction-related goods and services by Texas Cooperative members. The Advisory, available at buyboard.com/Vendor/Resources.aspx, provides an overview of certain legal requirements that are potentially relevant to a Cooperative member's procurement of construction or construction-related goods and services, including those for projects that may involve or require architecture, engineering or independent testing services. A copy of the Advisory can also be provided upon request. Because many BuyBoard contracts include goods or installation services that might be considered construction-related, Proposer must make this Construction Related-Goods and Services Affirmation regardless of type of goods or services associated with this Proposal Invitation.

A contract awarded under this Proposal Invitation covers only the specific goods and/or services awarded by the Cooperative. As explained in the Advisory ("Advisory"), **Texas law prohibits the procurement of architecture or engineering services through a purchasing cooperative. This Proposal Invitation and any Contract awarded thereunder does not include such services. Architecture or engineering services must be procured by a Cooperative member separately, in accordance with the Professional Services Procurement Act (Chapter 2254 of the Texas Government Code) and other applicable law and local policy.**

By signature on the Compliance Forms Signature Page, Proposer affirms that Proposer has obtained a copy of the Advisory, has read and understands the Advisory, and is authorized by Proposer to make this affirmation. If Proposer sells construction-related goods or services to a Cooperative member under a Contract awarded under this Proposal Invitation, Proposer will comply with the Advisory and applicable legal requirements, make a good faith effort to make its Cooperative member customers or potential Cooperative member customers aware of such requirements, and provide a Cooperative member with a copy of the Advisory before accepting the member's Purchase Order or other agreement for construction-related goods or services.

Please note that, as provided in section B.4, certain provisions of the General Terms and Conditions are NOT subject to deviation, and certain deviations will be deemed rejected without further action by the Cooperative. Any attempted deviation, whether directly or indirectly, to provisions identified in this Proposal Invitation as not subject to deviation shall be deemed rejected by the Cooperative and, unless otherwise withdrawn by Vendor, may result in Vendor's Proposal being rejected in its entirety.**

The Cooperative will consider any deviations in its contract award decision and reserves the right to accept or reject a proposal based upon any submitted deviation.

In the absence of any deviation identified and described in accordance with the above, your company must fully comply with the General Terms and Conditions, Proposal Specifications and all other requirements associated with this Proposal Invitation if awarded a Contract under this Proposal Invitation. A deviation will not be effective unless accepted by the Cooperative. The Cooperative, by and through the Cooperative administrator, may, in its sole discretion, seek clarification from and/or communicate with Proposer(s) regarding any submitted deviation, consistent with general procurement principles of fair competition. The Cooperative reserves the right to accept or reject a Proposal based upon any submitted deviation.

EDGAR VENDOR CERTIFICATION

(2 CFR Part 200 and Appendix II)

When a Cooperative member seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or new "EDGAR"). All Vendors submitting a Proposal must complete this EDGAR Certification Form regarding Vendor's willingness and ability to comply with certain requirements which ***may*** be applicable to specific Cooperative member purchases using federal grant funds. Completed forms will be made available to Cooperative members for their use while considering their purchasing options when using federal grant funds. Cooperative members may also require Vendors to enter into ancillary agreements, in addition to the terms and conditions of the BuyBoard contract, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For <u>each</u> of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative check the applicable boxes, initial each page, and sign the Compliance Forms Signature Page. If you fail to complete any item in this form, the Cooperative will consider and may list the Vendor's response on the BuyBoard as "NO," the Vendor is unable or unwilling to comply. A "NO" response to any of the items may, if applicable, impact the ability of a Cooperative member to purchase from the Vendor using federal funds.

1. Vendor Violation or Breach of Contract Terms:

Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Provisions regarding Vendor default are included in the BuyBoard General Terms and Conditions, including Section E.18, Remedies for Default and Termination of Contract. Any Contract award will be subject to such BuyBoard General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order or Cooperative member ancillary contract agreed upon by Vendor and the Cooperative member which must be consistent with and protect the Cooperative member at least to the same extent as the BuyBoard Terms and Conditions. The Cooperative member may terminate or cancel any Purchase Order under this Contract at any time, with or without cause, by providing seven (7) business days advance written notice to the Vendor. If this Agreement is terminated in accordance with this Paragraph, the Cooperative member shall only be required to pay Vendor for goods or services delivered to the Cooperative member prior to the termination and not otherwise returned in accordance with Vendor's return policy. If the Cooperative member has paid Vendor for goods or services not yet provided as of the date of termination, Vendor shall immediately refund such payment(s).

If an alternate provision for termination of a Cooperative member purchase for cause and convenience, including the manner by which it will be effected and the basis for settlement, is included in the Cooperative member's Purchase Order or ancillary agreement agreed to by the Vendor, the Cooperative member's provision shall control.

■ **YES**, I agree. ☐ **NO**, I do not agree. **Initial:** DC

3. Equal Employment Opportunity:

In accordance with the statute, Vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, Vendor shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at beta.sam.gov. Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the Vendor is conditioned upon Vendor's acceptance of the wage determination.

Vendor further agrees that it shall also comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. NATIONAL PURCHASING COOPERATIVE VENDOR AWARD AGREEMENT

In accordance with the Terms and Conditions associated with this Proposal Invitation, a contract awarded under this Proposal Invitation may be "piggy-backed" by another governmental entity. The National Purchasing Cooperative is an intergovernmental purchasing cooperative formed by certain school districts outside of Texas to serve its members throughout the United States. If you agree to be considered for a piggy-back award by the National Purchasing Cooperative, you agree to the following terms and agree to serve National Purchasing Cooperative members in the states you have indicated on the State Service Designation form, in your Proposal.

By signing this form, Proposer (referred to in this Agreement as "Vendor") agrees as follows:

1. Vendor acknowledges that if The Local Government Purchasing Cooperative ("Texas Cooperative") awards Vendor a contract under this Proposal Invitation ("Underlying Award"), the National Purchasing Cooperative ("National Cooperative") may - but is not required to - "piggy-back" on or re-award all or a portion of that Underlying Award ("Piggy-Back Award"). By signing this National Cooperative Vendor Award Agreement ("Agreement"), Vendor accepts and agrees to be bound by any such Piggy-Back Award as provided for herein.

2. In the event National Cooperative awards Vendor a Piggy-Back Award, the National Cooperative Administrator ("BuyBoard Administrator") will notify Vendor in writing of such Piggy-Back Award, which award shall commence on the effective date stated in the Notice and end on the expiration date of the Underlying Award, subject to annual renewals as authorized in writing by the BuyBoard Administrator. Vendor agrees that no further signature or other action is required of Vendor in order for the Piggy-Back Award and this Agreement to be binding upon Vendor. Vendor further agrees that no interlineations or changes to this Agreement by Vendor will be binding on National Cooperative, unless such changes are agreed to by its BuyBoard Administrator in writing.

3. Vendor agrees that it shall offer its goods and services to National Cooperative members at the same unit pricing and same general terms and conditions, subject to applicable state laws in the state of purchase, as required by the Underlying Award. However, nothing in this Agreement prevents Vendor from offering National Cooperative members better (i.e., lower) competitive pricing and more favorable terms and conditions than those in the Underlying Award.

4. Vendor hereby agrees and confirms that it will serve those states it has designated on the State Service Designation Form of this Proposal Invitation. Any changes to the states designated on the State Service Designation Form must be approved in writing by the BuyBoard Administrator.

5. Vendor agrees to pay National Cooperative the service fee provided for in the Underlying Award based on the amount of purchases generated from National Cooperative members through the Piggy-Back Award. Vendor shall remit payment to National Cooperative on such schedule as it specifies (which shall not be more often than monthly). Further, upon request, Vendor shall provide National Cooperative with copies of all purchase orders generated from National Cooperative members, vendor invoices, and/or such other documentation regarding those purchase orders as the Cooperative's administrators may require in their reasonable discretion for purposes of reviewing and verifying purchase activity. Vendor further agrees that National Cooperative shall have the right, upon reasonable written notice, to review Vendor's records pertaining to purchases made by National Cooperative members in order to verify the accuracy of service fees.

6. Vendor agrees that the Underlying Award, including its General Terms and Conditions, are adopted by reference to the fullest extent such provisions can reasonably apply to the post-proposal/contract award phase. The rights and responsibilities that would ordinarily inure to the Texas Cooperative pursuant to the Underlying Award shall inure to National Cooperative; and, conversely, the rights and responsibilities that would ordinarily inure to Vendor in the Underlying Award shall inure to Vendor in this Agreement. Vendor recognizes and agrees that Vendor and National Cooperative are the only parties to this Agreement, and that nothing in this Agreement has application to other third parties, including the Texas Cooperative. In the event of conflict between this Agreement and the terms of the Underlying Award, the terms of this Agreement shall control, and then only to the extent necessary to reconcile the conflict.

7. This Agreement shall be governed and construed in accordance with the laws of the State of Rhode Island and venue for any dispute shall lie in the federal district court of Alexandria, Virginia.

8. Vendor acknowledges and agrees that the award of a Piggy-Back Award is within the sole discretion of National Cooperative, and that this Agreement does not take effect unless and until National Cooperative awards Vendor a Piggy-Back Award and the BuyBoard Administrator notifies Vendor in writing of such Piggy-Back Award as provided for herein.

WHEREFORE, by signing below Vendor agrees to the foregoing and warrants that it has the authority to enter into this Agreement.

If Vendor is a manufacturer that sells products through a dealer network and wishes to designate a dealer or multiple dealers ("Designated Dealers") to receive Cooperative member Purchase Orders on Vendor's behalf, you must complete this form for each dealer you wish to designate.

Regardless of any Designated Dealers submitted by Vendor, Vendor specifically agrees and acknowledges that any such designations are for Vendor's convenience only and shall not, if Vendor is awarded a Contract, relieve Vendor of any obligations under the Contract, including payment of Cooperative service fees on all Purchase Orders submitted to Vendor or any Designated Dealer. In accordance with the General Terms and Conditions, an awarded Vendor shall remain responsible and liable for all of its obligations under the Contract and the performance of both Vendor and any of Vendor's Designated Dealers under and in accordance with the Contract and remain subject to all remedies for default thereunder, including, but not limited to suspension and termination of Vendor's Contract for nonpayment of service fees.

If awarded, Vendor authorizes the Cooperative, in its sole discretion, to list any Vendor Designated Dealers in the BuyBoard system and to receive Purchase Orders directly from Cooperative members on behalf of Vendor. To the extent a Vendor with Designated Dealers receives a Purchase Order directly, it shall be the responsibility of Vendor to appropriately process such Purchase Order in accordance with the Contract, including but not limited to timely forwarding such Purchase Order to a Designated Dealer for processing.

It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

14) Delivery. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period, the Contractor must receive authorization for the delayed delivery. The order may be canceled if the estimated shipping time is not acceptable. All deliveries shall be freight prepaid, F.O.B. Destination and shall be included in all pricing offered unless otherwise clearly stated in writing.

    Additional Delivery/Installation Charges: Contractor may enter into additional negotiations with a purchasing agency for additional delivery or installation charges based on onerous conditions. Additional delivery and/or installation charges may only be charged if mutually agreed upon by the purchasing agency and Contractor and can only be charged on a per individual project basis.

15) Inspection & Acceptance. If defective or incorrect material is delivered, Region 4 ESC may make the determination to return the material to the Contractor at no cost to Region 4 ESC. The Contractor agrees to pay all shipping costs for the return shipment. Contractor shall be responsible for arranging the return of the defective or incorrect material.

16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.

17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all users equally; 2) reduction is for a specific period, normally not less than thirty (30) days; and 3) original price is not exceeded after the time-limit. Contractor shall offer Region 4 ESC any published price reduction during the Contract term.

18) Audit Rights. Contractor shall, at its sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Contract. Region 4 ESC reserves the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

22) Warranty Conditions. All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.

23) Site Cleanup. Contractor shall clean up and remove all debris and rubbish resulting from their work as required or directed. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean, safe and unobstructed condition.

24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to

moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

26) Safety measures. Contractor shall take all reasonable precautions for the safety of employees on the worksite and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Contractor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

28) Stored materials. Upon prior written agreement between the Contractor and Region 4 ESC, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Region 4 ESC prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by the Contractor against loss and damage. Contractor agrees to provide proof of coverage and additionally insured upon request. Additionally, if stored offsite, the materials must also be clearly identified as property of Region 4 ESC and be separated from other materials. Region 4 ESC must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.

29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.

30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

31) Marketing. Contractor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo

6 List the category or categories you are offering.

HON and HBF are proposing their complete catalog of products and services including, but not limited to, the following categories: Systems Furniture; Freestanding Furniture; Seating/Chairs; Soft Seating; Filing Systems; Storage and Equipment; Cafeteria Furniture; Learning Spaces Furniture; Educational Office Furniture; Related and Ancillary Products, Accessories, and Solutions; and Services and Support Solutions

7 Furniture Offerings

New, Used, Parts, Accessories, Service and Repair, Trade-Ins, Leasing/Financing and providing pricing structure for each of these items.

Our proposal includes access to all new HON and HBF products and accessories; these products are offered based upon a discount off of list pricing. If you're interested in purchasing parts for our products, our Customer Support or an approved authorized dealer can provide pricing and support. Used furniture, trade-ins, leasing/financing options, service and repairs not covered by our warranty are not offered by The HON Company. Our authorized dealers may provide a quote a case-by-case basis, however these offerings will not be included as part of our contract offering.

8 Minimum Quantities

Describe any minimums quantities.

There are no minimum quantity requirements for the OMNIA Region 4 contract. We offer an attractive discount structure which provides higher discounts based upon the list size of the order, including a negotiated tier for large projects.

9 Custom or special orders

What is the ability to provide custom or special order furniture products? Include catalogs and any fees related to custom or special orders.

HON offers a wide array of product choices from tables to seating to systems components.? However, in the instance you cannot find a solution that works for your project, we offer the option to customize our standard products.??Pricing for our customized products is dependent upon the modification requested; list pricing for the custom item will be provided at time of request on a case-by-case basis. Customized list prices are not included in our standard list pricer. ? HNI and HON are well versed in creating solutions to meet a customer's specific needs. Approximately 85% of our large projects contain customs that range from fabrics and finishes to the use of new materials, or alterations to existing products, or the creation of new solutions. We have a dedicated Tailored Products Group (TPG) who works closely with our sales team and customers to confirm the quality and safety of our customized products. Our Close the Deal (CTD) team physically mocks-up a sample of commonly large orders and significant specials, allowing us to evaluate the custom product itself and in the context of its eventual environment to ensure it meets all requirements.? Custom product for large jobs is essentially a single customer standard. All prints and bills of material are executed at the same level as a standard product. Once they are initially completed, they flow seamlessly thereafter. Our TPG team meets daily with Operations and Supply Chain to ensure the custom requests in house advance as planned, and to review new requests to make sure the entire team is prepared and committed.? We offer an ability to deliver tailored product solutions in a seamless manner. Because HON manufactures our special applications products in-house, we have much better control of quality, cost, lead times, and warranty than other manufacturers. It's the best of both worlds: the responsiveness of a custom shop, with the resources of a large manufacturer.? Specials may include:? • Custom sizes? • Special laminate requests – fulfilling requests for laminates not available in our standard offering • Special paint finishes – assisting with requests for competitor's paint colors • Special fabric applications – accommodating requests for products with more than two fabrics • And MORE!? Please contact your dealer partner or salesperson, to start the custom process.?If the special is approved, a list price will be provided, and it will be assigned a "SPL" model number to manage the product through the order process.

10 Describe ordering methods, tracking, and reporting.

HON will be utilizing our nationwide network of authorized dealer partners to provide quoting, ordering, delivery, and services to our mutual customers. Summary of the ordering process: contact an authorized dealer, who will provide a detailed quote and instructions on how to create a PO; send the completed PO to the authorized dealer, who will review your order for accuracy and submit it directly to HON; HON and our authorized dealer, will work through delivery, installation, and issue resolution. HON and HNI use a supply-chain visibility platform named FourKites for tracking HON shipments. This service provides our Customer Support teams with real-time updates and visibility to shipments across the country. Authorized dealers place orders using a specific contract number assigned to the OMNIA contract for ease and accuracy of capturing OMNIA associated sales volume to meet reporting requirements and deadlines.

11 Shipping Costs

Describe any shipping charges.

1. Describe delivery charges along with definitions for:
   a. Dock Delivery
   b. Inside Delivery
   c. Deliver and Install

Deliveries shall be freight prepaid, FOB Destination and will be included in all pricing offered unless otherwise stated in writing. ? Dock delivery is included in our offered discounts and requires purchaser to off-load the shipment. Delivery location must have a dock and proper 53' trailer clearance. ? Inside delivery includes the authorized dealer off-loading the product into the facility. ? Deliver and Install includes receipt, inspections, and assembly of items delivered to specified areas of the facility by the authorized dealer. Additional charges will apply for inside delivery and installation which will be quoted on a project-by-project basis.

12 **Warranty Pricing**

Provide pricing for warranties on all products and services.

HON products are backed by the industry-leading HON Full Lifetime Warranty at no additional cost to the customer. In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON will replace any product that can't be repaired with comparable product, or refund the purchase price. The complete terms of the warranty are available at hon.com/warranty. Please view Attribute 12_Warranty attachment for a printed version.

13 **Describe any return or restocking fees.**

HON's dealer network works closely with customers to ensure product needs are clearly identified and that the product selections meet these needs. Therefore, the need to return is minimal. In the event a return is being considered, the dealer will assist the customer in this process. Most HON and HBF products are made-to-order, so restocking is not usually viable. Returns for made-to-order products, if approved, that are not a result of damage, order entry error, etc., may be subject to a return fee of up to 45% of the invoiced amount plus the cost of return freight. Upon receipt of necessary information regarding the return, HON or HBF will issue a return authorization to the customer outlining items to be returned and where the items should be shipped. All returns must be made within 30 days after the return authorization is issued. Merchandise must be returned in the original shipping cartons with proper inner packing and is subject to inspection before acceptance.

14 **Discounts or Rebates**

Describe any additional discounts, special offers, promotions or rebates available. Additional discounts or rebates may be offered for large quantity orders, single ship to location, growth, annual spend, guaranteed quantity, etc.

Not all needs are the same, from a single project to outfitting multiple buildings of office furniture, HON is willing to work with our customers to create a tailored product and pricing solution. Below are some typical examples of the added ways HON can support our customer's procurement requirement needs. These incentives are negotiated on a per opportunity basis: • Additional pricing incentives for sole source agreements, committed volume, bulk buys and product standardization. • As noted above, we also offer negotiable pricing on individual projects based upon total list order size.

15 **Verification of Contract Pricing**

Describe how customers verify they are receiving Contract pricing.

Ensuring Participating Agencies feel confident they are receiving accurate pricing and products under our Master Agreement is important to HON. There are multiple ways in which we approach compliance. For example, our Business Development Managers work one-on-one with each of our nationwide network of authorized dealers to ensure they are properly trained on the products, pricing, and requirements of the OMNIA Partners contract. HON has developed several tools our dealers can utilize to ensure eligible contract users receive accurate pricing, they include Compass and the Contract Summary Document. Please view Attribute #82 for more information about ensuring accurate contract pricing.

16 **Payment Methods**

Describe payment terms and methods offered. Indicate if payment will be accepted via credit card. If so, may credit card payment(s) be made online? Also state the Convenience Fee, if allowable, per the Visa Operating Regulations.

Payments can be made to The HON Company via check, credit card, EFT, ACH, or wire transfer. For payments by credit card, please contact our Customer Support Team at 800-466-8694. We accept all major credit cards except for Discover. At this time, we do not have any surcharge fees associated with credit card payments. If changes in economic factors should cause the need for an additional fee, we will submit a request for approval from Region 4 ESC prior to implementation.

17 **Frequency of Pricing Updates**

Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract. Updates may be no more frequently than quarterly.

Pricing adjustments are generally requested on an annual basis after HON has announced the nationwide increase. Certain economic factors could warrant the need for a more frequent request. We will submit the proposed price increase in compliance of Region 4 and OMNIA Partners contract guidance. At no time will standard discounting to Region 4 and OMNIA Partners change during the term of the contract, unless the change results in more favorable pricing for the end customer. Price increases will be proposed to list price only and will generally be based upon supplier and material cost increases.

18 **Future Product Introductions**

Describe how future product introductions will be priced and align with Contract pricing proposed. What is the proposed frequency for new product introductions?

Our product development efforts create end-user solutions that are relevant, differentiated, and focused on quality, aesthetics, style, sustainable design, and reducing manufacturing costs. We also continuously improve and enhance existing products through ergonomic research, improved manufacturing processes, alternative materials, and engineering support and training in each of our operating units. New products are generally introduced quarterly and will be priced similarly to like products within a product category. For instance, new task seating products will receive the same discount as current task seating products on contract. If, for some reason, new products do not adequately align with current categories, we will submit our new products for consideration with an explanation as to why they do not meet the current criteria. HON will follow the requirements of the contract for new product introductions.

19 **Are repurpose or end of life programs offered? If so, explain the process.**

In the effort to keep HNI products out of the landfill, even after years of regular use, our company is actively researching ways to give our products a second life. To this end, we have partnered with Asset Network for Education Worldwide® (ANEW ®), a non-profit founded in 2004 to repurpose used office furnishings. Through HNI's partnership with ANEW®, customers can repurpose their products, support local and national organizations, and reduce waste. Many of our dealers have Furniture Take Back, Pre-Owned Furniture, and Decommissions Programs to help with these efforts and support their local communities, such as donating furniture to local organizations. Additionally, we provide disassembly diagrams and environmental data sheets for our products. These documents detail information on product materials and recyclability. They are intended to inform and support our customers on how to effectively recycle our products at the end of their useful life.

20 **Are product loaner programs available? If so, explain the requirements.**

Product loaner programs are not available at this time. Should we introduce this as an option in the future, we will work with OMNIA to understand if it is mutually beneficial to this service to our contract.

21 **Describe experience with Prevailing Wage and Bacon-Davis.**

The HON Company, utilizing our authorized dealer partners, has decades of experience servicing public sector agencies. Prevailing wage and Davis-Bacon Act requirements are familiar provisions found in many of HON's public sector contracts. HON monitors and maintains contract compliance with applicable federal and state regulations. Since authorized dealers perform or facilitate services on behalf of HON, we flow down prevailing wage and Davis-Bacon Act contract requirements to our authorized dealers and require each to certify compliance with such provisions prior to receiving authorization to service HON's public sector contract.

22 **Not to Exceed Pricing**

Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary structure is not acceptable.

23	**Special Offers/Promotions** In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the no-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.
24	**Federal Funding Pricing** Due to products and services potentially being used in response to an emergency or disaster recovery situation in which federal funding may use, provide alternative pricing that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. Products and services provided in a situation where an agency is eligible for federal funding, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit. ☑ Agree ☐ Disagree
25	**Appendix D, Exhibit A, OMNIA Partners Response for National Contract** Include a detailed response to Appendix D, Exhibit A, OMNIA Partners Response for National Cooperative Contract. Responses should highlight experience, demonstrate a strong national presence, describe how Offeror will educate its national sales force about the Contract, describe how products and services will be distributed nationwide, include a plan for marketing the products and services nationwide, and describe how volume will be tracked and reported to OMNIA Partners.
26	**Appendix D, Exhibit B, OMNIA Partners Administration Agreement** The successful Offeror will be required to sign Appendix D, Exhibit B, OMNIA Partners Administration Agreement prior to Contract award. Offerors should have any reviews required to sign the document prior to submitting a response. Offeror's response should include any proposed exceptions to OMNIA Partners Administration Agreement on Appendix B, Terms and Conditions Acceptance Form.
27	**Appendix D, Exhibits F and G** Include completed Appendix D, Exhibits F. Federal Funds Certifications and G. New Jersey Business Compliance.
28	**Emergency Orders** Describe how Offeror responds to emergency orders. We make our best effort to meet the requested dates of our customers within our standard lead times for the products being rush ordered. There is a non-discountable 3.5% list up-charge if a date earlier than our standard lead times is required. If the emergency or rush delivery is a result of a dealer error or The HON Company's error such as shortage, damage, etc. HON will make every effort to expedite the product at no cost to the OMNIA Partner member. When you work with HON, you work with specialists in all areas, including customer support, order management, and production scheduling. These individuals form a tightly integrated team to ensure everything possible is done so that you receive your complete order on time. The HON team will leverage our multiple production facilities across the United States and extensive distribution network to provide the best possible outcome for each emergency order.
29	**What is Offeror's average Fill Rate?** For HNI and HON , fill rate equates to lead time. Our Compass software allows dealers to create quick and accurate quotes that immediately provide them with estimated lead times. Should a product have extended lead times, our authorized dealer will work with the customer to provide alternative solutions rapidly. On average, our lead times range from 4-6 weeks, at times as fast as 3 weeks. Our promise to deliver durable, reliable products efficiently and quickly remains intact. Like most manufacturers, our business has been impacted by the market dynamics effecting demand, supply chain and logistics, and labor. HNI has developed and deployed a strategic response plan to address these dynamics and mitigate the impact to our valued clients.

30 What is Offeror's average on time delivery rate?

Describe Offeror's history of meeting the shipping and delivery timelines.

We monitor Complete and On-time shipments and report results to leadership daily. We maintain a 97% complete shipment result and a 95% on-time performance metric for truckload deliveries. Transit times and conditions vary based on size, distance and final destinations. HON and HNI use a supply-chain visibility platform named FourKites for tracking HON shipments. This service provides our Customer Support teams with real-time updates and visibility to shipments across the country. Authorized dealers place orders using a specific contract number assigned to the OMNIA contract for ease and accuracy of capturing OMNIA associated sales volume to meet reporting requirements and deadlines.

31 Describe Offeror's history of meeting the shipping and delivery timelines.

The HON and HNI delivery model is unequaled for on-time delivery performance using a measurement called Complete and On-time (COT) to assess delivery performance. Our COT is tracked on a daily basis in all of our manufacturing facilities. The industry standard for on-time performance is to be measured in weekly increments however, this type of approach overlooks daily performance failures and disguises the true impact on the client. At HON, we calculate COT by dividing units produced by units scheduled to get a daily score. Examples of these metrics are below: Measuring COT for Production: Units produced divided by units scheduled equals percent complete. Distribution COT: Orders shipped divided by orders dispatched by hour equals percent COT. We monitor Complete and On-time shipments and report results to leadership daily. We maintain a 97% complete shipment result and a 95% on-time performance metric for truckload deliveries.

32 Describe Offeror's return and restocking policy.

HON's dealer network works closely with customers to ensure product needs are clearly identified and that the product selections meet these needs. Therefore, the need to return is minimal. In the event a return is being considered, the dealer will assist the customer in this process. Most HON and HBF products are made-to-order, so restocking is not usually viable. Returns for made-to-order products, if approved, that are not a result of damage, order entry error, etc., may be subject to a return fee of up to 45% of the invoiced amount plus the cost of return freight. Upon receipt of necessary information regarding the return, HON or HBF will issue a return authorization to the customer outlining items to be returned and where the items should be shipped. All returns must be made within 30 days after the return authorization is issued. Merchandise must be returned in the original shipping cartons with proper inner packing and is subject to inspection before acceptance.

33 Describe Offeror's ability to meet service and warranty needs.

Please reference our complete warranty information on https://www.hon.com/warranty or in the attachment Attribute 12_Warranty. After the project is completed, in the event of a warranty issue, our authorized dealers will continue to provide support to our customers. The warranty process begins with the authorized dealer using our Quick Claim Tool. The dealer will enter the required information into the Quick Claim Tool, which creates a work order for the warranty issue at hand. Once this work order is approved, HON will work with the manufacturing and other necessary teams to quickly find a resolution to the issue. After reviewing the information, a decision will be made to resolve the issue by sending replacement parts or full replacement of the product. Customer Support will notify the dealer of the resolution plan and any additional information (including order numbers).

34 Describe Offeror's customer service/problem resolution process. Include hours of operation, number of services, etc.

Our Customer Service team can provide sales, product information, and warranty services between the hours of 8:00 am and 5:00 pm CST, Monday through Friday. In addition, we accept emails and orders 24 hours a day and commit to respond to all inquiries within 8 hours of receipt during normal business hours, striving for complete resolution in 48 hours or less. General inquiries and warranty claims are processed by a team of service professionals following a 'Quick Claim' process. Orders greater than $500K list are assigned to a project coordinator to streamline order entry, align production and delivery schedules based on your requirements, and monitor for speedy punch resolution. The dedicated project coordinator maintains close contact with the servicing dealer from the time of award until completion, supporting the planned installation timeline. If an issue is unresolved in a timely manner, we involve our CS leadership team to get resolution.

35	**Describe Offeror's invoicing process. Include payment terms and acceptable methods of payments. Offerors shall describe any associated fees pertaining to credit cards/p-cards.**

Invoices are created and released at the time of order shipment with payment terms of Net 30 days. Agencies and dealers both have the capability to monitor and pay invoices within HON's Oracle system. The agency or dealer being invoiced will be able to review and print invoices, monitor due dates, process ACH payments, and dispute amounts all in one simple and functional online platform. In addition, a dedicated Credit Analyst is available to assist with any issues or questions the agency or authorized dealer may have about Oracle or invoices. There are no additional fees when using a credit card/p-card for payment. Please note that payment terms and acceptable methods of payment can be found in Attribute 16.

57	**Brief history and description of Supplier to include experience providing similar products and services.**

Guided by timeless values, a culture of membership, and a commitment to service, The HON Company is a leading designer and manufacturer of workplace furniture for the government, public sector, and non-profits. The HON Company began when founder, C. Maxwell Stanley, foresaw a post-war housing boom at the end of WWII. He had the idea to start a manufacturing company that would put returning GI's to work. With the help of his brother-in-law; Clement T, Hanson began making steel kitchen cabinets under the business called "Home-O-Nize". Following a severe steel shortage after the war, the Home-O-Nize focus shifted from the home market to the contract business. The company survived the steel shortage by designing products that could be made from leftover scrap metal. Because the name Home-O-Nize no longer fit the company's business focus, we began using the acronym H-O-N which later became HON. We officially became HON Industries in the 1960's. Today, HNI Corporation manages multiple office furniture brands — including HON, Allsteel, Gunlocke, and HBF. But it all started with HON, and we're still the largest operating company under HNI. A lot of people perceive premium design as synonymous with high prices. But that's a concept we flat-out reject. Why should a chair made with quality materials and thoughtful craftsmanship only be available to a certain set of customers? It's a question that's driven our company since 1947, when the first HON office furniture was released. And it still does today. We use our expertise in industrial design, product modeling and scalable production to create modern, quality office furniture that's available for everyone—not just huge corporations with limitless budgets. For 75 years, we've advocated for a design process focused on efficiency and scalability—a process we continue to refine to deliver award-winning workplace and educational solutions at affordable prices. Today, our designs encourage organizations everywhere to provide the workplace amenities their employees expect while fostering productivity, focus, and collaboration. Since 1982, HON has been a leading federal contractor of office furniture. HON was awarded the OMNIA Partners contract in April 2010, formerly TCPN, and we have seen double digit growth every year. In 2014, OMNIA Partners became HON's lead nationwide public sector cooperative contract that is offered in all 50 states. References noted in Attribute 50 provides additional details on our experience providing similar products and services to our customers.

63 Describe any green or environmental initiatives or policies.

HNI's corporate social responsibility mission drives us to respect people, reduce our impacts, and redefine tomorrow by fostering transparency and empowering our members to do and be better. In 2020, HNI developed our first carbon emission reduction targets that were approved by the Science Based Targets initiative (SBTi). These targets are in line with the GHG reductions required to meet the Paris Agreement goal of keeping global warming below 1.5 degrees Celsius. HNI is working to reduce absolute combined Scope 1 and 2 GHG emissions 35% by 2025 from 2018 baseline and reduce Scope 3 GHG emissions 40% per ton of products sold by 2035 using innovative product life cycle assessments. Since 2020, HNI has sourced 100% renewable electricity for global operations. Since 2018, we reduced combined Scope 1 and 2 GHG emissions by 64%. HNI joined RE100, a global corporate leadership initiative led by the Climate Group in partnership with CDP. As a member, HNI pledged to source 100% renewable electricity annually by 2030, which we met in 2020 and will continue to meet annually. We were recognized as one of the EPA Green Power Partnership's National Top 100 green power users for our efforts. Our goal is to cut our energy intensity by 50% by 2035. In our 2022 baseline energy audit, we discovered that our intensity has risen since 2018, and our total energy usage has declined. Absolute energy has decreased almost 8% from 2018. By 2030, HNI aims to achieve zero waste to landfill for all facilities. We diverted over 70,000 tons of waste from the landfill in 2021 and 2022. The majority of HNI waste (63%) is now recycled or diverted from the landfill. The solid waste produced in our facilities (37%) goes to the landfill. Since 2018, our total water consumption has decreased by 30%. We design products to be repairable by providing replaceable parts, and we educate our customers, dealers, and installers on ways to fix or retrofit products to make them last longer. Our products meet or exceed industry performance standards, which typically represent a 10-year lifespan. When our products do finally reach the end of their useful lives, we want to see component materials recycled locally and kept out of landfills. We provide environmental data sheets and disassembly diagrams to our customers, which detail the materials used in the products and provide guidance on which components can be recycled. As of 2022, we have 34 Environmental Product Declarations and plan to continue this work annually. By 2025, we are aiming to understand the chemical constituents down to 100 parts per million (ppm) for 100% of our materials by spend across the portfolio. Our packaging is the first point of contact between customers and our products. HNI is focused on eliminating all non-recyclable packaging materials by 2025, including eliminating Styrofoam. As of the end of 2022, our HNI Workplace Furnishings division omitted nearly 3.2 million parts of EPS from product packaging and achieved over 46% reduction. Our product development teams continue to identify packaging solutions, and in the process, have found several types of non-recyclable foam beyond EPS that are used in our product packaging. In several cases, we have been able to replace the non-recyclable foam with recycled corrugated cardboard, and we are continuing to research alternative materials. This requires engineering design and testing to ensure uncompromised product delivery and quality. Please review the attached HNI 2022 CSR Report or visit https://www.hnicorp.com/social-responsibility for more information. HNI is proud to announce that we will be completely free of intentionally added PFAS in our standard textiles and finishes in July of 2024. We are actively working with our suppliers and partners to transition our finishes to PFAS free versions, so that we able to provide quality product without harsh chemical treatments.

We encourage diversified suppliers to participate in our proposal processes and have a program that measures supplier diversity as defined by the U.S. government. Our business model contains a relatively large proportion of made-to-order business, so it is critical suppliers and dealer partners are a good match for our business needs, as well as meeting the standards of our end customers. Certifications can be requested from the authorized dealers by eligible Purchasing Agencies.

76 Describe how supplier differentiates itself from its competitors.

HON is the commercial and educational furnishings brand that helps customers make their space work, with lasting function customers can depend on, a fresh look, and clever features, all at a reasonable price. HON customers benefit from our decades of manufacturing experience and expertise, extensive product line, and broad dealer network. And they can be assured of HON's commitment to flawless orders, on time and accurate every time. We take the time to understand our customers' environments and goals, to create workspace solutions that work best for them. With one of the industry's leading product development cycles, we innovate quickly and build what our customers want at a price they can afford, one of many ways in which HON sets ourselves apart from our competitors. An example of innovation fueled by our product development process is our product line called SoCo™, which launched this year. SoCo—an intuitive modular lounge series designed to encourage the ease of both collaborative and focused work—offers ample comfort, unlimited configuration possibilities, and a soft, tailored aesthetic for productive shared spaces. Actions speak louder than words, but our words must also explain how we act. A key function of our "customer first" mission is how we communicate; this is a complex, often overwhelming industry, and our goal is to make buying furniture easier. We partner with our authorized dealers who service our customers on a local level. Our authorized dealer partners are ambassadors of our brand and are held to our high service standards through dealer agreements. With our extensive network of authorized dealers HON can service any customer anywhere in the U.S. We also provide them with the right tools to make the specifying and purchasing process easier, such as our Award Winning CET extension, Product Configurator, Digital Catalog with enhanced content including videos. We recently adopted "make your space work" into our communications, and it's more than just a tagline. It's a four-word statement about what HON products can help customers achieve. "Make your space work" means something very personal to every single customer who encounters that message. We have a cohesive energy across the company, and we have the ability to be relevant to every different customer and their needs. This approach, like many others at HON, is holistic; it's an all-hands-on-deck effort across departments to ensure customers have access to the products and solutions they need and when they need them. Those elements allow us to differentiate ourselves from our competitors with products that meet real-world needs, flawless execution, dedicated member culture and commitment to our partners. Our competitors are smaller in size and name brand recognition, develop less-than full-line products, offer limited solutions and tend to have restricted distribution and dealer networks. HON is proud to distribute to 599 unique dealer partners. We believe our history with OMNIA Partners supports our position as an industry leader in furniture at the best total value.

Ensuring Participating Agencies feel confident they are receiving accurate pricing and products under our Master Agreement is important to HON. There are multiple ways in which we approach compliance, below is an overview of how Participating Agencies can confirm they are receiving products in accordance with the Master Agreement. Through our authorized dealers: Our Business Development Managers work one-on-one with each of our nationwide network of authorized dealers to ensure they are properly trained on the products, pricing, and requirements of the OMNIA Partners contract. HON has developed several tools our dealers can utilize to ensure eligible contract users receive accurate pricing, they include Compass and Contract Summary Document. Compass is our online pricing tool made available to dealers. Compass provides exact net pricing for eligible products, based upon order size, discounts, and list prices approved on the contract. Compass allows dealers the ability to create quick and accurate price quotes for customers. The Compass tool ensures our dealers can provide agencies with accurate contract pricing and products – reducing the need for agencies to issue modifications. Participating Agencies can request a copy of the Compass quote through our authorized dealer partner or can contact HON directly. Our contract summary document provides our dealers with an overview of the pricing, products, and terms and conditions, including an overview of eligible customers, products approved under our contract, list pricer in effect, pricing for approved services, product discounts, and ordering instructions. A contract summary document is completed for each individual state that executes a Participating Addendum. Through our Government Customer Support Team: Our Government Customer Support Representatives are trained on the requirements of our Federal, State, Local, and Cooperative contract programs and provide informed responses to both our end customers and our nationwide network of dealers. Government Customer Support members have been formally trained to answer product, warranty, ordering, pricing, delivery, and other types of questions within an industry-leading response time. Government Customer Support team is available between the hours of 8:00 a.m. – 5:00 p.m. Monday through Friday CST to answer phone and e-mail inquiries. Our general customer service line is also available from 7:00 a.m. – 6:00 p.m. Monday through Friday CST. Through Systematic Parameters (Oracle EBS): HON uses an Order Entry system called Oracle EBS. Each participating agreement is assigned a unique 4-digit code in this system which allows us to accurately isolate and identify all orders placed under the agreement. The 4-digit code also aligns to the pricing, product, and terms and conditions of each individual contract ensuring each order receives accurate, real-time, contract pricing. The 4-digit code will support only those products identified as eligible on the contract.

HNI and HON continues to invest in systems which allow us to provide world class capabilities to our dealers and our customers. In 2018 we invested millions of dollars to ensure we were the industry leader for digital capabilities and underwent an eight-year intensive preparation cycle to adapt these principles with Oracle. HNI and HON utilizes an Oracle ERP Enterprise system to manage its entire business platform. The system cohesively integrates all business activities including Sales, Manufacturing, AR, and AP. Oracle manages all orders loaded into the system and schedules manufacturing based on demand and supply chain variables. All activities are electronically coordinated to ensure that lead times are maintained and uphold customer expectations. There are backup systems including manual override capabilities to address individual and custom requirements as they occur. Our preferred method is to have eligible customers submit their orders through our authorized dealers. Dealers will review customers' orders to ensure accurate pricing and product information prior to order. Dealers can place an order directly through The Community powered by Salesforce, via email, or EDI. Online resources are available to our dealers 24 hours a day, 7 days a week. HNI has a fully integrated order entry platform that allows us to receive and enter purchase orders directly from the participating entity. The order execution process is automatic and allows us to acknowledge the order for a ship date with integrated technology in the first 24 hours of receipt. A Delivery Appointment Notification will be sent via email for the authorized dealer or customer to confirm delivery details. Once the order is acknowledged, dealers or customers has access to real-time order status updates. Invoices are created and released at the time of order shipment. Agencies and Dealers both have the capability to monitor and pay invoices within HNI's Oracle system. The agency or dealer being invoiced will be able to review and print invoices, monitor due dates, process ACH payments, and dispute amounts all in one simple and functional online platform. In addition, a dedicated Credit Analyst is available to assist with any issues or questions the agency or authorized dealer may have about Oracle or invoices.

We kindly request that OMNIA and Region 4 agree to a start date of May 1, 2025, to coincide with our current contract's April 30, 2025 expiration date. We have many riders and piggyback agreements tied to OMNIA. Allowing ample time between the award date and the new contract start date will allow us to seamlessly transition these agreements and reduce the risk of any lapse in coverage for our mutual customers.

HON is not merely offering great product solutions but will continue to work diligently towards building a lasting partnership between our organizations. With this proposal, our desire is to demonstrate continued dedication towards Region 4, OMNIA Partners, and our shared customers.

Sincerely,

Eric Schroeder

Leadership

Message from Jeffrey Lorenger, Chairman, President and CEO

In 2022, HNI celebrated 75 years of creating products that encourage collaboration and productivity in the workplace and warm memories at home. Since our founding, we are proud to have continually built a great place to work for our members.

Looking forward to our next 75 years, and beyond, we continue to build on our strong foundation and launch new initiatives to lead HNI into the future.

These initiatives are based on our belief that tomorrow must be more inclusive, safer, and more sustainable than yesterday to meet the pressing challenges ahead. We anchor this work in our corporate social responsibility (CSR) strategy called CORE: Conscious Operations and Responsible Environments. CORE is HNI's blueprint for the future to promote respect and a place for all members, reduction of our environmental and climate impacts, and creation of more sustainable products.

CORE integrates our belief in respecting people and supporting our communities, and it promotes HNI Belong. HNI Belong focuses on increasing diversity throughout the company including growing the number of women and ethnically diverse members serving at manager level and above.

To demonstrate our commitment to CORE, in 2021, we began aligning executive compensation with our diversity goals, and in 2022, we began aligning executive compensation with our sustainability goals. In this way, we are strengthening and motivating our entire organization toward achieving the CSR goals outlined in this report.

We understand the call to innovate and think about our resources in new ways. This year, across all HNI brands and departments, we found ways to further reduce energy consumption, emissions, and waste. We are embracing sustainability as part of our company culture and as an important consideration in all of our decisions.

As part of this work, we have aligned our emissions targets to the Science Based Targets initiative (SBTi) in an effort to reduce global warming and limit the impact of climate change.

As we build the elements of CORE into our culture, we are providing an opportunity for all of our members to get even more involved and empowered to help create positive change—being more inclusive; becoming better stewards of our resources; and building stronger, healthier communities.

As you will learn in the following pages, HNI is gaining momentum and making important strides toward our corporate CSR goals. As we continue to grow our family of brands with the addition of Kimball International, we collectively are committed to the long-term success of HNI, which includes our commitment to the objectives outlined in this report. Please join us on our journey.

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). 2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. **CONTRACT REMEDIES**

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. **TERMINATION FOR CAUSE AND CONVENIENCE**

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. **EQUAL EMPLOYMENT OPPORTUNITY**

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment

Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a

part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every dealer subcontract ~~or purchase order~~ unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each dealer subcontractor ~~or vendor~~. The contractor will take such action with respect to any dealer subcontract ~~or purchase order~~ as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a dealer subcontractor ~~or vendor~~ as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant

orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of
$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental,

developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or

employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, The HON Company LLC, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds
$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. DOMESTIC PREFERENCES FOR PROCUREMENTS

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or ComptrollerGeneral.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or

fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpt.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s).** As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

RE: Solicitation Number 24-08 Request for Proposal by Region 4 Education Service Center ("ESC") for Maintenance, Repair and Operations Supplies, Equipment, and Related Products and Services, Appendix C, Doc #1, Acknowledgment and Acceptance of Region 4 ESC's Open Records Policy and Confidential Disclosure

Dear: Region 4 ESC,

Through this letter, W.W. Grainger, Inc. ("Grainger") acknowledges and claims that portions of its response to Solicitation Number 24-08 Request for Proposal ("RFP") by Region 4 Education Service Center ("ESC") for Maintenance, Repair and Operations ("MRO") Supplies, Equipment, and Related Products and Services (please see attachment), are, in accordance with Region 4 ESC's Open Records Policy at RFP Appendix C, Doc #1, protected from disclosure under Tex. Gov't Code § 552.110 and § 552.1101.

Information Excepted from Disclosure under Tex. Gov't Code § 552.110

Under Tex. Gov't Code § 552.110(b), except as provided by Tex. Gov't Code § 552.0222 (disclosure of contracting information), information is excepted from disclosure if it is demonstrated based on specific factual evidence that the information is a trade secret. Trade secret is defined as:

> all forms and types of information, including business, scientific, technical, economic, or engineering information, and any formula, design, prototype, pattern, plan, compilation, program device, program, code, device, method, technique, process, procedure, financial data, or list of actual or potential customers or suppliers, whether tangible or intangible and whether or however stored, compiled, or memorialized physically, electronically, graphically, photographically, or in writing if:
>
> (1) the owner of the trade secret has taken reasonable measures under the circumstances to keep the information secret; and
>
> (2) the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.

Similarly, except as provided by Tex. Gov't Code § 552.0222, commercial or financial information as defined in Tex. Gov't Code § 552.1101, for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained is excepted from disclosure. Tex. Gov't Code § 552.110(c).

Grainger has shared certain of its information that is comprised of Grainger's trade secret information and commercial or financial information, and this trade secret and commercial or financial information is excepted from disclosure under Tex. Gov't Code § 552.110.

Trade Secret Information

The Attorney General's Public Information Handbook states:

> Prior open records decisions of the attorney general use the definition of "trade secret" from the Restatement of Torts, section 757 (1939). However, "trade secret" is now defined within section 552.110(a). Accordingly, analyses of section 552.110 must use the definition within section 552.110(a).
>
> … Open Records Decision No. 552 (1990), discussing the predecessor statute, noted that the attorney general is unable to resolve disputes of fact regarding the status of information as "trade secrets" and must rely upon the facts alleged or upon those facts that are discernible from the documents submitted for inspection. For this reason, the attorney general will accept a claim for exception as a trade secret when a prima facie case is made that the information in question constitutes a trade secret and no argument is made that rebuts that assertion as a matter of law.

Certain portions of Grainger's RFP responsive constitutes trade secret and confidential commercial and proprietary information maintained by Grainger with respect to which Grainger has taken reasonable measures under the circumstances to keep secret, specifically the identity and the contact information of its sales staff, its business references, organizational structure, business model, accomplishments, strategy, including strategic investments, initiatives, operational plans and functionalities, discounts and pricing methodology, processes, algorithms, system capabilities and weaknesses, reporting, and, its industry best practices and innovations (the "Trade Secret Information"). As described in further detail herein, Grainger, as the owner of the Trade Secret Information, has taken reasonable measures to keep the information secret; and the Trade Secret Information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person or business entity who can obtain economic value from the disclosure or use of the information, e.g., Grainger's competitors.

Confidential Commercial and Proprietary Information

The Trade Secret Information also constitutes confidential commercial and proprietary information, disclosure of which would cause substantial competitive harm to Grainger. If the Trade Secret Information contained in Grainger's response to this RFP is made public, Grainger's competitive position in relation to its competitors would be substantially and negatively impacted.

Exceptions, relevant to the scenario at hand, from release of confidential and proprietary information are addressed in Tex. Gov't Code § 552.1101, wherein:

> (a) Except as provided by Tex. Gov't Code § 552.0222, information submitted to a governmental body by a vendor, contractor, potential vendor, or potential contractor in response to a request for a bid, proposal, or qualification is excepted from the requirements of Tex. Gov't Code § 552.021 if the vendor, contractor, potential vendor, or potential contractor that the information relates to demonstrates based on specific factual evidence that disclosure of the information would:
>
> (1) reveal an individual approach to:
>
> (A) work;
> (B) organizational structure;

(C) staffing;
(D) internal operations;
(E) processes; or
(F) discounts, pricing methodology, pricing per kilowatt hour, cost data, or other pricing information that will be used in future solicitation or bid documents; and

(2) give advantage to a competitor.

Based on Grainger's argument here and supporting information, and although narrative provided within Grainger's RFP may, individually appear in the public domain, collectively it does not. It is the collection and strategic presentation of RFP information that, if released, will give advantage to a Grainger competitor. To this end, Grainger claims that the Trade Secret Information included within its RFP falls within exceptions presented by Tex. Gov't Code § 552.110 and § 552.1101, and therefore, should not be disclosed.

Conclusion

If or as required in response to a third-party request for release of information within Grainger's RFP, identified page-by-page and line-by-line as exempt from disclosure, Grainger respectfully requests that the Attorney General confirm that the Trade Secret Information contained and identified within this RFP is not subject to disclosure under Tex. Gov't Code § 552.110 and § 552.1101.

Should you have questions or would like to discuss any aspect of our clarifications and exceptions in greater detail, please contact me.

Sincerely,

Ken White

I. SCOPE OF WORK

Region 4 Education Service Center ("**Region 4 ESC**") requests proposals from qualified suppliers with the intent to enter into a Contract for Maintenance, Repair and Operations (MRO) Supplies, Equipment, and Related Products and Services. Region 4 ESC is seeking a provider that has the depth, breadth and quality of resources necessary to complete all phases of the Contract. Awarded Offeror(s) shall deliver products and services under the terms of this agreement. While this solicitation specifically covers Maintenance, Repair and Operations (MRO) Supplies, Equipment, and Related Products and Services, each awarded Offeror may offer their complete product and service offering, or balance of line. Region 4 ESC reserves the right to accept or reject any or all balance of line items offered.

Region 4 ESC is an education service center established by the Texas Legislature in 1967 to assist school districts and charter schools in improving efficiencies. Region 4 serves a seven-county area comprised of 47 public school districts and 40 open-enrollment charter schools, representing more than 1.2 million students, 105,000 educators and 1,500 campuses. Through cooperative contracts Region 4 ESC extends the opportunity to operate more efficiently and economically to agencies nationwide through OMNIA Partners (see below).

The Contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other members. Although the awarded Offeror(s) may restrict sales to certain public units (for example, state agencies or local government units), any proposal that prohibits sales from being made to public school districts may not be considered. Sales without restriction are preferred. These types of contracts are commonly referred to as being "piggybackable."

The anticipated full term of the contract is five (5) years. The Successful Offeror(s) shall have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed five years. Any local agreements, project agreements, or maintenance agreements executed against resulting Master Agreement(s) during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by the Successful Offeror(s) and Participating Public Agencies.

NATIONAL CONTRACT

It is the intention of Region 4 ESC to establish a contract with a highly qualified offeror(s) for **Maintenance, Repair and Operations (MRO) Supplies, Equipment and Related Products and Supplies** on a national level. Offeror(s) shall, at the request of Region 4 ESC, provide these covered products and associated services under the terms of this RFP and the CONTRACT TERMS AND CONDITONS.

Region 4 ESC, as the Principal Procurement Agency, defined in Exhibit D, has partnered with OMNIA Partners, Public Sector, Inc., a Delaware corporation ("**OMNIA Partners**") to make the resultant contract (also known as the "**Master Agreement**" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entitles, non-profit entities, and agencies for the public benefit (**"Public Agencies**"), through OMNIA Partners' cooperative purchasing program. Region 4 ESC is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use

of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "**Participating Public Agency**") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Purchasing Cooperative Agreement, a form of which is attached hereto on Exhibit D, or as otherwise agreed to. Exhibit D contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners' public sector subsidiaries and affiliates, our participants have access to competitively solicited and publicly awarded cooperative agreements. For all public sector contracts, the lead agency contracting process continues to be the foundation on which we were established. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (Exhibit D).

While no minimum volume is guaranteed to the Contractor, the estimated annual volume of Maintenance, Repair and Operations (MRO) Supplies, Equipment and Related Products and Services purchased under the Master Agreement through OMNIA Partners is approximately $350 Million. This projection is based on the current annual volumes among Region 4 ESC, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Contractor and OMNIA Partners.

Customer Support

Contractor shall provide timely and accurate technical advice and sales support to Region 4 ESC staff and Participating Agencies. Contractor shall respond to such requests within one (1) working day after receipt of the request.

   The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror or Contractor. Offeror is advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information. After completion of award, these documents will be available for public inspection.

   a) Offeror has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor

or service to a public servant in connection with this proposal and any subsequent Contract.

Offerors must include a complete description of any and all relationships that might be considered a conflict of interest in doing business with Region 4 ESC.

b) To the best of Offeror's knowledge, the proposal has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other Offerors or potential Offerors in the award of a Contract resulting from this RFP.

c) Offeror is not currently delinquent in the payment of any franchise taxes.

d) The individual signing the submittal is an authorized agent for the Offeror and has the authority to bind the Offeror to the Contract.

7. Waiver: By submitting a proposal, Offeror expressly agrees to waive any claim it has or may have against Region 4 ESC, its directors, officers, its trustees, or agents arising out of or in connection with (1) the administration, evaluation, recommendation of any proposal; (2) any requirements under the solicitation, proposal package, or related documents; (3) the rejection of any proposal or any part of any proposal; and/or (4) the award of a Contract, if any.

   Region 4 ESC shall not be responsible or liable for any costs incurred by Offerors or the successful Offeror in connection with responding to the RFP, preparing for oral presentations, preparing and submitting a proposal, entering or negotiating the terms of a Contract, or any other expenses incurred by an Offeror. The Offeror is wholly responsible for any such costs and expenses and shall not be reimbursed in any manner by Region 4 ESC.

8. Conditions of Submitting Proposal: Submission of a proposal confers no right on an Offeror to an award or Contract. Region 4 ESC, in its sole discretion and for any reason or no reason, reserves the rights to reject any or all proposals, accept only a part of any proposal, accept the proposal deemed most advantageous to Region 4 ESC, and waive any technicalities. The issuance of this RFP does not obligate Region 4 ESC to make an award or negotiate or execute a Contract. Prior to submission due date and time, Region 4 ESC reserves the right to amend the terms and provisions of the RFP, extend the deadline for submission of proposals, or withdraw the RFP entirely for any reason solely at Region 4 ESC's discretion. A proposal may be rejected if it fails to meet any requirement of this RFP.

9. Amendment of Proposal: A proposal may be amended prior to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

10. Withdrawal of Proposals: Withdrawal of proposals prior to the opening date can be made within the electronic bidding system. Telephonic or oral withdrawals shall not be considered. After the opening date consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any Contract entered into prior to Region 4 ESC receiving notice must be honored. No Offeror should assume their withdrawal request

has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

11. Offer and Acceptance Period: In order to allow for an adequate evaluation, Region 4 ESC requires a proposal in response to this RFP to be valid and irrevocable for one-hundred twenty (120) days after the proposal due date and time.

12. Non-Responsive Proposals: All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the Contract, and the Offeror shall receive notice of the non-award of its proposal.

13. Discussions: Region 4 ESC reserves the right to conduct discussion with Offerors for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal in order to clarify a proposal and assure full understanding of, and responsiveness to, the RFP requirements.

14. Negotiations: In the event Region 4 ESC decides to conduct negotiations, exclusive or concurrent negotiations may be conducted with Offerors reasonably susceptible for award. During the course of negotiations, no Offeror's proposal, including pricing, shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Exclusive or concurrent negotiations shall not constitute a Contract award, nor shall it confer any property rights to the successful Offeror. In the event Region 4 ESC deems negotiations are not progressing, Region 4 ESC may formally terminate these negotiations and may enter into subsequent exclusive or concurrent negotiations with the next most qualified Offeror(s).

15. Best and Final Offer: Region 4 ESC, in its sole discretion, may request Offerors reasonably susceptible for award to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior submission will be considered its Best and Final Offer.

16. Specifications: When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members. References to manufacturer's specifications ("Design Guides"), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

17. Quality of Materials or Services: Offeror shall state the brand name and number of the materials being provided. If none is indicated, it is understood that the Offeror is proposing the exact brand name and number specified or mentioned in the solicitation. However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

18. Samples: Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show the sample does not comply with solicitation requirements. Submissions may no longer be considered for failing to submit samples as requested.

19. Formation of Contract: A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a Contract until it is awarded by Region 4 ESC. A Contract is formed when Region 4 ESC's board signs the Offer and Contract Signature Form. The signed Offer and Contract Signature Form provided with the RFP response eliminates the need for a formal signing process.

20. Multiple Awards: Region 4 ESC reserves the right to award Contract(s) to multiple Offerors. The decision to award multiple Contracts, award only one Contract, or to make no awards rests solely with Region 4 ESC.

21. Non-Exclusive: Any Contract resulting from this solicitation shall be awarded with the understanding and agreement it is for the sole convenience and benefit of Region 4 ESC. Region 4 ESC reserves the right to obtain like goods and services from other sources.

22. Protest Procedure: Any protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm Central Time. No protest shall lie for a claim that the selected Offeror is not a responsible Offeror. Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Staring on January 1, 2016, the commission made available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. This process is known as acknowledging the certificate. The commission will post the acknowledged Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. The posted acknowledged form does not contain the declaration of signature information provided by the business.

A certificate will stay in the pending state until it is acknowledged by the governmental agency. Only acknowledged certificates are posted to the commission's website.

Requirements for National Cooperative Contract To Be Administered by OMNIA Partners

The following documents are used in evaluating and administering national cooperative contracts and are included for Supplier's review and response.

Exhibit A – Response for National Cooperative Contract

Exhibit B – Administration Agreement, Example

Exhibit C – Master Intergovernmental Cooperative Purchasing Agreement, Example

Exhibit D – Principal Procurement Agency Certificate, Example

Exhibit E – Contract Sales Reporting Template

Exhibit F – Federal Funds Certifications

Exhibit G – New Jersey Business Compliance

Exhibit H – Advertising Compliance Requirement

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

Region 4 ESC (hereinafter defined and referred to as "**Principal Procurement Agency**"), on behalf of itself and OMNIA Partners, Public Sector, Inc., a Delaware corporation ("**OMNIA Partners**"), is requesting proposals for Maintenance, Repair and Operations (MRO) Supplies, Equipment, and Related Products and Services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("**Master Agreement**") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("**Public Agencies**"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B). At Supplier's option, Suppliers may pay additional fees beyond administrative fees, such as technology fees, to OMNIA Partners and/or a third party for additional support and/or access to OMNIA Partners' technology platform.

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $350M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery,

diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. K. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

L. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

M. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

N. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

With regard to Personal Information that Supplier collects, receives, or otherwise processes under the Agreement or otherwise in connection with performance of the Agreement, Supplier agrees that it will not: (i) sell, rent, release, disclose, disseminate, make available, transfer, or otherwise

communicate orally, in writing, or by electronic or other means, such Personal Information to another business or third party for monetary or other valuable consideration; or (ii) retain, use, or disclose such Personal Information outside of the direct business relationship between Supplier and OMNIA Partners or for any purpose other than for the specific purpose of performance of the Agreement, including retaining, using, or disclosing such Personal Information for a commercial purpose other than for performance of the Agreement. By entering into the Agreement, Supplier certifies that it understands the specific restrictions contained in this Section 7 and will comply with them. For purposes hereof, "**Personal Information**" means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household, and includes the specific elements of "personal information" as defined under Data Regulations, as defined herein. Supplier will reasonably assist OMNIA Partners in timely responding to any third party "request to know" or "request to delete" (as defined pursuant to Data Regulations) and will promptly provide OMNIA Partners with information reasonably necessary for OMNIA Partners to respond to such requests. Where Supplier collects Personal Information directly from Public Agencies or others on OMNIA Partners' behalf, Supplier will maintain records and the means necessary to enable OMNIA Partners to respond to such requests to know and requests to delete.

8. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A COOPERATIVE CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

9. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

10. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector) or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

11. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website.

Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

12. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of __ percent (__%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds and credits on returns, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

13. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

14. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 13, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

15. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting material underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will

have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

16. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this "**Agreement**") is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate ("**Principal Procurement Agencies**") with OMNIA Partners, Public Sector, Inc., a Delaware corporation f/k/a National Intergovernmental Purchasing Alliance Company; Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities, and/or NCPA LLC, a Texas limited liability company d/b/a National Cooperative Purchasing Alliance (collectively, "**OMNIA Partners**"), in its capacity as the cooperative administrator, to be appended and made a part hereof and such other agencies ("**Participating Public Agencies**"), as defined in each Master Agreement (as defined below), who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the "**OMNIA Partners Parties**") by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into "**Master Agreements**" (herein so called) to provide a variety of goods, products and services ("**Products**") to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.

2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency's procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations,

including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider; provided that the foregoing shall not prohibit Participating Public Agency from furnishing health care services so long as the furnishing of health care services is not in furtherance of a primary purpose of the Participating Public Agency.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program, provided that the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE

PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Oct 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Items. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws
b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit

of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's

commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the

Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any

subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of

$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the

Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage

payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. b) Suspended from participation in any federally assisted Award;
c) Proposed for debarment from participation in any federally assisted Award;

If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to

suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

1) The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

CONFORMANCE WITH ITS NATIONAL ARCHITECTURE

When applicable:

1) Contractor shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Section 512 and as amended by MAP-21 23 U.S.C. § 517(d), note and follow the provisions of FTA Notice, "FTA National Architecture Policy on Transit Projects," 66 Fed. Reg.1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

ADA ACCESS

1) In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 et seq., the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 et seq., and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against individuals on the basis of disability. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

SAFE OPERATION OF MOTOR VEHICLES

1) *Seat Belt Use* - The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by the Contractor or Participating Public Agency.

2) *Distracted Driver* - The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor's receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

a. The items to be procured are urgently required;
b. Delivery or performance will be unduly delayed by failure to make the award promptly; or
c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

   a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or
   b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.

   A protest filed with FTA shall:

   a. Include the name and address of the protestor.
   b. Identify the grantee, project number, and the number of the contract solicitation.
   c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

      Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

Offeror agrees to comply with all terms and conditions outlined in the FEMA and Additional Federal Funding Special Conditions section of this solicitation.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

DEFINITIONS

Contract means a legal instrument by which a non–Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non–Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non–Federal entity that, consistent with 31 U.S.C. 6302–6305:

(a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non–Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;

(b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non–Federal entity in carrying out the activity contemplated by the Federal award.

(c) The term does not include:

(1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

(2) An agreement that provides only:

(i) Direct United States Government cash assistance to an individual;

(ii) A subsidy;

(iii) A loan;

(iv) A loan guarantee; or

(v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non–Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

(a)(1) The Federal financial assistance that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or

(2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non–Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.

(b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.

(c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).

(d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non–Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

(a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
(b) Is not organized primarily for profit; and
(c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non–Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non–Federal entity during the same or a future period.

Pass-through entity means a non–Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non–Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non–Federal entity may purchase property or services using small purchase methods. Non–Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is $250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non–Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Per FAR 52.204-24 and FAR 52.204-25, solicitations and resultant contracts shall contain the following provisions.

This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at https://dibnet.dod.mil. FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS

Awarded Supplier(s) (also referred to as Contractors) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

"Contract" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the "Master Agreement".

"Contractor" in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as "Supplier" or "Awarded Supplier".

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a "financial interest" to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an "apparent" conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency ("NFE") must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE's may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE's written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE's employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.

3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

a. Equal opportunity and nondiscrimination laws
b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at $250,000 for procurements made on or after June 20, 2018,4 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at $250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than $100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

a. Standard. All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246**,** *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).

b. Key Definitions.

i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which is paid for in whole or in part with funds obtained from the Government or borrowed on the credit

of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's

commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,* That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the

Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

a. Standard. All prime construction contracts in excess of $2,000 awarded by non- Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.

b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.

c. Requirements. If applicable, the non-federal entity must do the following:

i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.

iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

a. All transactions regarding this contract shall be done in compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.

c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

a. Standard. Recipient and subrecipient contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States").

b. Applicability. This requirement applies to all contracts for construction or repair work above $2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.

c. Requirements. If applicable, the non-federal entity must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland "Anti-Kickback" Act.

a. Contractor. The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

b. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any

subcontractor or lower tier subcontractor with all of these contract clauses.

c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12."

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.

b. Applicability. This requirement applies to all FEMA contracts awarded by the non- federal entity in excess of $100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of

$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts.* The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

a. Standard. If the FEMA award meets the definition of "funding agreement" under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).

b. Applicability. This requirement applies to "*funding agreements*," but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of "funding agreement."

c. Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

a. Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the

Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).

b. Applicability. This requirement applies to contracts awarded by a non-federal entity of amounts in excess of $150,000 under a federal grant.

c. Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

a. Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

c. Requirements.

i. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

ii. In general, an "excluded" party cannot receive a Federal grant award or a contract within the meaning of a "covered transaction," to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a "covered transaction," which is any non-procurement transaction (unless excepted) at either a "primary" or "secondary" tier. Although "covered transactions" do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS's implementing regulations, it does include some contracts awarded by recipients and subrecipients.

iii. Specifically, a covered transaction includes the following contracts for goods or services:

1. The contract is awarded by a recipient or subrecipient in the amount of at least $25,000.

2. The contract requires the approval of FEMA, regardless of amount.

3. The contract is for federally-required audit services.

4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of $25,000.

d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

a. Standard. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. FEMA's regulation at 44 C.F.R. Part 18 implements the requirements of 31 U.S.C. § 1352 and provides, in Appendix A to Part 18, a copy of the certification that is required to be completed by each entity as described in 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the Federal awarding agency.

b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs. Contractors that apply or bid for a contract of $100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

c. Suggested Language.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

d. Required Certification. If applicable, contractors must sign and submit to the non-federal entity the following certification.

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

2. 3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor, W.W. Grainger, Inc. certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. 11. PROCUREMENT OF RECOVERED MATERIALS

a. Standard. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. See 2 C.F.R. Part 200, Appendix II(J); and 2 C.F.R. §200.322.

b. Applicability. This requirement applies to all contracts awarded by a non- federal entity under FEMA grant and cooperative agreement programs.

c. Requirements. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

d. Suggested Language.

i. In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

1. Competitively within a timeframe providing for compliance with the contract performance schedule;
2. Meeting contract performance requirements; or
3. At a reasonable price.

ii. Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program.

iii. The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act."

12. **DOMESTIC PREFERENCES FOR PROCUREMENTS**

As appropriate, and to the extent consistent with law, CONTRACTOR should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products or materials produced in the United States. This includes, but is not limited to, iron, aluminum, steel, cement, and other manufactured products.

Applicability For purchases in support of FEMA declarations and awards issued on or after November 12, 2020, all FEMA recipients and subrecipients are required to include in all contracts and purchase orders for work or products a contract provision encouraging domestic preference for procurements.

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

13. **ACCESS TO RECORDS**

a. Standard. All recipients, subrecipients, successors, transferees, and assignees must acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff. Recipients must give DHS/FEMA access to, and the right to examine and copy, records, accounts, and other documents and sources of information related to the federal financial assistance award and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations *and* other applicable laws or program guidance. See DHS Standard Terms and Conditions: Version 8.1 (2018). Additionally, Section 1225 of the Disaster Recovery Reform Act of 2018 prohibits FEMA from providing reimbursement to any state, local, tribal, or territorial government, or private non-profit for activities made pursuant to a contract that purports to prohibit audits or internal reviews by the FEMA administrator or Comptroller General.

Access to Records. The following access to records requirements apply to this contract:

i. The Contractor agrees to provide Participating Public Agency, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

ii. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

iii. The Contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

iv. In compliance with the Disaster Recovery Act of 2018, the Participating Public Agency and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

14. CHANGES

a. Standard. To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

b. Applicability. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

15. DHS SEAL, LOGO, AND FLAGS

a. Standard. Recipients must obtain permission prior to using the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials. See DHS Standard Terms and Conditions: Version 8.1 (2018).

b. Applicability. FEMA recommends that all non-Federal entities place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

c. "This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives."

17. NO OBLIGATION BY FEDERAL GOVERNMENT

a. Standard. FEMA is not a party to any transaction between the recipient and its contractor. FEMA is not subject to any obligations or liable to any party for any matter relating to the contract.

c. "The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract."

18. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS

a. Standard. Recipients must comply with the requirements of The False Claims Act (31 U.S.C. §§ 3729-3733) which prohibits the submission of false or fraudulent claims for payment to the federal government. See DHS Standard Terms and Conditions: Version 8.1 (2018); and 31 U.S.C. §§ 3801-3812, which details the administrative remedies for false claims and statements made. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.

d. In the event FTA or DOT funding is used by a Participating Public Agency, Contractor further acknowledges U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, and apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA

under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Contractor agrees to:

a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

Apart from inconsistent requirements imposed by Federal laws or regulations, the Participating Public Agency agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.

Such action shall include,

INCORPORATION OF FTA 4220.1F TERMS

(1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

(2) Flow Down – The incorporation of FTA terms has unlimited flow down.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

1) Withholding monthly progress payments;

2) Assessing sanctions;

3) Liquidated damages; and/or

4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

5) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage

payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of Participating Public Agency.

7) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

1) The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.

2) Flow Down – The incorporation of FTA terms has unlimited flow down.

SUSPENSION AND DEBARMENT

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government Wide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;
b) Suspended from participation in any federally assisted Award;
c) Proposed for debarment from participation in any federally assisted Award;
d) Declared ineligible to participate in any federally assisted Award;
e) Voluntarily excluded from participation in any federally assisted Award; or
f) Disqualified from participation in ay federally assisted Award.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the AGENCY. If it is later determined by the AGENCY that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the AGENCY, the Federal Government may pursue available remedies, including but not limited to

suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

CARGO PREFERENCE REQUIREMENTS

Use of United States-Flag Vessels. The contractor agrees:

1) To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels.

PROMPT PAYMENT

1) The Prime Contractor shall pay any Subcontractor for work that has been satisfactorily performed no later than thirty (30) days from the date of the Prime Contractor's receipt of each payment made by the Participating Public Agency. Additionally, within thirty (30) days of satisfactory completion of all work required of the Subcontractor, the Prime Contractor shall release any retainage payments withheld to the Subcontractor.

FTA PROTEST NOTIFICATION

A protestant must exhaust all Participating Public Agency Procurement administrative procedures and remedies before pursuing a protest with the FTA.

1) Any and all protests shall be in writing and shall be filed with the Purchasing Manager with the Participating Public Agency. A protest relating to the process for determining the most responsive and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

2) A protest shall include:

    a. The name, address, and telephone number, including FAX number if available, of the protestor;

    b. The signature of the protestor or authorized representative;

    c. Identification of the contract/solicitation;

    d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;

    e. The form of relief requested.

3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.

4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.

5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.

6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.

7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:

a. The items to be procured are urgently required;
b. Delivery or performance will be unduly delayed by failure to make the award promptly; or
c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.

8) FTA will only entertain a protest that alleges:

   a. The Participating Public Agency failed to have or to adhere to its protest procedures, or failed to review a complaint or protest; or
   b. Violations of Federal law or regulation.

9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.

   A protest filed with FTA shall:

   a. Include the name and address of the protestor.
   b. Identify the grantee, project number, and the number of the contract solicitation.
   c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

   Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
    a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time-to-time as necessary.
    b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
    c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
    d. The form may be used "as-is", subject to edits as described herein.
    e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
    f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

Not Applicable to Grainger

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
    - of the public entity awarding the contract
    - of that county in which that public entity is located
    - of another public entity within that county
    - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

The pricing model for Sourced Products and Sourced Services is based on current market conditions and is competitive for spot buy situations on a per order basis. Contract Category Discounts do not apply to Buyer's purchase of Sourced Product or Sourced Services. Upon request, Seller will provide Buyer a quotation from the source of supply or vendor of the Sourced Products or Sourced Services, which shall include the price, freight, warranty, and any opportunity specific terms and conditions. In the event of a conflict between the standard terms and conditions in this Contract and additional Sourced Product or Services terms, the additional Sourced Product or Services terms shall prevail.

b. SOURCED PRODUCTS LIMITED WARRANTY. THE PRODUCT WARRANTY PROVIDED BY THE MANUFACTURER AND/OR SUPPLIER OF THE SOURCED PRODUCT WILL BE BUYER'S SOLE REMEDY. SELLER'S STANDARD LIMITED WARRANTY TERMS INCLUDED IN THIS AGREEMENT OR SELLER'S WEBSITE TERMS AND CONDITIONS, TO THE EXTENT APPLICABLE, DO NOT APPLY TO SOURCED PRODUCTS.

d. SOURCED PRODUCTS RETURNS. An RGA (Returned Goods Authorization) must be issued by Seller prior to returning Sourced Products; the RGA is good for thirty (30) days after issuance. Returns will be sent directly to the sourced supplier, and not to a Seller location, unless otherwise instructed in the RGA. Returned Sourced Products may incur a restocking fee based upon the Sourced Product sell price, plus freight paid by Seller and added to the invoice, unless the shipment of Sourced Products was the result of Seller or manufacturer error, or the Sourced Products are defective. Special manufactured and custom engineered products are sold on a "FINAL SALE" basis only and no changes, cancellation, returns, or refunds are allowed, except if Sourced Products are defective.

b. SOURCED SERVICES SPECIFIC TERMS. The terms and conditions contained in this section are extended solely by the specific Sourced Service provider performing Sourced Services and should be considered opportunity specific. The Sourced Service provider's re-performance or refund of amounts paid by Buyer for the Sourced Service directly attributable to the particular issue shall be Buyer's sole and exclusive remedy.

d. SOURCED SERVICES WARRANTY DISCLAIMER. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE EXPRESS WARRANTIES SET FORTH IN THIS SECTION FOR SOURCED SERVICES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND THE SOURCED SERVICE PROVIDER DISCLAIMS, AND BUYER WAIVES, ALL OTHER WARRANTIES FOR SOURCED SERVICES, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF NON-INFRINGEMENT, FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY. SBA - HUBZone
CONTINUED CERTIFICATION LETTER (RECERTIFICATION)

EMILY MARKS -
2701 PALMER HWY
TEXAS CITY, TX, 77590-6938

Dear EMILY MARKS:
I am pleased to advise you that based on the affirmations provided by the firm's highest ranking official or designee, the firm has successfully completed the recertification process and continues to be included on the list of qualified HUBZone small business concerns found at http://dsbs.sba.gov/dsbs/search/dsp_searchhubzone.cfm. This certification will remain in effect for one year unless: the firm acquires, is acquired by, or merges with another firm during that one-year period; the firm is performing a HUBZone contract and fails to attempt to maintain the minimum employee HUBZone residency percentage; or the firm voluntarily withdraws from the program. The information below sets forth facts concerning the company's continued eligibility and its responsibilities.
The Firm's Responsibilities as a Certified HUBZone Small Business Concern
As a certified HUBZone small business concern, the firm may receive program benefits, including eligibility for HUBZone set-aside awards, HUBZone sole source awards, the HUBZone Price Evaluation Preference in full and open competition, and HUBZone reserves. These benefits come with important responsibilities, including:

- **Keeping up-to-date on the HUBZone area designations by visiting the HUBZone Maps on the HUBZone website at http://www.sba.gov/hubzone**.
- Annually recertifying the eligibility of the firm.
- Checking SBA's HUBZone Maps to determine whether changes in HUBZone area designations impact, or will impact, the firm's eligibility. Note that changes in HUBZone designations may critically affect the firm's compliance with the program requirements that its principal office be located in a HUBZone and that at least 35% of its employees reside in a HUBZone.
- Signing up to receive HUBZone News Updates by entering your email address at https://public.govdelivery.com/accounts/USSBA/subscriber/new. Once there, expand the "SBA Initiatives" subscription topic, select HUBZone News, and click "Next." This is the simplest single step you can take to keep current on key program changes that may affect the firm's eligibility.
- Complying with the limitations on subcontracting requirements and nonmanufacturer rule when performing any HUBZone contracts (see 13 C.F.R. &##167;&##167; 126.700, 125.6, 121.406).
- "Attempting to maintain" compliance with the 35% HUBZone residency requirement during the performance of any HUBZone contracts. "Attempt to maintain" means making substantive and documented efforts, such as written offers of employment, published advertisements seeking employees, and attendance at job fairs and applies only to concerns during the performance of any HUBZone contract. A certified HUBZone small business concern that has less than 20% of its total employees residing in a HUBZone during the performance of a HUBZone contract has failed to attempt to maintain the HUBZone residency requirement and may be proposed for decertification.
- Notifying SBA if the firm is performing a HUBZone contract and has fewer than 20% of its employees residing in a HUBZone.
- Notifying SBA within 30 days if the firm is acquired by, acquires, or merges with another firm.
- Keeping the firm's System for Award Management (SAM) and Dynamic Small Business Search (DSBS) records up-to-date. For the firm to receive benefits from the HUBZone Program (i.e., to be identified by contracting officers as eligible to receive HUBZone contracts), these records must remain up-to-date. You must validate the firm's information at least annually or its SAM registration will become inactive. If you need assistance in updating the firm???s SAM or DSBS information, please go to the SAM Help Desk at https://fsd.gov/fsd-gov/home.do.
- Responding to notices from SBA, including notices regarding program examinations, protests, proposed decertifications, and recertifications. The HUBZone Program sends such notices to the firm's email addresses on record in DSBS. If the firm fails to respond to these notices, SBA will propose the firm for decertification and may subsequently decertify it from the Program. Therefore, it is critical that you keep the firm's SAM and DSBS profiles current and check your email's SPAM folder to make sure that you are receiving emails from SBA.

Note Regarding Redesignated Areas

In accordance with Section 1701 of the National Defense Authorization Act of 2018, areas that would have lost their HUBZone eligibility during 2018 and 2019, through expiration of their status as a redesignated area, will retain their HUBZone eligibility until December 31, 2021. For planning purposes, if the firm's principal office is located or some of its employees reside in such an area, you should consider actions to maintain program compliance after that date.

Misrepresentation
By bidding on any Federal solicitation that is set-aside or reserved for certified HUBZone small business concerns or for which a HUBZone price evaluation preference will be applied, the firm's submission of that offer is deemed to be a representation to the United States that the company is a certified HUBZone small business concern in compliance with the HUBZone Program requirements. ANY FIRM FOUND TO HAVE WILLFULLY MISREPRESENTED ITS HUBZONE STATUS IN OBTAINING SUCH AN AWARD MAY BE SUBJECT TO A RANGE OF CIVIL AND CRIMINAL PENALTIES, TREBLE DAMAGES UNDER THE FALSE CLAIMS ACT, AND/OR SUSPENSION OR DEBARMENT FROM FEDERAL CONTRACTING.

How to get the most out of the Program
Although the firm's status as a certified HUBZone SBC greatly improves its access to Federal awards, this certification does not guarantee contract awards. Your ability to research opportunities and competitively bid on them will be the key to your success in this program. I recommend you utilize the following additional web resources designed to help you maximize the Program's benefits:

- SBA's Government Contracting Classroom website, available at http://www.sba.gov/gcclassroom, provides valuable information on Federal contracting.
- Contract Opportunities (https://beta.sam.gov/) serves as a central listing for Federal procurement solicitations to the public. The Federal Procurement Data System is a database accessible to the public at no cost and you may use it to learn about contract awards to businesses in various socioeconomic categories, including HUBZone. Please note that while your concern was approved under the primary North American Industry Classification System (NAICS) Code found in your firm???s SAM and DSBS profiles, you may be awarded contracts under other NAICS Codes, as long as your firm meets the applicable size standard and is determined to be responsible to perform the required work. You may benefit from researching and identifying potential HUBZone contracting opportunities outside your firm's primary NAICS code.

We wish you the best of luck as a certified HUBZone small business concern - your success will help improve the economic future of the HUBZones in which the firm operates.
If at any time you have any questions about the Program or how SBA may be able to support your business objectives, the HUBZone Office offers assistance via an interactive conference call where we can respond to general questions and concerns in real-time. For additional information, visit our website at http://www.sba.gov/hubzone or contact the HUBZone Help Desk at HUBZone@sba.gov.

1. Consulting Services

Grainger Consulting Services is an industry-leading team of experts that is dedicated to helping Region 4 Members solve its most pressing MRO challenges. Grainger's team analyzes Valvoline's current state and identifies relevant and comprehensive opportunities for improvements. **Based on our findings, most customers have the opportunity to take as much as 15-25% or more out of their total MRO costs.**

Consulting projects can range from single site assessments to enterprise-wide evaluations of your overall MRO procurement, inventory, and product selection processes. The focus is to understand current state and identify opportunities for improvement that drive productivity and cost savings for your organization.

Grainger's Cost-Driven Differentiators: Grainger Consulting Services has built its strategy and expertise around three major cost areas. Each can represent a significant opportunity to deliver savings and value back to Valvoline's organization.

1. **Process**: Grainger can help improve productivity by simplifying Valvoline's procurement and inventory processes while lowering the internal cost to procure and manage MRO parts and supplies.
2. **Supplier**: Grainger will show Region 4 Members how to leverage its suppliers to get the most value for every dollar spent. Grainger's goal is to consolidate spend among fewer suppliers who do more to return value.
3. **Inventory**: Grainger will help optimize Valvoline's inventory position, improve services levels, and minimize the risk of stock-outs — resulting in better operational performance.

Grainger's Approach to Continuous Improvement: Grainger uses a Six Sigma problem-solving methodology known as DMAIC. This proven continuous improvement approach ensures that Grainger's services deliver consistency and quality.

Organizations who choose Grainger's consulting services and implement the recommendations typically save:

- 20 to 30% in process costs
- 10 to 20% in product and supplier costs
- 25 to 35% in inventory costs

Grainger's Partnership: Grainger will work with Region 4 Members through four steps to drive consistency and results, from the first conversation through implementation.

1. Offer Selection
2. Statement of Work
3. Engagement
4. Implement Change

2.1. Pursuant to Section 621(a) of the Cable Act, 47 U.S.C. § 541 (a), 55 ILCS 5/5-1095(a) of the Illinois Counties Code, and Ordinance No. 20-216, the County hereby grants to the Grantee a nonexclusive Franchise authorizing the Grantee to construct and operate a Cable System in the Public Ways within the Franchise Area and upon County Public Ways located within incorporated municipalities in the County, and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain, or retain in any Public Way such poles, wires, cables, conductors, ducts, conduits, vaults, manholes, pedestals, amplifiers, appliances, attachments, and other related property or equipment as may be necessary or appurtenant to the Cable System, and to provide such services over the Cable System as may be lawfully allowed.

2.2. Term of Franchise. The term of the Franchise granted hereunder shall be ten (10) years from the Effective Date, unless the Franchise is renewed or is lawfully terminated in accordance with the terms of this Franchise Agreement and/or applicable law. From and after the Effective Date of this Franchise Agreement, the Parties acknowledge that this Franchise Agreement is intended to be the sole and exclusive Franchise Agreement between the Parties pertaining to the Grantee's Franchise for the provision of Cable Service.

2.3. Renewal. Any renewal of this Franchise shall be governed by and comply with the provisions of Section 626 of the Cable Act, as amended, and any applicable State law which may exist at the time of renewal and which is not superseded by the Cable Act.

2.4. Police Powers. Nothing in this Franchise Agreement shall be construed as an abrogation by the County of any of its police powers to adopt and enforce generally applicable ordinances deemed necessary for the health, safety, and welfare of the public, and the Grantee shall comply with all generally applicable laws and ordinances enacted by the County pursuant to such police power.

2.5 Reservation of Authority. Nothing in this Franchise Agreement shall (A) abrogate the right of the County to perform any public works or public improvements of any description, (B) be construed as a waiver of any codes or ordinances of general applicability promulgated by the County including the assessment of uniform and nondiscriminatory fees to reimburse the County for the costs of regulating the Public Ways, or (C) be construed as a waiver or release of the rights of the County in and to the Public Ways.

This Agreement and any ordinance enabling the execution of this Agreement (the "Enabling Ordinance") supplement and harmonize the regulatory framework set forth in the Cable Ordinance and the Cable Act; and this Agreement and any ordinance adopting this Agreement shall at all times be read and construed for consistency and compatibility with the provisions of the Cable Ordinance and the Cable Act as read and interpreted in concert with each other. In the event of inconsistency between the terms of this Agreement and terms contained in the Cable Act or Cable Ordinance, the terms contained in this Agreement shall prevail.

2.6 Competitive Equity.

2.6.1. This Franchise and any additional Franchise that uses and occupies any Public Way in the County for purposes of operating a Cable System, shall only be granted in accordance with the Illinois Level Playing Field Statute, 55 ILCS 5/5-1095.

2.6.2. In the event an application for a new cable television franchise or other similar authorization is filed with the County proposing to serve the Franchise Area, in whole or in part, the County shall to the extent permitted by law promptly notify the Grantee, or require the Grantee to be notified, and include a copy of such application.

SECTION 3: Construction and Maintenance of the Cable System

3.1. Except as may be otherwise provided in this Franchise Agreement, Grantee shall comply with all generally applicable provisions of Section 3, Utility Permit, of the Kane County Division of Transportation Permit Regulations and Access Control Regulations, as may be amended from time to time, which regulations are generally applicable to all occupants of the Public Way.

3.2. Aerial and Underground Construction. At the time of Cable System construction, if all of the transmission and distribution facilities of all of the respective public or municipal utilities in any area of the Franchise Area are underground, the Grantee shall place its Cable Systems' transmission and distribution facilities underground, provided that such underground locations are actually capable of accommodating the Grantee's cable and other equipment without technical degradation of the Cable System's signal quality. In any region(s) of the Franchise Area where the transmission or distribution facilities of the respective public or municipal utilities are both aerial and underground, the Grantee shall have the discretion to construct, operate, and maintain all of its transmission and distribution facilities or any part thereof, aerially or underground. Nothing in this Section shall be construed to require the Grantee to construct, operate, or maintain underground any ground-mounted appurtenances such as customer taps, line extenders, system passive devices, amplifiers, power supplies, pedestals, or other related equipment.

3.3. Relocation Projects.

3.3.1. In the event the County requires users of the Public Way who operate aerial facilities to relocate such aerial facilities underground, Grantee shall participate in the planning for relocation of its aerial facilities, if any, contemporaneously with such users. Grantee shall be reimbursed its relocation costs from public or private funds allocated for the project to the same extent as such funds are made available to other users of the Public Way, if any, provided that any utility's exercise of authority granted under its tariff to charge consumers for the said utility's cost of the project that are not reimbursed by the County shall not be considered to be public or private funds.

3.3.2. The Grantee shall not be required to relocate its facilities unless it has been afforded at least sixty (60) days' notice of the necessity to relocate its facilities. Upon adequate notice the Grantee shall provide a written estimate of the cost associated with the work necessary to relocate its facilities. In instances where a third party is seeking the relocation of the Grantee's facilities or where the Grantee is entitled to reimbursement pursuant to the preceding Section, the Grantee shall not be required to perform the relocation work until it has received payment for the relocation work. Relocations in a County Right-of-Way may be subject to the provisions of 605 ILCS 5/9113 *et seq*.

SECTION 4: Service Obligations

4.1. Initial Service Obligations. As of the Effective Date of this Agreement, Grantee's Cable System has been designed to provide, and is capable of providing, Cable Service to residential Customers throughout the Initial Franchise Service Area. The Grantee shall continue to make Cable Services available in the Initial Service Area throughout the term of this Agreement and Grantee shall extend its Cable System and provide service consistent with the provisions of this Franchise Agreement.

4.2. General Service Obligation. The Grantee shall make Cable Service available beyond the Initial Franchise Service Area to every residential dwelling unit with the Franchise Area where the minimum density is at least thirty (30) dwelling units per linear Cable System network mile as measured from the existing Cable System's technically feasible connection point; or (ii) the minimum density requirement under the video franchise of any other Grantee located within one half (1/2) mile of the expansion territory. Subject to the density requirement, Grantee shall offer Cable Service to all new homes or previously unserved homes located within one hundred twenty-five (125) feet of the Grantee's distribution cable (e.g., a Standard Installation).

The Grantee shall comply with the FCC regulations for standard installations in accordance with 47 U.S.C. §76.309(c)(2)(A) and the Illinois Cable and Video Customer Protection Law at 220 ILCS 5/70-501(e)(1).

4.2.1. The Grantee may elect to provide Cable Service to areas not meeting the above density and distance standards. The Grantee may impose an additional charge in excess of its regular installation charge for any service installation requiring a drop or line extension in excess of a Standard Installation. Any such additional charge shall be computed on a time plus materials basis plus a reasonable rate of return.

4.3. Programming. The Grantee agrees to provide cable programming services in the following broad categories:

Children	General Entertainment	Family Oriented
Ethnic/Minority	Sports Weather	
Educational	Arts, Culture and Performing Arts	News & Information

Pursuant and subject to federal law, all Video Programming decisions, excluding PEG Access Programming, are at the sole discretion of the Grantee.

4.4. Technical Standards. The Grantee shall comply with all applicable technical standards of the FCC as published in 47 C.F.R., Part 76, Subpart K, as amended from time to time, and as such are stated in the Cable Ordinance. The Grantee shall cooperate with the County in conducting inspections related to these standards upon reasonable prior written request from the County based on a significant number of Subscriber complaints.

4.5. Annexations and New/Planned Developments. In cases of annexation of any territory within the Franchise Area, the County shall provide the Grantee written notice of such annexation. In cases of new construction, planned developments or property development where undergrounding or extension of the Cable System is required within the Franchise Area, the County shall provide or cause the developer or property owner to provide notice of the same. Such notices shall be provided at the time of notice to all utilities or other like occupants of the County's Public Way within the Franchise Area. If advance notice of such annexation, new construction, planned development or property development is not provided, the Grantee shall be allowed an adequate time to prepare, plan and provide a detailed report as to the timeframe for it to construct its facilities and provide the services required under this Franchise Agreement.

4.5.1 De-Annexations. Upon de-annexation by a municipality located within the Franchise Area and upon assumption of control of such territory by the County where no Cable Service exists, the Grantee shall, at the request of the County in this Agreement, provide service to said areas where there exists an average of thirty (30) occupied residential dwelling units per Cable System network mile as measured from the existing Cable System's technically feasible connection point. In the event that a municipality annexes territory within any unincorporated area of the Franchise Area, the County shall retain Franchise Fees from Subscribers located in that territory for a period of time as prescribed by 55 ILCS 5/5-1095(a). The terms and conditions of the Franchise Agreement and any applicable ordinances of the municipality that has annexed the former unincorporated territory shall otherwise prevail.

4.5.2. The Grantee shall be exempt from Section 10.5.135 of the Kane County Cable Ordinance, subsections b-d.

4.6. Service to School Buildings and Governmental Facilities.

4.6.1. The County may request that Grantee provide Cable Service and the corresponding equipment to the location(s) specified in Attachment A, and shall specify the requested level of services and number of outlets for each location. The County shall notify Grantee in writing whether it wishes to be invoiced at standard rates as disclosed by Grantee for these services and equipment or to have the charges deducted from the franchise fee payment due pursuant to this franchise. In the event the FCC's Third 621 Order is reversed on appeal on the issue of complimentary services (pending at the 6th Circuit at the time of this Agreement) and that reversal becomes final, the County and the Grantee will revert to the provisions of 220 ILCS 5/22-501 (f),

whereby the Grantee shall provide complimentary Basic Cable Service, one Digital Transport Adapter (or its current equivalent if equipment is necessary to receive the service) and a free Standard Installation at one outlet to all eligible buildings as defined in the state statute. Eligible buildings shall not include buildings leased to non-governmental third parties or buildings such as storage facilities at which government employees are not regularly stationed.

4.6.2. Long Drops. The Grantee may impose an additional charge in excess of its regular installation charge for any service installation requiring a drop or line extension in excess of a Standard Installation. Any such additional charge shall be computed on a time plus materials basis to be calculated on that portion of the installation that exceeds a Standard Installation.

4.7. Emergency Alerts. At all times during the term of this Franchise Agreement, the Grantee shall provide and maintain an "Emergency Alert System" ("EAS") consistent with applicable Federal law and regulation – including 47 C.F.R., Part 11 and the "State of Illinois Emergency Alert System State Plan" – as may be amended from time to time. Should the County become qualified and authorized to activate the EAS, the Grantee shall provide instructions on the access and use of the EAS by the County to the County on an annual basis. The County agrees to indemnify and hold the Grantee harmless from any damages or penalties arising out of the negligence of the County, its employees or agents in using such system.

4.8. Customer Service Obligations. The County and Grantee acknowledge that the customer service standards and customer privacy protections are set forth in the Cable and Video Customer Protection Law, 220 ILCS 5/22-501 *et seq.*, and enforcement provisions are included in Ordinance No. 07-407, approved December 11, 2007. Enforcement of such requirements and standards and the penalties for non-compliance with such standards shall be consistent with the Cable and Video Customer Protection Law, 220 ILCS 5/22-501 *et seq.*

SECTION 5: Oversight and Regulation by County

5.1. Franchise Fees. The Grantee shall pay to the County a Franchise Fee in an amount equal to five percent (5%) of annual Gross Revenues received from the operation of the Cable System to provide Cable Service in the Franchise Area; provided, however, that Grantee shall not be compelled to pay any higher percentage of fees than any other video service provider, under state authorization or otherwise, providing service in the Franchise Area. The payment of Franchise Fees shall be made on a quarterly basis and shall be due forty-five (45) days after the close of each calendar quarter. If mailed, the Franchise Fee shall be considered paid on the date it is postmarked. Each Franchise Fee payment shall be accompanied by a report prepared by a representative of the Grantee showing the basis for the computation of the franchise fees paid during that period. Any undisputed Franchise Fee payment which remains unpaid in whole or in part, after the date specified herein shall be delinquent. For any delinquent Franchise Fee payments, Grantee shall make such payments including interest at five percentage points (5%) over the prime lending rate as quoted by The Wall Street Journal, computed from time due until paid. Any undisputed overpayments made by the Grantee to the County shall be credited upon discovery of such overpayment until such time when the full value of such credit has been applied to the Franchise Fee liability otherwise accruing under this Section.

5.1.1. The Parties acknowledge that, at present, the Cable Act limits the County to collection of a maximum permissible Franchise Fee of five percent (5%) of Gross Revenues. In the event that a change in the Cable Act would allow the County to increase the Franchise Fee above five percent (5%) of Gross Revenues, the County shall hold a public hearing and determine if the County should collect the additional amount. Following the determination, the County shall notify the Grantee of its intent to collect the increased Franchise Fee and Grantee shall have a reasonable time (not to be less than ninety (90) days from receipt of notice from the County) to effectuate any changes necessary to begin the collection of such increased Franchise Fee or notify the Grantee of its intent to not collect the increased fee. In the event that the County determines that the Franchise Fee should be increased, it shall approve the increase in ordinance form. Should the County increase said Franchise Fee, the Grantee shall notify its Subscribers of the County's decision to increase said fee prior to the implementation of the collection of said fee from Subscribers as required by law.

5.1.2. In the event a change in state or federal law requires the County to reduce the franchise fee percentage that may be collected, the parties agree the Grantee shall reduce the percentage of franchise fees collected to the lower of: i) the maximum permissible franchise fee percentage; or ii) the lowest franchise fee percentage paid by any other Cable Operator granted a Cable Franchise or Video Service provider under state authorization by the County pursuant to the Cable Act, and Section 5-1095 of the Illinois Municipal/Counties Code; provided that: (a) such amendment is in compliance with the change in state or federal law; (b) the County approves the amendment by ordinance; and (c) the County notifies Grantee at least ninety (90) days prior to the effective date of such an amendment.

5.1.3. Taxes Not Included. The Grantee acknowledges and agrees that the term "Franchise Fee" does not include any tax, fee, or assessment of general applicability (including any such tax, fee, or assessment imposed on both utilities and Cable Operators on their services but not including a tax, fee, or assessment which is unduly discriminatory against Cable Operators or Cable Subscribers).

5.2. Franchise Fees Subject to Audit. The County and Grantee acknowledge that the audit standards are set forth in the Illinois Counties Code at 55 ILCS 5/5-1095.1 (County Franchise Fee Review; Requests For Information). Any audit shall be conducted in accordance with generally applicable auditing standards. The County and/or its designee may be required to execute a non-disclosure agreement with the Grantee prior to inspection of the Grantee's financial records. Enforcement of such requirements and standards and the penalties for non-compliance by the Grantee shall be consistent with 55 ILCS 5/5-1095.1.

5.2.1 In accordance with 55 ILCS 5/5-1095.1 the County shall provide on an annual basis, a complete list of addresses within the unincorporated areas of the County. If an address is not included in the list or if no list is provided, the Grantee shall be held harmless for any franchise fee underpayments (including penalty and interest) from situsing errors.

5.3. Proprietary Information. Notwithstanding anything to the contrary set forth in this Agreement, the Grantee shall not be required to disclose information which it reasonably deems to be proprietary or confidential in nature, with the exception of the information directly related to an audit of Franchise Fees as set forth in Section 5.2. The County agrees to treat any information disclosed by the Grantee as confidential and only to disclose it to those employees, representatives, and agents of the County that have a need to know in order to enforce this Franchise Agreement and who agree to maintain the confidentiality of all such information. For purposes of this Section,

the terms "proprietary or confidential" include, but are not limited to, information relating to the Cable System design, customer lists, marketing plans, financial information unrelated to the calculation of Franchise Fees or rates pursuant to FCC rules, or other information that is reasonably determined by the Grantee to be competitively sensitive. Grantee may make proprietary or confidential information available for inspection but not removal by the Franchise Authority's representative. In the event that the County has in its possession and receives a request under the Illinois Freedom of Information Act (5 ILCS 140/1 et seq.), or similar law for the disclosure of information the Grantee has designated as confidential, trade secret or proprietary, the County shall notify Grantee of such request and cooperate with Grantee in opposing such request. Grantee shall indemnify and defend the County from and against any claims arising from the County's opposition to disclosure of any information Grantee designates as proprietary or confidential. Compliance by the County with an opinion or directive from the Illinois Public Access Counselor or the Illinois Attorney General under the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq., or with a decision or order of a court with jurisdiction over the County, shall not be a violation of this Section.

5.4 Non-Financial Reports. All non-financial reports, records, and documentation required to be provided to the County pursuant to this Agreement or the Cable Ordinance shall be sent by the Grantee directly to the Cable Administrator. The aforementioned direction of correspondence shall also apply to those records, reports, and documents requested from the Grantee by the County in accordance with the provisions of this Agreement.

5.5 Grantee shall be exempt from Section 10.5-62 of the Cable Ordinance.

SECTION 6: Transfer of Cable System or Franchise or Control of Grantee

6.1. Neither the Grantee nor any other Person may transfer the Cable System or the Franchise without the prior written consent of the County, which consent shall not be unreasonably withheld or delayed.

6.2. No transfer of control of the Grantee, defined as an acquisition of fifty-one percent (51%) or greater ownership interest in Grantee, shall take place without the prior written consent of the County, which consent shall not be unreasonably withheld or delayed.

6.3. No consent shall be required, however, for (i) a transfer in trust, by mortgage, hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or in the Cable System in order to secure indebtedness, or (ii) a transfer to an entity directly or indirectly owned or controlled by the Grantee, provided, the Grantee shall give the County at least thirty (30) days prior written notice of any such transfer, and that the transfer or assignment is without any release of liability of the Grantee.

6.4. The Grantee, and any proposed transferee under this Section 6, shall submit a written application to the County containing or accompanied by such information as is required in accordance with applicable law and FCC regulations, specifically including a completed Form 394 or its successor, and in compliance with the processes established for transfers under FCC rules and regulations, including Section 617 of the Cable Act, 47 U.S.C. §537. Within thirty (30) days after receiving a request for consent, the County shall, in accordance with FCC rules and regulations, notify the Grantee in writing of the additional information, if any, it requires to determine the legal, financial and technical qualifications of the transferee or new controlling party. If the County has not taken final action on the Grantee's request for consent within one hundred twenty (120) days after receiving such request, consent shall be deemed granted. As a condition to granting of any consent,

the County may require the transferee to agree in writing to assume the obligations of the Grantee under this Franchise Agreement.

6.5. Any transfer of control resulting from or after the appointment of a receiver or receivers or trustee or trustees, however denominated, designated to take over and conduct the business of the grantee, whether in a receivership, reorganization, bankruptcy or other action or proceeding, unless such receivership or trusteeship shall have been vacated prior to the expiration of a one hundred twenty (120) day period, shall be treated as a transfer of control pursuant to 47 U.S.C. §537 and require the County's consent thereto in the manner described in Section 6 above.

6.6 The consent or approval of the County to any sale or transfer of the Grantee, the Franchise, or control thereof shall not constitute a waiver or release of the rights of the County under this Agreement, and any transfer shall by its terms, be expressly subordinate to the terms and conditions of the Franchise.

SECTION 7: Insurance and Indemnity

7.1. Insurance. Throughout the term of this Franchise Agreement, the Grantee shall, at its own cost and expense, maintain such insurance and provide the County certificates of insurance.

A. As part of the indemnification provided by the provisions of this article, but without limiting or otherwise altering the foregoing, upon award of a franchise and prior to commencement of the system, each grantee shall file with the Kane County development department, and at all times thereafter maintain in full force and effect at its sole expense, evidence of a policy or policies of 1) commercial general liability insurance, including products/completed operations liability, personal injury liability, contractors liability, property damage contractual liability; 2)automobile liability, including owned, nonowned, and hired automobiles; 3) workers' compensation, and employer liability. The required commercial liability policy or policies shall name as additional insured the county, and in their capacity as such, its officers, and employees. SECTION 8: Public, Educational and Governmental (PEG) Access Channel

8.1. PEG Access Programming. The Grantee shall designate one (1) Channel on its CATV System for the use of the County for the purpose of providing government access programming. Use of Channel capacity for access programming shall be provided on the most basic *digital* tier of service offered by Grantee in accordance with Section 611 of the Cable Act (47 U.S.C §531), or on a mutually agreed upon tier of Service and as further set forth below. As of the Effective Date of this Franchise Agreement, the County does not use any PEG channels. Within one hundred twenty (120) days following a written notice from the County, the Grantee shall make available one channel on the digital tier for the County's use as a Government Access channel or "County Information Channel." To the extent commercially and practicably possible, the Grantee will use good faith efforts to designate capacity on one channel position on the Grantee's cable system located in unincorporated and incorporated Kane County in accordance with this Section.

8.1.1. Non-Commercial Access Channel. The County shall have the right to utilize its access Channel to provide residents with any non-commercial service considered in the public interest. For the purpose of this Agreement, the term "noncommercial" shall be construed

to allow the County to seek monetary or in-kind support from a public or private source or sources. Such support may include, but not be limited to, grants, budgetary allocations, stipends, fees or charges for transcripts, tape reproductions, or other costs related to the production or reproduction of a program or programs, or other like kinds of support. 8.1.6. Grantee Use of Unused Time. Because the County and the Grantee agree that a blank or under-utilized PEG Access Channel is not in the public interest, in the event the County does not completely program its Channel, the Grantee may utilize the Channel for its own purposes in accordance with the terms of 47 U.S.C. §532(b)(4). The Grantee may program unused time on the Channel subject to reclamation by the County upon no less than one hundred twenty (120) days' notice. The programming of the PEG Access Channel with text messaging or playback of previously aired programming shall not constitute unused time. At such time that the County determines that it wants to provide PEG Access Programming over the Grantee's Cable System, the County will give the Grantee written notice detailing the location of a signal point or points of origination that will allow the County to transmit the County's PEG Access Programming to the Grantee for distribution by the Grantee to the Grantee's Cable Subscribers located in Kane County. Upon receipt of such written notice, the Grantee agrees to submit a cost estimate to implement the County's plan within a reasonable period of time. After an agreement to reimburse the Grantee for

its expenditure is reached, the Grantee will implement any necessary system changes within a reasonable period of time as agreed to by the County and Grantee. At such time that the County determines that it wants to add or change a location from which the PEG Access Programming is originated, the County will give the Grantee written notice detailing the addition to or change in the point of origination. The Grantee shall agree to submit a cost estimate to implement the County's signal point of origination addition/relocation plan within a reasonable period of time. After an agreement to reimburse the Grantee for its expenditure is reached, the Grantee will implement any necessary system changes within a reasonable period of time as agreed to by the County and Grantee.

8.1.8. Insertion of Programming. The Grantee shall insert the County's PEG Access Programming signal(s) through its signal delivery system to its headend so as to enable cablecasting of County PEG Access Programming to all Subscribers in accordance with this Section.

The Grantee shall make the PEG Capital Fee payments to the City at the same time and in the same manner as Franchise Fee payments. The County's notice shall include a detailed and itemized description of the intended utilization of the PEG Capital Fee for PEG Access Channel facilities and/ or equipment (PEG Access capital costs) and the Grantee shall have the opportunity to review and make recommendations upon the County's plan prior to agreeing to collect and pay to the County the requested amount. Consistent with the description fo the intended utilization of the PEG Capital Fee, the City shall be permitted to hold all or a portion of the PEG Capital Fee from year to year as a designated fund to permit the City to make large capital expenditures, if necessary, provided that if the entire amount is not expended during the term of this Agreement, any remaining funds shall be credited against PEG Capital requests form the County in subsequent franchise renewals. Moreover, if the County chooses to borrow from itself or a financial institution for large PEG capital purchases or capital expenditures, the City shall be permitted to make periodic repayments using the PEG Capital Fee. Said PEG Capital Fee shall be imposed within one hundred twenty (120) days of the County's written request. On an annual basis, the County shall provide the Grantee with a report detailing how the prior year's funding was spent or confirming it is being held in a capital reserve account for future PEG capital needs.

8.1.11. Interest on Late Payments. Any undisputed PEG Capital Fee payment which remains unpaid in whole or in part, after the date specified herein shall be delinquent. For any delinquent PEG Capital Fee payments, Grantee shall make such payments including interest at the prime lending rate as quoted by Wall Street Journal or its successor, computed from time due until paid. Any undisputed overpayments made by the Grantee to the County shall be credited upon discovery of such overpayment until such time when the full value of such credit has been applied to the Franchise Fee liability otherwise accruing under this section.

8.1.12. Not Franchise Fees. Grantee and County agree that the capital obligations set forth in this Section are not "Franchise Fees" within the meaning of 47 U.S.C. §542. Notwithstanding the foregoing, the County and Grantee, respectively, may conduct audits of the collection and use of PEG Capital Fees pursuant to Section 5 of this Agreement.

8.2 Modifications. In the event that the County establishes, operates and maintains its own PEG channel, the terms of any financial, operational or capital support shall not be less burdensome nor more favorable to the Grantee than those required of any other Grantee. In the event that the County and another Grantee agree to terms that are less burdensome than those required of Grantee, the County shall provide written notice to Grantee and the parties agree to promptly amend this Section 8 to incorporate such less burdensome PEG terms.

SECTION 9: Enforcement of Franchise

9.1. Notice of Violation or Default. WHEREAS, the County desires to obligate a portion of the County Funds to IHDA, as a subrecipient, to perform eligible activities for eligible households within the State, and IHDA has determined that it will accept such County Funds on such terms and conditions contained in this Agreement.

NOW THEREFORE, in consideration of the covenants and mutual agreements herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Incorporation of Recitals. The recitals set forth above are incorporated herein by reference and made a part hereof.

When a new depository is designated, the county board shall notify the sureties of the county treasurer of that fact, in writing, at least 5 days before the transfer of funds. The County Treasurer shall be discharged from responsibility for all funds and moneys, which he deposits in a depository so designated while such funds and moneys are so deposited.

10. Collateral

It shall be the discretion of the Kane County Treasurer to determine whether or not collateral will be required of financial institutions receiving funds from the Kane County Treasurer. At all times the Kane County Treasurer will require that deposits in excess of 25% of the capital and surplus of a financial institution will be collateralized. The Kane County Treasurer may request collateral for any part of deposits in financial institutions when the Kane County Treasurer determines it to be in the best interests of safeguarding the funds on deposit. It shall be noted that in the normal course of operations there may be temporary fluctuations in the fund balance to collateral ratio. Due to this, funds may not have 100% collateralization 100% of the time. It shall be the intent of the Treasurer not to allow a collateral shortage to exceed 30 days for any one account.

When collateral is required, 100% of the deposit will be required. Only the following collateral will be accepted:

U. S. Government direct securities
Obligations of Federal Agencies
Obligations of Federal Instrumentalities
Obligations of the State of Illinois
Obligations of the County of Kane
Obligations of municipalities located within the County of Kane, subject to acceptance by the Kane County Treasurer
Acceptable collateral as identified in the Illinois Compiled Statutes for use by the Treasurer of the State of Illinois.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the possible income to be derived.

The above standard is established as the standard for professional responsibility and shall be applied in the context of managing Kane County's portfolio. Pursuant to the Public Funds Investment Act at 30ILCS 235/2.5 and other provisions included in that Act, along with all other Statues and Constitutional provisions regarding conflicts of interest and ethical considerations.

Kane County Funds may be extended to local government units when secured by assignment of future tax revenues. The Kane County Board Chairman and Kane County Treasurer are authorized to review such requests for assistance by local government units, and all such requests are subject to execution of an intergovernmental agreement as approved by the County Board.

Re: Grant #1904

Dear Mr. Isaacson:

In November 2024, the Illinois Children's Healthcare Foundation ("ILCHF") Board of Directors approved a grant to Kane County Health Department ("Grantee"), subject to the terms and conditions set forth in the November 2024 letter agreement (the "Agreement"), in an amount of $150,000 to implement its "Empowered Families, Stronger Communities through a Family Run Organization project (the "Project") for the period of 1/1/2025 to 7/31/2026 (the "Grant Term").

In January 2025 the Agreement was amended (hereinafter "the January 2025 Amendment"). This letter serves as a second amendment to the Agreement (hereinafter "the Second Amendment"). The Second Amendment supersedes the January 2025 Amendment. In all respects, other than those identified herein, the Agreement remains unchanged.

Based upon the current work of the Grantee and developing circumstances related to that work, the schedule for final payment scheduled for this grant will be amended as follows:

1. Final Payment of Grant Funds. Subject to prior receipt by ILCHF of a countersigned copy of this Second Amendment signed by the authorized officers of Kane County Health Department and subject to all other terms and conditions of the Agreement, **ILCHF will make a final payment of Grant funds in the amount of $100,000 on or before June 6, 2025.**

The amendment to the final payment schedule is in support of **[Kane County Health Department's]** ability to access ILCHF grant funds necessary to successfully implement the FRO planning grant.

If the Grantee is in agreement with the amended terms of this Grant, please indicate agreement to such terms and conditions by having this Second Amendment countersigned by the appropriate officers of Grantee and returned to Nedranae Hunt, Senior Manager of Grants and Administration at nedranaehunt@ilchf.org on or before **May 15, 2025.**

Description: 2025 Case 721G2 Z-Bar Wheel Loader

Vendor: McCann Industries, Inc. (Sourcewell Contract 011723)

Purchase price – Total $288,590.00

Comments: This Loader will be stored at the main Kane County Division of Transportation yard in St. Charles. The loader is used to stockpile salt in our storage dome and to load trucks with salt, gravel and other materials. This loader is also used to respond to emergencies and help clear roads after storms or other events.

This loader will be replacing a 2008 Case 721G with about 7500 hours on it. Our current loader is becoming less dependable and is in current need of repairs to put the loader back in service and safe. Those repairs have been quoted at $40,000-$50,000.

McCann Industries has offered the County $34,000 as a trade value of the current loader. Staff is researching if auctioning will bring higher value.

Funding is available for this equipment in the FY25 Budget.

Staff recommends approval.

Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. 10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The origins of Case date to 1842, when Jerome Increase Case (born in 1819) created Racine Threshing Machine Works in Racine, Wisconsin. The company produced its first portable steam engine in 1876, which is now on display at the Smithsonian Institution. In 1957 Case made the 320 Construction King backhoe loader.Since 1969 Case has manufactured skid steers, starting in Burlington, Iowa and later moving production to Wichita. The company evolved into the Case Corporation, which merged with New Holland in 1999 to become CNH Global which in 2011 became CNH Industrial.	

2005: Case made its 500,000th backhoe loader and in 2010 made its 250,000th skid steer loader.

2016: Case released the new G-Series wheel loader lineup consisting of seven new models from 521G thru 1121G.

2017: In its 175th year in business, Case announced its facility in Wichita produced its 300,000th skid-steer loader.

2017: At Conexpo-Con/Agg 2017 Case released the CX750D excavator.

As of May 2017, Case “sells a full line of construction equipment around the world, including the number one loader/backhoes, excavators, motor graders, wheel loaders, vibratory compaction rollers, crawler dozers, skid steers, compact track loaders and rough-terrain forklifts.

New Holland Construction was founded in 1895 in New Holland, Pennsylvania; in 1966 New Holland’s first backhoe loader was introduced; in 2005 New Holland Construction Brand was created with a global full-line product offering of Skid steer loaders, compact track loaders, tractor loader backhoes, tractor loaders, wheel loaders and excavators. Since 1999, New Holland is a brand of CNH, which was demerged from Fiat Group to Fiat Industrial at the start of 2011.

2007 New Holland made 200,000 Skid Steer loaders and celebrated 35 years of designing and building its highly successful skid steer loader. They are the preferred choice of landscapers around the world and #1 in lift and carry compact machines.

2008 New Holland’s “green” engine. New Holland launched the E215B crawler excavator, which mounts a brand-new engine which dramatically reduces emissions well below the levels required by regulations.

New Holland equipment is built all around the world; the headquarters is in Turin, Italy and with ten plants and ten research and development centers spread globally, more than 800 dealers and 2,100 outlets. It is present in 100 countries worldwide.

New Holland produces thirteen product families, five in the heavy range and eight in the light range; products include dozers, mini excavators, graders, wheel loaders, crawler excavators, backhoe loaders, skid steer loaders.

Productivity, safety, and environmental responsibility are the cornerstones of New Holland’s offering built around our customers. We are a key player in the global construction equipment industry born of the rich heritage of brands that made the history of this sector.

In partnership with our worldwide network of dealers, we deliver products and services that meet our customers’ requirements for productivity, safety, environmental performance, and fuel and cost efficiency. We know our customers’ business and we provide them with a full line of innovative products and services designed for the specific applications of their industry.

CNH Industrial is committed to delivering the highest ethical standards and supporting its dealers and customers through a diverse and inclusive workforce, industry-leading technology, exceptional safety and quality, and unmatched innovation.

At CNH Industrial, we pride ourselves on delivering the best. That means strengthening our product portfolio with dedicated financing, tools and components and selecting the best partners to support us in delivering value to our customers.

We are proud of the work we do at CNH Industrial, where a focus on innovation has helped us to maintain our competitive edge and our position of global leadership.

In 2014 we have a new licensing agreement with Sumitomo Construction Machinery to manufacture Sumitomo designed crawler excavators from 13 to 35 tons. In 2016 we entered an exclusive mini-excavator alliance with Hyundai Heavy Industries.

The full integration of environmental and social considerations with economic objectives enables the Group to identify potential risks and seize additional development opportunities, resulting in a process of continuous, and sustainable, improvement that creates value over the long-term. We recognize the real importance of promoting a circular product life cycle in which resources are used fully and for as long as possible, and products and materials are recovered and regenerated at the end of their service life. For this reason, the Company offers a range of products able to run on fuels derived from renewable sources and is committed to adopting sustainability criteria from the design stage to develop more environmentally friendly products. To maximize product life, CNH Industrial also offers

its customers a range of remanufactured spare parts, in line with its circular economy approach. In manufacturing processes, emphasis is given to improvements that increase waste recovery and reuse.

Living and working in cooperation with the surrounding area, and collaborating on projects that benefit the community, contribute to enhancing the satisfaction of employees (who often live close to plants) and their sense of belonging to the Company, while bringing economic advantages to both the Company and the community. Projects are measured in three fundamental areas. These areas are: Improving food availability, combating climate change & reducing environmental impact and supporting youth training.

A key priority at CNH Industrial is to improve food availability. In the USA, CNH Industrial supports the FFA (formerly known as Future Farmers of America), an association active in farming education since 1928. In 2018, to further its commitment, the Company chartered its own FFA Alumni and Supporters Chapter1, through which employees can engage with students pursuing agriculture degrees and with members of other FFA Chapters nationwide. In 2021, the Company continued to be heavily involved with the FFA. Case IH, New Holland Agriculture, and CNH Industrial Capital continued their Silver Sponsorship of the National FFA Foundation, including its national convention with over 60,000 attendees. Furthermore, employees continued to engage with FFA students at professional development events, and again raised funds towards the purchase of approximately 70 FFA uniforms for students in need.

CNH Industrial also continued its We Care We Share outreach program, holding an educational event at the Thai Sa Kaeo College of Agriculture and Technology aimed at raising agricultural technology standards in the country while creating a new generation of agricultural experts.

In 2021, given the ongoing pandemic, CNH Industrial continued to support more vulnerable sections of society, including through food where needed. Located near the Company's sites in Racine (USA), the Hunger Task Force Farm yields over 226,000 kilos of fresh produce each harvest season to feed the hungry and create a reliable source of healthy food for its network of food banks. In 2017, the farm added a New Holland Agriculture tractor (donated by CNH Industrial Capital) to its operation. In 2021, the Company made a cash donation to the organization to purchase Thanksgiving turkeys for community members in need, while employees provided additional support by volunteering on the farm.

A key priority at CNH Industrial is to combat climate change, whose negative impact on ecosystems affects the quality of life for people in local communities and consumer choices. The Company has initiated several projects to tackle this global issue, which are also aligned with SDG 13 'Climate Action'. These projects are increasingly focusing on reducing the environmental impact of Company plants, including on local communities, and on helping protect the latter against the effects of climate change such as desertification, water scarcity, and the loss of biodiversity. Other initiatives are in place to promote responsible behavior to minimize environmental impact. Participation in the projects associated with this key priority allows CNH Industrial's brands to enhance their profile and increase their visibility among potential customers and strengthens Company employees' sense of belonging.

At CNH Industrial, a key priority is to engage local communities. To this end, and in line with stakeholders' expectations, the Company prioritizes initiatives that support local community development, especially youth training. In addition to the awards and scholarships given to employees' children, the Company works hard to promote young people's education by collaborating with private and public institutions and other stakeholders. Projects are also aligned with SDG 10 'Reduce inequality within and among countries', as they promote training in Emerging Markets with the aim of developing qualified potential recruits for the Company's sales and service networks.

TechPro2, a joint project with schools run by the Don Bosco Salesian Society, aims at training mechatronics specialists to meet a growing demand for skilled personnel, thus offering young people greater employment opportunities – especially within the Company's sales and service network. Training includes theory and hands-on learning at Salesian centers, followed by targeted internships in the field. The goal of TechPro2 is two-fold: on the one hand, to ensure students have a future vocation; on the other, to enhance the quality of specialized technical assistance for the brands' products while meeting the demand for qualified technicians at authorized dealers and workshops. The Company provides expertise by training the teachers, who pass on the knowledge to the classroom students. It also offers financial aid, tools, and essential parts (such as complementary vehicles, engines, drives, and diagnostic tools) for classroom training and practice.

CNH Industrial believes that operating in a socially responsible and ethical manner,

		and in compliance with the laws of the countries in which it operates, is crucial to its long-term success. The Company's Code of Conduct summarizes its policies on various compliance and ethics issues (such as conflicts of interest, corruption, competition, and health and safety). Such policies reflect, among other things, the Company's commitment to adopting fair employment practices, ensuring safety in the workplace, supporting, and fostering environmental awareness, and respecting the communities in which it operates, in compliance with applicable laws. The Company is also committed to the creation of long-term sustainable value for all its stakeholders and is firmly convinced that respect for fundamental human rights and for basic working conditions is a prerequisite to achieving this. The Board of Directors is responsible for creating a culture that fosters such long-term value creation – a task that requires compliance with all applicable laws. To this end, and to clarify and make explicit the Company's values and expectations, the Board has adopted both a Code of Conduct and a Supplier Code of Conduct. Our vast network of CNHi dealers will provide local product technical support at the dealership or out on the road to the members along with providing the start-up and operations training compliant with OSHA regulations, which the members need to get to receive the max. performance and efficiencies out of their products. The customers can also purchase OEM parts from our dealer network to support the members and to ensure their equipment obtains the max. amount of run time. Our financial services to the members include leasing options and extended warranties which are handled directly at the dealership. Members who are on a budget can rent or demo equipment from the dealership. The equipment will be a unit that has not been retailed and comes with full warranty (less than 250 hrs) or pro-rated warranty (if the unit has over 250 hrs). The customer will receive the member list discount and demo/lease adjustment based on rent for sale program rates less any service or clean up fees dealer would have incurred.	
11	What are your company's expectations in the event of an award?	When CNH Industrial is awarded the Sourcewell contract, we expect to continue to achieve an overall sales growth of over 10%. Throughout the pandemic and component parts not reaching our plants in a timely manner, we still saw growth in our Sourcewell contract. We plan to continue this growth cycle in 2023. CNH Industrial announce a culture transformation where everyone's voice will be heard. We have five new beliefs Customer first, grow together, one team, make it simple, be the best. This is exactly what we are planning to do with this contract. We want our customers to walk into our dealerships and be heard. Get the product they want and make it an effortless process with Sourcewell. We will continue to partner with Government Solutions Team (GST) where we have done more training in 2022 and plan to continue to follow that process in 2023. Their training includes web training, ride-a-longs to help educate the sales teams and the customers in addition to training new or re-train dealers within their first 60 days. Additional emphasis will go to getting our dealers to attend GTKU's and universities to round out their knowledge of the contract and how to use it to drive the contract's need. We are also going to target and engage with the government entities to get our Sourcewell contract adopted versus these entities having their own contract.	*

This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	CNH Industrial reported strong full year performance in 2021, its final year of operations as a combined Off- and On-Highway entity. We delivered consolidated revenues of $33.5 billion, up 29% from the previous year. Both our adjusted EBIT from our Industrial Activities at $2,086 million(1) and our full year Net Income at $1.8 billion (which translates to $1.28 in earnings per share) were the highest in our Company's history. Market driven volume and disciplined pricing were key drivers of our record earnings, alongside the team's successful execution, which they achieved while often managing very challenging supply chain and logistics issues. We also recorded another very strong year for positive free cash flow of Industrial Activities(1), at over $1.8 billion as our operational execution improved. 16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	CNH Industrial is the manufacturer of the equipment offered in this proposal. Our sales and service force is provided through our network of 1107 North American dealers. Our dealerships are independently owned and operated so they are positioned to provide sales and post support for our customers. Through the post-sale support our dealers offer parts and service. CNH Industrial imposes strict contract regulations and standards (Pinnacle), to hold dealers accountable for all interactions a customer has. This would include sales, service, parts, marketing, and operations. *
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	CNH Industrial adopts the World Class Manufacturing (WCM) management system, a program for innovation based on continuous improvement, developed to eliminate all types of waste and loss through the rigorous application of specific methods and standards (see page 165). Given the customers' demand for ever-higher quality and the level of excellence required by the WCM, the focus is on the quality of every aspect of the manufacturing process, which has led plants to also adopt a quality management system compliant with ISO 9001. As of December 31, 2021, 57 CNH Industrial plants were ISO 9001 certified, collectively accounting for 98% of revenues from sales of products manufactured at the Company's plants1. To achieve its quality standards, CNH Industrial devised a robust supply chain management process (see page 151) to ensure the procurement of quality components, which are essential to produce vehicles that meet the high standards demanded by customers. CNH INDUSTRIAL completed an initiative, known as Technology Days, gives suppliers a chance to display their innovative products in terms of innovation, technology, and quality, while addressing specific topics and sharing information on recent technological developments. In 2021, the event was as always attended by CNH Industrial employees but held virtually. As of December 31, 2021, 220 supplier plants had adopted the World Class Manufacturing (WCM) program, with no increase compared to 2020 due to pandemic-related restrictions and strategy changes to the WCM supplier program itself. The WCM adoption process entails several activities that take place in two distinct yet equally important phases, and that are meant to provide suppliers with the necessary knowledge to apply the intrinsic concepts of Lean Production. Firstly, various training sessions led by CNH Industrial's WCM program specialists are delivered to suppliers. Secondly, supplier WCM teams are given the opportunity to visit selected CNH Industrial plants to learn about the Company's best practices. Safety is a priority across the Company, as evidenced by the compliance of management systems with the ISO 45001 international standard, as well as with the continuous improvement principles of World Class Manufacturing (WCM) and its specific Safety pillar (see page 165). CNH Industrial's approach to occupational health and safety is based on effective preventive and protective measures, implemented both collectively and individually, aimed at minimizing risk of injury in the workplace. The Company endeavors to ensure optimal working conditions, applying principles of industrial hygiene and ergonomics to managing processes at an organizational and operational level. Additionally, it adopts the highest standards in the countries in which it operates, even where regulatory requirements are less stringent, believing this to be the best way to achieve excellence. In addition, the central Environment, Health, and Safety (EHS) function (which serves as a reference point for sustainability) coordinates and manages health and safety issues as per CNH Industrial's Health and Safety Policy. It periodically verifies performance against targets, proposes new initiatives, and defines health and safety policies. The Company's certification of its occupational health and safety management systems as per the ISO 45001 international standard is voluntary and covers 58 CNH Industrial manufacturing plants worldwide, accounting for 45,521 employees. In 2021, * the Company completed its transition to the new ISO 45001:2018 Occupational Health and Safety Management standard, which supersedes the OHSAS 18001:2007 standard. Certifications are awarded by accredited international bodies (in turn continuously and rigorously monitored by other international organizations) that review and certify the high levels of reliability and of operational and procedural standards. In 2021, the occupational health and safety management systems at some non-manufacturing sites were ISO 45001 certified, accounting for 5,684 employees at 12 different sites and locations. In total, 70 CNH Industrial sites worldwide (manufacturing and non-manufacturing) are now ISO 45001 compliant – covering 51,205 employees (about 75.9% of the employees within the reporting scope), 5,388

		contractors, and 7,190 agency workers (representing, respectively, 97% and 91% of the relative populations within the reporting scope) – as are all joint venture plants in which CNH Industrial has at least a 51% interest. 31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	CNH Industrial has been selling and servicing members in the United States through our Sourcewell contract for 12 years. We offer a full array of Construction products and services through our network of local dealers.	*

32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	CNH Industrial has been selling and servicing members in Canada through our Sourcewell contract for 12 years. Our company offers a price book series in Canadian dollars. We also offer a full array of Construction products and services through our network of local dealers. Our financing and leasing teams live in Canada. This ensures the members are working within the regulations of the Canadian rules. With the assistance of Sourcewell and Canoe Procurement Group and GST, we are expanding our marketing and training efforts and dealer presence throughout Canada. There is a scheduled webinar with Canoe Procurement Group in March 2023.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	CNH Industrial will be serving all locations of the United States and Canada.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	CNH Industrial will be serving all Sourcewell and CANOE Procurement Group of Canada members.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	CNH Industrial will service all of Hawaii, Alaska, US, and Canada in all market segments. Line Item	Question	Response *	
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	We will promote Sourcewell to our sales team and government dealers of over 1,000 to our customers. Our sales teams will attend regional training, webinars or in-person training. They will then help to promote and work through a potential sale through the Sourcewell contract with the local dealership. Our dealers will be trained by CNH Industrial government sales manager or their territory business manager. On-insight training, webinars or phone calls can be completed for training. We also have a partnership with Government Solutions Team for New Holland Construction that will also conduct webinars and on-sight training. We want our dealers to have a vast amount of support and success while being trained on the contract. All training is free to the dealers and goes through our Web University for tracking and awarding the teams for their participation. We work with Sourcewell and Canoe Procurement Group to provide marketing materials to the dealers. This material is also used by the dealers for customer visits, shows and other events where our brands and the contract are being promoted. New Holland Construction is also in the process of updating the Buyer's Guide that promotes our products to our government customers. We list our cooperative contracts at the back of the guide. This guide will be distributed to our dealers which in turn will provide to their customers. I have provided a picture of the back page for reference.	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	CNH Industrial incorporates several uses of technology, digital data, social media, and data to drive market awareness, target prospective sales, train our teams and customers, and perform community outreach. CNH Industrial has a dedicated website for our products and services. New Holland's website allows prospects to build equipment to their specifications, locate dealers and have direct contact information to each government representative. Case Construction website allows prospective customers to locate dealers. Our social media presence spans from Instagram, Facebook, Twitter and LinkedIn. We follow, like and share Sourcewell media along with other industry leaders to promote a full support system to our teams, dealers, and the community. By doing this, it keeps our brands at the top of our prospects' minds. We also utilize data from the Association of Equipment Manufactures (AEM) on governmental and non-profit sales. The data shows sales activities and high-density sales areas. This also allows us to understand our effectiveness in the marketplace compared to our competitors. We also have a governmental bid service. By investing in this service it allows for an advantage over our competitors and directs opportunities to the Sourcewell contract. This also allows us to see the future requirements of a member so our dealers can reach out and build a relationship with them and offer the Sourcewell as a solution to their bid process. We also conduct training and post videos online to reach a maximum audience and to keep our teams "in the know" as soon as possible. We want to get the information out quickly, so our members have the most current information. New Holland Construction government sales managers along with GST work with our teams daily through these trainings, videos, and emails to help them understand their market and the opportunities that exist.	*

38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We expect Sourcewell to promote the contract through social media, digital media, shows and events. Also, to allow members to easily locate our contracts on the landing page on Sourcewell's website and keep the member's list current. Communicating how the contracts are adopted and by whom is another significant role Sourcewell can provide. The H20 conference is an excellent tool where vendors can come together and share lessons learned, wins and best practices. When members contact Sourcewell, we expect them to directly thank them, answer any questions they have, and provide our contract information to the members. We would like our contract manager to follow up with an email or call to us on who called and their contact information and what was needed. This will allow us to continue the sales process by reaching out to them and showing them, we have a team with Sourcewell and CNH Industrial. We will continue to train our Territory Business Managers and dealers at our sectional and regional CNH dealer and sales meetings on this contract. We will continue to educate our dealers through webinars, phone calls and in-person training. When the contract is awarded, we will be sending out a letter with the new matrix to our dealers letting them know of the newly awarded contract. New Holland Construction will also be utilizing the GST team to train our members on the contract. They have a novel approach on touch points with the dealers during training. Our dealers are notified in several diverse ways through mail, email, and phone calls which then leads up to training. The focus does not stop after the training. GST continues to contact them after that process, so we do not lose touch with them. GST provides our dealers with a listing of Sourcewell members located in their area. This contract is particularly important to each one of our brands and is highly expressed to our CNH Industrial employees and dealers. Therefore, we have continued to grow the contract even through the Covid period. We plan to stay the course and continue with our message to our employees and dealers which is, "you should not have to bid for low dollars or a product you do not want, use Sourcewell and get what you deserve."	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Not now. Our contract is awarded through our dealer level, and this places too many variables. We have had conversations with NASPO to see if there is a way to work on an industry standard. Some of the states have already started going to the e-procurement system but with our highly configured products, it is difficult to work within their perimeters. We are willing to work with Sourcewell and the team you have put together to produce a process for e-procurement, whether this be through and EDI system or finding a company that has already created a process.	*

40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	We hold product training and customer experience events throughout the year. Any dealer current customer or potential customer can attend these events. At the corporate training facilities or the servicing dealer level, Operator and Maintenance training can be specifically structured for the customer. The servicing dealer provides base machine operation and maintenance training as part of the purchase and delivery. Additional training can be purchased through the local dealership.	*

41	Describe any technological advances that your proposed products or services offer.	New Holland Construction has announced the E15X first electric vehicle which has no air or sound pollution. New Holland Construction included an 8” LCD Multifunction Display in the 300 Series Skid Steer Loader and Compact Track Loader products. This brings the operator input and functionality to another level over what we had in the past. Particularly, the addition of a factory fit reverse camera, and improved EZ EH control adjustability. Meet the CASE Minotaur™ DL550 — an all-new, industry-first equipment category: the compact dozer loader. The integrated C-frame delivers true dozer performance and the agility and finesse of a loader. CASE Construction Universal Machine Control allows you to use the precision construction technology you prefer*. It’s compatible with hundreds of attachments, and the addition of an industry-exclusive fully integrated ripper makes this machine one-of-a-kind. It has the strength, attitude and intelligence to stake a claim as the industry’s most versatile and powerful compact machine. Minotaur demonstrates CASE Construction's commitment to delivering real-world innovation rooted in customer need. With 29 patents**, more than 10,000 field test hours, multiple customer clinics, countless operator evaluations, product refinements and even more evaluations after that — we've put this machine to the test to deliver you the highest standard in quality. THE INDUSTRY'S FIRST FULLY ELECTRIC BACKHOE LOADER — THE CASE 580 EV The CASE 580 EV (electric vehicle) delivers backhoe power and performance equivalent to its diesel counterpart while also providing instant torque, lower jobsite noise, lower daily and lifetime operating costs, reduced maintenance demands and absolutely zero emissions. This will be anticipated to launch in 2024. The CASE 580 EV Delivers Ultimate Power and Sustainability - Zero Emissions: Lower your carbon footprint and achieve incentives/greater consideration for new projects with electrified additions to your fleet. - All the Performance: The battery separately powers the drivetrain and hydraulic motors, resulting in hydraulic breakout forces equal to diesel-powered machines and improved performance during simultaneous loader and drivetrain operation. - Long-Lasting Power: The machine's lithium-ion battery provides enough power for the typical 8-hour workday. - Lower Operating Costs: Save as much as 90 percent in annual vehicle, fuel, and maintenance costs. - Classic CASE Performance: The 580 EV retains the precision and efficiency of diesel-powered CASE backhoes with features such as ProControl, which allows for extremely precise boom movement and placement, as well as Comfort Steer, which significantly improves steering while working in tight quarters or in truck loading operations. The CASE CX15 EV (Electric Vehicle) is a 2,900-pound mini excavator powered by a 16-kW electric motor — it features retractable tracks that get machine width down to about 31 inches for going through doors and working in confined spaces. It can also work close to structures and obstacles with a minimum swing radius design. The 21.5 kWh lithium-ion battery is charged either by the 110V/220V on-board charger, or via an external rapid charger that can have the machine charged extremely fast, typically within 90 minutes. Depending on the type of work, unit will provide enough power to work through a full eight-hour workday.	*
42	Describe any “green” initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	In compliance with its Environmental Policy, CNH Industrial is committed to minimizing the environmental impact of its ICT activities by using energy-efficient products and solutions. Indeed, the Company implemented the Green ICT plan precisely to reduce energy consumption and CO2 emissions. In 2021, approximately 8,200 personal computers and 1,083 technical workstations were replaced with new equipment featuring more efficient power supply units, optimizing the consumption of electricity drawn from the grid. The Company also replaced around 1,100 computer monitors with new units that comply with environmental requirements regarding product energy consumption and efficiency, the use of hazardous substances, recyclability, packaging materials, and low-impact manufacturing methods. Within the scope of Brands4Sustainability3, CNH Industrial supported a project called Capri Circolare - A Sustainable Tourism Model, an in-depth analysis of potential areas of intervention to position the island of Capri at the forefront of environmental sustainability. The goal is to turn Capri into a green destination by developing a model that promotes a circular economy and the implementation of good practices to protect the local region, resources, and biodiversity. In Córdoba (Argentina), IVECO created an Ecological Island where carpenters use recycled materials to make parts that are then used in various plant production and logistics processes. In broad terms, the company applied the 5Rs of waste management (refuse, reduce, reuse, recycle, recover) to enable the reuse of approximately 4,800 kilos of reclaimed wood and around 3,600 kilos of corrugated plastic per year. The Company also contributed to creating policies in support of alternative fuels – and a circular economy – in the agriculture sector, particularly promoting the use of biomethane and Agriculture 4.0 programs through specific initiatives in many countries. As a long-	

standing member of the European Automobile Manufacturers' Association (ACEA), while also holding a seat on its board, the Company has actively contributed to the debate on EU (European Union) policies to lower CO2 emissions and achieve net-zero emissions in the future. Moreover, with a seat on the association's Commercial Vehicles Board, IVECO actively contributed to the discussions on how manufacturers can help achieve the EU's 2050 Greenhouse Gas Emissions (GHG) goal, highlighting the role that both liquid and gas renewable fuels can play in the transition towards net-zero CO2 emissions in transport. As regards light-duty vehicles, IVECO is actively involved in the ongoing discussions and advocacy activities regarding the revision of the post-2020 CO2 emission standard for cars and vans.

CNH Industrial is also a member of the Committee for European Construction Equipment (CECE) and of the European Agricultural Machinery Association (CEMA), trade associations for construction equipment and agricultural machinery manufacturers, respectively. Throughout 2021, the Company collaborated with the associations' committees and project teams to bring forward EU legislation on the safety and environmental aspects of off-road machinery. Following the European Green Deal plan presented by the European Commission, CNH Industrial contributed to further discussions within CECE's and CEMA's High-Level Groups on CO2 concerning ways to reduce GHG emissions and decarbonize both the agriculture and construction sectors in Europe.

CNH Industrial is also a board member of the European Association of Internal Combustion Engine Manufacturers (EUROMOT). In 2021, particularly through its brand FPT Industrial, the Company contributed to the association's activities centered on Non-Road Mobile Machinery (NRMM) exhaust emissions, proposing the creation of a new working group within the association focused on alternative powertrains and advanced energy resources. The aim was to further promote alternative and more sustainable powertrain solutions within non-road sectors as well (such as marine applications or mobile equipment) considering the EU's most recent sustainability and climate goals. The Company holds a seat on the board of the Natural & biogas Vehicle Association (NGVA Europe), which advocates and fosters the use of natural gas and biomethane for transport in Europe. In 2021, in collaboration with several other national associations for natural gas, IVECO and FPT Industrial promoted debate in Europe on natural gas strategy (considering the EU's targets for 2030 and beyond) and its advancement in Europe, in line with EU legislation on the development of natural gas infrastructures. *

CNH Industrial is member of the board of Hydrogen Europe, representing the hydrogen and fuel cell industry, national associations, and research centers in Europe, and of the Hydrogen Council, a global initiative among leading energy, transport, and industry enterprises that focuses on the contribution and potential of hydrogen in the transport sector while contributing to policymaking and the ongoing debate, working towards the future commercialization of fuel cell vehicles. In this regard, the Company also participates in the European Clean Hydrogen Alliance, an initiative by the European Commission and Hydrogen Europe that brings investors together with governmental, institutional, and industrial partners, aimed at steering and coordinating the ambitious plan to deploy hydrogen technologies by 2030, and at rapidly upscaling clean hydrogen production and use in Europe.

New Holland Agriculture was one of the main stakeholders at the event Seeding the Future of Sustainable Farming: Advanced Farm Machines & Solutions to Deliver on the European Green Deal, a summit organized by the European Agricultural Machinery Association (CEMA) in Brussels (Belgium). The focus was on how digital farming tools, modern farm machines, and farm data management systems will drive the European agriculture sector in taking on the double challenge of producing sufficient quality food and safeguarding biodiversity.

The importance of sustainable planning to the Company lies not only in time and cost efficiencies, but also in emissions reduction, resource use, packaging management, and, not least, in their indirect impact on human health and traffic congestion. To coordinate its efforts effectively towards improvements in this area, CNH Industrial published its Green Logistics Principles, available on the Company's website; intended to coordinate the Company's initiatives on promoting sustainable behaviors, they help both corporate functions and suppliers effectively monitor their performance and meet improvement targets.

In North America, the Agriculture and Construction segments continued to engage their logistics partners in the SmartWay transport program. Launched in 2003, the program is sponsored by the Environmental Protection Agency (EPA) to improve efficiency, reduce greenhouse gas, and air pollutant emissions along the transport chain. SmartWay provides its partners with a set of EPA-tested tools that help make informed transportation choices, measure, and report CO2 emissions, and improve supply chain efficiency and environmental performance.

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Several CNH Industrial plants continued to implement initiatives to reduce packaging waste, according to the 5 Rs11 of waste management (in particular, the Reuse principle). Improvement measures involved several plants, including New Holland (USA), Annonay (France), Zedelgem (Belgium), Córdoba (Argentina), and Curitiba, Piracicaba, and Sorocaba (Brazil), reducing overall packaging waste by more than 1,000 tons and saving approximately $650,000. As per existing guidelines on packaging-waste compactors, aimed at mitigating the environmental impact and management costs associated with waste, CNH Industrial plants continued to reduce the volume of stored waste, thus requiring less frequent collection and disposal services by third-party providers. For example, the plant in Rorthais (France) installed a cardboard compactor, saving over $9,200. New Holland Agriculture was one of the main stakeholders at the event Seeding the Future of Sustainable Farming: Advanced Farm Machines & Solutions to Deliver on the European Green Deal, a summit organized by the European Agricultural Machinery Association (CEMA) in Brussels (Belgium). The focus was on how digital farming tools, modern farm machines, and farm data management systems will drive the European agriculture sector to take on the double challenge of producing sufficient quality food and safeguarding biodiversity. See all the green initiatives stated on #43. We continue to support conservation efforts with third parties.	*

What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	We are dedicated to our Clean Energy Leader® strategy, launched in 2006, which promotes the use of renewable fuels, systems to reduce emissions, technological tools, and sustainable agricultural practices. We recognize today as a global leader in powerful, reliable, and highly efficient equipment that helps our members meet the challenges of modern-day tasks. We have numerous models in several product lines which speak to understanding member needs and proving them with the correct solution. This is accomplished by our strong dealer network and our field teams working together to help our members define their needs. Our dealers are measured on technical, financial and sales performance levels and maintain certifications to back up these performance levels. Our focus is to align with what our members' needs are while controlling costs. We also have our unique demo/rental program available to members under this proposal. A member can use the product in advance and receive additional discounts if they choose to purchase the equipment. This allows the member to make sure they are getting the right product for the job. New Holland Construction partnership with Government Solutions Team (GST) will continue to have an impact on the members through the education and speaking opportunities they are afforded during our meetings and events as well as during events taking place at all levels throughout North America which they are invited to attend. Their vast array of knowledge and experience working with members in this sector compliments our team in the field with getting the Sourcewell contract utilized and talked about. Their ability to speak to the members as a third party has been of great value in successfully helping members understand how to utilize the contract.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Our dealers are required to upload documents when they purchase equipment. They will upload the customer's purchase order, dealer's invoice to customer, and authorization letter. Each month Government Sales Manager audits the Sourcewell documents and verifies membership, pricing, discount, etc. Each quarter a report is generated on all Sourcewell sales and sent to the buyer.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Market Share is important to our business. Each month we run reports from AEM to understand our position in the marketplace. This report includes total government sales, and from the percentage of government sales going into Sourcewell is determined. Our goal is to continue to grow this matrix in the percentage of government sales to increase Sourcewell sales. We also are looking at our year over year and quarter-over-quarter results in sales volume dollars. This will show us if we are on target for growth vs that of last year's quarter.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	CNH Industrial agrees to continue to pay Sourcewell a 0.75% contract fee. Our contract has continued to grow, which results in profit for all parties involved.	*

New Holland Tier 4 Final engines deliver powerful performance, use less fuel and are easy to maintain to decrease your operating costs. The reliable hydraulic system delivers fast cycle times. In-line hydraulic pumps produce less noise and provide extra-smooth operation. Add the optional high-flow hydraulics to run attachments hour after hour. The 300 Series dual-range transmission provides travel speeds of more than 11 mph to save time on and between job sites. It is standard on the L320, L321, L328, and L334. New Holland's long wheelbase gives you stability and smooth riding comfort. A new available creep mode (EH models only) gives you greater control for slow-speed operations like trenching. New Holland's 300 Series loaders make your workday more productive and comfortable with a compact track loader from New Holland. These 60 to 114 gross HP loaders are tough models that deliver incomparable performance and craftsmanship. Whether you are a farmer, contractor, or landscaper, the 300 Series loaders are built to support you and your operation. They hold fast to steep slopes and move easily through muddy or sandy terrain to complete jobs quickly and efficiently. New Holland's D Series loader backhoes represent a huge step forward in operator comfort and productivity while delivering Tier 4 Final emission compliance without compromise. A new cab design featuring 10% more space, new rear side windows, vastly improved clearance when turning the seat for backhoe operation, and hugely improved in-cab storage capacity guarantees an enhanced operator experience and increased operator productivity. Many customers need a loader that offers the versatility to do a lot more than just move bulk material, including grading and leveling as well as grabbing heavy items like tree trunks and concrete pillars. They also need a tractor unit offering the traction and power to push materials into place or out of the way. With a 4-in-1 bucket, a D Series loader backhoe delivers exceptional performance with just a single attachment. Choose a 6-in-1 bucket and you have the option to flip down adjustable pallet forks for handling palletized loads without a dedicated vehicle. The backhoe can be equipped with a wide choice of buckets to match excavation, water-course clearance, trenching and other demands. You can also fit post hole diggers, hydraulically extendable dipper and countless other tools. The long, nearly 23-ft. reach of both the standard and telescopic dipper allows digging depth comparable to many conventional dedicated excavators. Add the new updated cab featuring a new heated seat and up to ten LED lights and exterior side lights on the cab roof, and there are no performance compromises with a New Holland D Series loader backhoe. CLASS-LEADING POWER AT BUCKET AND HITCH The U80D tractor loader from New Holland delivers 74 gross horsepower of clean power with its Tier 4 Final certified engine. You get responsive power at both bucket and hitch, so the U80D pays its way by loading, stacking, scraping and leveling. Add the Glide Ride option, and the boom cylinders become the equivalent of giant shock absorbers to stabilize the load while traveling. The curved-arm loader linkage provided on the U80D tractor loader provides hydraulic bucket leveling for less spillback, as well as excellent reach at maximum dump height for truck loading. The unique reverse-mounted loader arm cylinders give you maximum bucket breakout force and superior dump speed on the bucket. Rugged Class II three-point hitch with controllable down pressure provides excellent scraping and leveling performance. The synchromesh transmission with power shuttle gives you smooth control and easy forward-reverse shuttling. New Holland compact wheel loaders do more than load. With dependable engine and hydraulic power and a choice of buckets and attachments, you can easily scrape, grade, haul and more. Z-Bar linkage design provides maximum breakout force, digging and lifting power for high-production load-and-carry applications. For applications where self-leveling is needed, like forklift work, consider the W50C TC Tool Carrier model. A stable compact design allows you to work and maneuver easily in restricted spaces. A lower machine height and lower center of gravity increases the stability of New Holland compact wheel loaders so you can lift and move larger loads, travel smoothly and quickly, and operate with more confidence.

You can work next to buildings, foundations, and roads with greater confidence in a New Holland Construction C Series compact excavators. They combine power, performance, and versatility to make the very most of every minute of your day. C Series excavators deliver big digging and grading performance with SAE bucket breakout forces up to 8,490 lbf and dig depth up to 12.5 feet. Their compact design and zero/short tail swing mean you can dig, fill, and grade in the most confined, congested areas. You can offset the excavator boom left or right within the operating range to match the situation. The C Series also offers more ground clearance and excellent dozer blade lift height for maneuvering and working in tough conditions. With seven models from 1.7 to 6 tons, there is nothing small about the performance of New Holland compact excavators. All models offer an increase in horsepower compared to previous models, powered by quiet, fuel-efficient Tier 4 Final engines up to 66.9 horsepower. Ease and comfort equate with operator productivity, so the wide C Series cab is designed for spaciousness, all-around visibility, comfortable seating, and smooth control. New Holland's Auto Shift traveling system automatically downshifts when load increases to enhance travel torque on slopes and in difficult conditions, then shifts back up to secure a faster travel speed after the load decreases. The Auto Idle system activates when you are not using the operating levers to improve fuel efficiency.

Case Construction Equipment:
The CASE B Series skid steers build on more than 50 years of engineering and field experience to provide the most intuitive operator experience and comfortable working environment ever built into a CASE skid steer — including an eight-inch LCD multi-function display and simple electro-hydraulic controls. The design simplifies operation and puts more power and control into the hands of the operator. Match that with productivity-enhancing horsepower and torque, powerful auxiliary hydraulics, and industry-leading visibility — and CASE B Series skid steers allow you to get more done every day.

The CASE skid steer lineup features the sizes, lift patterns, power, and emissions solutions to match any application. Five radial-lift and three vertical-lift skid steers across numerous horsepower and size classes ensure that you will find the right solution for your operation. CASE B Series skid steers also provide operators with the most feature-rich operator experience ever found in a CASE skid steer, including electro-hydraulic controls, "Creep Speed" functionality, an automotive-style information display with improved fault codes and troubleshooting, as well as Economy Modes with engine protection. The eight-inch LCD multi-function display serves as the command center for the machine and includes the industry's only backup camera visible in a split screen display with machine data.

The CASE B Series compact track loaders offer a completely re-imagined operator interface and environment to simplify operation and put more power and control into the hands of the operator — including an 8-inch LCD multi-function display and simple electro-hydraulic controls. Match that with industry-leading visibility, productivity-enhancing horsepower and torque, extreme attachment versatility, and lift geometries and size classes to meet every demand — and CASE B Series compact track loaders have the strength and performance to handle your toughest jobs. Jobsite productivity and awareness are driven by industry-leading visibility — further improved with the backup camera and a cab-wide rearview mirror. Operators have the industry's best perspective of the job through large front and side windows, a low entry threshold for greater visibility down to the bucket, a low sloping rear hood and 360-degree lighting.

CASE backhoe loaders – extra power when you want it, precise control where you need it and a sophisticated-yet-simple machine that needs less from you to get more done, more quickly. When your backhoe legacy dates to the world's first fully integrated production backhoe loader, you know they are expected to do everything. So, you engineer them to be stronger and more responsive, roading, loading, or digging. That is the Tier 4 Final N Series backhoe. Give your backhoe a shot in the arm. At the push of a button, Power Boost provides a temporary surge of power – up to 8% more breakout – without decreasing RPMs (Revolutions Per Minute) so you can quickly muscle through obstacles and tough or frozen ground. (Not available on 580N EP or 580N backhoes).

The CASE 570N EP tractor loader combines unbeatable lifting strength, ground speeds as fast as 24mph, and user-friendly features to provide contractors with a skip loader that is impressively cost effective, and incredibly easy to own and operate. It is available with a rear 540-RPM PTO (Power Take Off) or 3-point hitch, as well as a hydraulic front quick coupler for optimal versatility. The CASE 570N EP tractor loader has a full height lifting capacity of 6,503 LB., giving you more than three tons of lifting strength to move, load and stock more piles, palettes, and material. Loader arms have heavy-duty in-line parallel linkage with a solid thru-pin design, dual bucket cylinders and a standard material retention feature to evenly transfer bucket stress up and through full dump. It all works together to provide faster cycles with less spillage.

The enhanced CASE G Series wheel loaders simplify operation through a touchscreen display and give operators even greater control with adjustable electro-hydraulic controls, optimized power modes and programmable configurable buttons near the joystick. These buttons put your most common settings and functions mere inches away from the joystick, further simplifying operation. All while delivering — and improving — the power, productivity, and efficiency you already expect from CASE G Series wheel loaders. Extreme fuel efficiency, lower engine operating temperatures and a no DPF/no regen emissions solution are matched with features designed to shorten cycle times, increase uptime, and make you even more efficient. An optional, factory-integrated payload system drives greater accuracy and loading efficiency in operations from quarries and job sites to feedlots and supply yards — and makes the investment/deployment in a payload system entirely turnkey (no separate financing/installation/etc.).

C Series motor graders expand the CASE lineup with well-equipped models ideally suited for small-to-mid-size grading operations for municipalities, road maintenance and general construction. Their SCR-only Tier 4 Final engine solution delivers fuel-saving performance with minimal cost or maintenance from the operator and with the product assurance of ProCare, ownership and upkeep has never been easier. Models come standard with the productivity-boosting features operators want and are available as standard drive or AWD, and as machine control-ready for integrating into precision fleets. C Series graders deliver smooth, automatic shifting thanks to an Ergopower transmission and torque converter. And with the hydraulic differential lock and automatic power splitting, torque is instantly transferred from a slipping tire to one with more traction, providing constant traction without throttle adjustment necessary.

The CASE H Series rough terrain forklifts get it done smoother, easier, and faster. With fast lifting speeds, roading speeds of up to 24 mph (38.6 km/h), lifting capacities of up to 8,000 lbs. and a slew of unique features that keep loads level and forklift operators comfortable, these high-performance, Tier 4 Final forklifts truly do raise the bar. Rough terrain forklifts are designed for two things: lifting and moving loads. We have engineered the H Series forklifts to be the best at both. With lifting speeds of 107 feet per minute and roading speeds of 24 mph, you will be able to raise, haul and place quicker to finish the job faster.

The all-new E Series excavators build on that legacy with seven new models - including two new class sizes - designed from the ground up to revolutionize the operator experience through laser focus on the things operators care about most: reliability, cab comfort and performance. We give you a full line-up of solutions for every size and type of jobsite, whether you are trenching in open fields or working a single lane on the highway. And the growing list of OEM-fit machine control technologies available throughout the new E Series lineup shows our commitment to always delivering improved performance, precision, and profitability.

The CASE M Series dozers are among the most powerful and efficient — and now even more precise with factory-fit machine control. This makes it easier than ever to get into machine control and to experience its benefits: increased productivity, improved performance, and reduced wear-and-tear on your dozer fleet. Match that with industry leading power, extreme visibility to the work area, an intuitive operator interface/experience, and the full support of CASE and its dealer network — and CASE M Series Dozers will drive your success from heavy bulldozer work to fine grading. It is all about the drawbar pull — and the tractive effort and related pushing power it creates. CASE M Series dozers provide best-in-class drawbar pull (varies by model), and a powerful and robust undercarriage with a variety of track and extended life options to meet your pushing needs.

SALES AGREEMENT

The Customer requests that McCann Industries, Inc. ("hereinafter referred to as "McCann"), sell, rent, loan, demo, service, and repair goods and equipment on account in consideration of which the Customer and McCann agree as follows:

Payment for equipment is due at time of order and in no event shall equipment be delivered prior to full settlement. The Customer shall pay the full amount of any outstanding balance shown on the monthly statement within thirty (30) days of the invoice date. Should payment not be received by McCann according to the credit terms stated, the entire balance is considered in default and due for immediate payment. Customer agrees to pay a service charge on the outstanding balance for which payment has not been received according to terms stated. The service charge shall be a minimum of 1-1/2% per month of the Customer's outstanding past due balance, after deducting current payments and credits. Such service charges shall become part of the Customer's outstanding balance. Customer agrees to pay McCann a reasonable processing fee to cover any check returned by Customer's bank as unpaid. If the Customer fails to pay pursuant to the terms of this agreement and McCann elects to take action to collect this Account, the Customer shall pay all costs incurred by McCann including, but not limited to: Attorney's fees, collection agency fees, court costs, deposition and transcript costs, sheriff's fees, special process server fees, expert witness fees and bond costs. THE CUSTOMER ASSIGNS AS SECURITY FOR ANY INDEBTEDNESS INCURRED OR TO BE INCURRED TO McCANN UNDER THIS ACCOUNT ALL OF THE CUSTOMER'S PRESENTLY OWNED AND EXISTING AND HEREAFTER ACQUIRED AND ARISING: ACCOUNTS, ACCOUNTS RECEIVABLE, CONTRACT RIGHTS, CHATTEL PAPER, EQUIPMENT, INVENTORY, AND ALL PROCEEDS OF THE FOREGOING COLLATERAL. CUSTOMER APPOINTS ANY REPRESENTATIVE OF McCANN AS CUSTOMER'S ATTORNEY-IN-FACT TO SIGN AND FILE A UCC-1 FINANCING STATEMENT TO PERFECT THE SECURITY INTEREST. THIS TRANSACTION SHALL BE GOVERNED BY THE LAW OF THE STATE OF ILLINOIS, AND JURISDICTION AND VENUE FOR THE HEARING FOR ANY MATTER IN DISPUTE SHALL BE WITH THE DUPAGE COUNTY CIRCUIT COURT OF ILLINOIS. Customer waives any right to a jury trial and any right to file a Counter-Claim in any action to enforce this agreement. At McCann's sole discretion, any deposition will take place in DuPage County.

Time is of the essence of this contract and if Customer fails to comply with any of the terms and conditions hereof or defaults in the payment of any installment hereunder or under any renewals hereof, or in the payment of interest or defaults in the payment of any installment due under any other indebtedness or contract held by the McCann or Assignee, or if proceedings are instituted against Customer under any bankruptcy or insolvency law or Customer makes an assignment for the benefit of creditors or if for any reason the McCann deems himself insecure and so declares all payments heretofore made by Customer shall be retained by the McCann and all indebtedness hereunder shall become immediately due and payable, with or without notice, together with all expenses of collection by suit or otherwise, including reasonable attorney fees and McCann may, without notice or demand, take possession of the equipment set forth on the reverse hereof, or any additions to, replacements of, or any proceeds from said equipment or may render the property unusable or McCann may require Customer to assemble the property and make it available at a place designated by McCann. McCann may resell the retaken property at public or private Sales in accordance with the Uniform Commercial Code or applicable state or provincial law. After deducting reasonable expenses for retaking, repairing, holding, preparing for sale, other selling expenses including attorney fees and legal expenses, the remaining proceeds of Sale shall be credited upon the amount of indebtedness remaining unpaid hereunder, and Customer agrees to pay any deficiency upon demand by McCann, and surplus, however, shall be paid to Customer. Said retaking or repossession shall not be deemed rescission of the contract. McCann may exercise any other rights and remedies provided by applicable law. The remedies provided for herein are not exclusive and any action to enforce payment shall not waive or affect any of the holder's rights to have recourse to the property. The transfer of this contract shall operate to pass a security interest in the property as security for the payment hereof.

The Customer acknowledges that it has special skill and knowledge in the selection and use of the equipment and material to be purchased, loaned, used for demo or rented from McCann and expressly disclaims any reliance upon any statements or representations made or to be made by McCann regarding the sale, rental, demo or repair of any material or equipment. The Customer also acknowledges that it is their responsibility to comply with the manufacturer's instructions in regard to storage, preparation, mixing, and application of materials and expressly disclaims any reliance upon any statements or representations made or to be made by McCann regarding the materials. MCCANN MAKES NO WARRANTIES, EXPRESSED OR IMPLIED AS TO THE EQUIPMENT'S MERCHANTABILITY OF FITNESS FOR ANY PARTICULAR PURPOSE. The Customer also waives any liability upon McCann for any direct, special, or consequential damages that Customer may suffer. The exact manner in which this equipment will be used and the qualifications of the user and the equipment or lack of equipment of the user are beyond the control of the McCann, therefore McCann expressly disclaims any responsibility for Customer's compliance or failure to comply with OSHA and/or other governmental safety or health regulations or standards.

The Customer authorizes any of its employees it sends to McCann to deliver or pick up equipment or materials, for purchase, loan, demo, rental, or repair, to sign demo, rental or delivery receipts or repair orders for said equipment or materials and agrees to be bound by all the terms of said documents. If McCann's employees assist in loading or unloading, the Customer agrees to assume the risk of, and hold McCann harmless from, any property damaged or personal injuries attributable to the negligence of McCann, including McCann's employees. In the event the Customer directs McCann to deliver any material or equipment, and the Customer does not have a representative present at the time of delivery, the Customer authorizes McCann to leave the material and equipment at the designated place of delivery. Upon said delivery, the Customer will be responsible for said material and equipment. McCann's use of a purchase order number is for Customer's convenience and identification only. This agreement supersedes any inconsistent provision in any purchase order. Absence of a purchase order number shall not constitute grounds for non-payment of charges when the Customer has had possession, or the right to possession of the items charged. Customer agrees to inspect all material immediately upon delivery to verify: (a) the quantities described in the agreement are the quantities delivered and (b) there are no visible defects in the material. The Customer also agrees to examine all delivery tickets and invoices upon receipt. Unless the Customer gives McCann written notice by certified mail-return receipt requested within three (3) days of delivery, the Customer waives any claim he may have against McCann for any determinable deficiency or defect in said delivery, product, or repair, and any objection he may have to the amount of the invoice.

The Customer shall indemnify and hold McCann harmless against any and all claims, demands, liabilities, losses, damages, and injuries whatsoever kind or nature, and all attorney's fees, costs and expenses relating to or in any way arising out of the ordering, acquisition, delivery, installation, possession, maintenance, use, operation, control, loss damage, destruction, return, surrender, sale or disposition of the material and/or equipment purchased, loaned, used for demo or rented from McCann. This indemnity shall not be affected by any termination of this agreement with respect to said materials and equipment. McCann shall be excused if delivery is delayed or rendered impossible by differences with workmen, strikes, work stoppages, car shortages, delays in transportation, inability to obtain labor or materials and also by any cause beyond the reasonable control of McCann, including but not restricted to acts of God, floods, fire, storm, acts of civil and military authorities, war and insurrections.

The parties agree that this is the entire agreement and that no oral representation or agreement has been made which would modify this agreement or be a condition precedent or subsequent to the enforcement of this agreement and that this agreement may not be modified except by a writing signed by each of the parties. The invalidity of any portion of this agreement shall not be construed as a waiver thereof and shall not excuse Customer from strict performance. Customer authorizes McCann to insert the serial and/or model numbers of the goods set forth on the reverse side hereof for the purposes of identifying said equipment.

Customer represents that he has read and has been afforded the opportunity to read the terms of this agreement and agrees to be bound by them.

IT IS UNDERSTOOD THAT THIS IS THE ENTIRE AGREEMENT BETWEEN PARTIES AND IS SUBJECT TO ACCEPTANCE AT ADDISON, ILLINOIS.

Summary:

On August 5, KDOT opened two bids for the above-mentioned project, which covers electrical equipment maintained county-wide on County highways. The scope includes routine maintenance and inspection of traffic signals, roadway lighting, and other electrical transportation components, as well as emergency repairs. The contract services are scheduled to begin on December 1, 2025, and continue through November 30, 2028.

The lowest qualified bid of $ 6,056,694.47 was submitted by Meade Inc. of Willowbrook, Illinois. Meade Inc. is an IDOT-prequalified contractor for this type of work as required in the contract specification.

Kane County Division of Transportation staff reviewed the bid submitted to determine compliance with the Kane County Ordinance. After review of the bid, it was determined that the bid submitted did not meet all guidelines set forth within the Responsible Bidder Ordinance (RBO) provisions of the Kane County Purchasing Ordinance. Consistent with the terms of the RBO, the bid was then reviewed for compliance with the remaining sections of the Kane County Purchasing Ordinance.

Given the limited availability of qualified electrical maintenance contractors for this type of work, the two bids—only 4% apart—indicate a highly competitive process and are reflective of current market costs.

After completing the review, KDOT recommends approving the low bidder, Meade Inc. of Willowbrook, Illinois.

Staff recommends approval.

Summary:

In May of 2020, the County Board approved an agreement with Michael Baker to design repairs to seventeen separate bridge structures. In June of 2023, the original agreement was amended to account for additional environmental permitting, and separate packaging of the construction projects for better bids.

One package has been bid and constructed. To finish the other two packages, an extension of time is necessary. This will allow the final environmental clearances to be obtained. This amendment is only for that extenstion of time. No additional funds are needed or requested.

Staff recommends approval.

In addition to adjacent property owners, notice of this Petition was also sent to Kane County staff, Plato Township Highway Commissioner and Township Supervisor, City of Elgin City Administrator & Community Development Director, KDOT, School District 301, and the Pingree Grove & Countryside Fire Protection District.

REVIEW & ANALYSIS

ZONING
The subject property is currently zoned F-Farming District and is bordered to the north by the Fitchie Creek Forest Preserve, to the east by F-District Farming with a Special Use Permit for Solar, to the south by the C.C. & P.R.R. railroad tracks and PUD residential beyond that, and to the west by F-District Farming. There have been no other zoning actions granted on the subject property in the past.

Section 25-8-1-2 of the Kane County Zoning Ordinance provides that "Solar Utility" is a Special Use in the F-Farming District; Section 25-5-4-9 of the Zoning Ordinance stipulates the rules and regulations for Commercial Solar Facilities.
Per Section 25-5-4-9, the site plan for a commercial solar energy facility must meet the following criteria:

1. Occupied residential dwellings on nonparticipating properties shall be located no less than one hundred fifty (150) feet to the nearest point on the outside wall of the structure.
2. Boundary lines of participating property: none.

3. Boundary lines of nonparticipating property: fifty (50) feet to the nearest point on the property line of the nonparticipating property.
4. Public road rights-of-way: fifty (50) feet to the nearest edge of the public road right-of-way.
5. No component of a solar panel, cell or modules may exceed twenty (20) feet in height above the ground at full tilt.
6. Vegetative screening shall be provided for any part of the Commercial Solar Energy Facility that is visible to Non-participating Residence(s).
7. Landscaping screening shall be located between the required fencing and the property line of the participating parcel upon which the facility sits.
8. The vegetative screening shall include a continuous line of native evergreen foliage and/or native shrubs and/or native trees and/or any existing wooded area and/or plantings of tall native grasses and other native flowering plants.
9. A fence shall be installed around the perimeter of the facility area with a minimum height of eight (8) feet and not more than twenty-five (25) feet.

FUTURE LAND USE

The Kane County 2040 Plan recognizes solar power as an emerging source of renewable energy, but does not specify whether it is more or less suitable for particular land use areas. The proposed installation of the solar array would likely limit the conversion of the site from an agricultural use to a commercial or other non-agricultural use for the duration of the renewable energy lease term. The Resource Management land use category is intended to preserve open space within planned unit developments and be adaptive to municipal land use planning goals.

The City of Elgin identifies the site area as planned for a combination of Single Family Detached, Neighborhood Commercial, and Transition Residential within its extraterritorial land use planning jurisdiction.

WATER RESOURCES

The Water Resources department has reviewed the Zoning Petition and recommends the following twelve (12) stipulations for approval:

1. All panels in the Flood Fringe or adjacent to the Floodplain as defined by the Kane County Stormwater Ordinance will need to Flood Protected to 2 feet above the Base Flood Elevation. Determination of the Base Flood Elevation will be required.
2. Water Resources will require a stormwater permit for this development. All submittals must be prepared by Professional Engineer licensed in the State of Illinois.
3. An engineer's report will be required. Should the site introduce more than 25,000 sq ft of impervious area or more than 3 acres of disturbance, stormwater detention will be required. This impervious area is calculated cumulatively since 2002 for a site as per the Stormwater Ordinance. The Engineer's report must demonstrate that the peak flow for the site with the proposed development is not increased, stormwater detention may be required for the development to ensure this. Any required Stormwater Detention Management will require a viable outfall and may require off-site work.
4. Should the site introduce more than 5,000 sq ft of impervious, a BMP will be required for all impervious surfaces.
5. A calculation for disconnected impervious area, created by the panels, will be required. A Best Management Practice will be required to encourage infiltration of runoff within the site based on this calculation and drainage in the area.
6. The configuration of the solar panels shall be evaluated to identify any potential erosion concerns. Particular attention shall be given to erosion risks at the drip edges of the panels and in sloped areas. Appropriate best management practices must be implemented to mitigate these risks. BMPs may include, but are not limited to, pre-seeding or pre-vegetation of the site prior to panel installation to establish ground cover and reduce soil displacement.
7. A drain tile study will be required, including upstream and downstream tile systems that rely on the drain tiles within the site. Water Resources is looking for the protection of the tile system that is in place, including but not limited to replacement in kind and observation and cleanout structures.
8. Plantings within the development will not interfere with drain tiles. Planting plan should address the placement of vegetation and trees with long root systems that can interfere with tile systems and cause off site issues including surcharged drain tiles and blow outs of the drain tile systems.
9. Soil samples shall be taken every 5 years from the site and analyzed for physical, chemical, and biological properties to demonstrate the soil health within the solar installations.
10. 80% vegetative coverage for plantings will be a requirement for the site.

11. A Wetland Delineation will be required. The Wetland Delineation shall meet the requirements of the Ordinance as described in Article VII Section 9-169 Requirements for a Wetland Delineation. Any Wetland Impacts must be mitigated.
12. Floodplain, Wetland, Compensatory Storage, BMPs and Stormwater Management must be placed in a Conservation or Drainage Easement.

TRANSPORTATION

The Kane County Department of Transportation (KDOT) and the Plato Township Highway Commissioner reviewed this Petition. Per their comments, Nesler Road is under the jurisdiction of Plato Township. The Township indicated that the access that Anamite Solar will be using is existing, acceptable for the petitioner's needs, and that no additional access permits will be required.

ENVIRONMENTAL HEALTH

The Kane County Health Department reviewed this Petition and had no comments regarding the proposed use or site plan.

FIRE PROTECTION DISTRICT

The Pingree Grove & Countryside Fire Protection District reviewed this Petition and indicated "[their] only concern is the access road. Since it is located a long distance off Nesler Road, we would need to ensure it is installed to support access by our fire equipment, as outlined in our ground solar array code; the road needs to support 60,000 lbs. There may be other concerns once we see a more comprehensive set of plans."

ADDITIONAL REPORTS & ANALYSIS

- Results and recommendations from the Illinois Department of Natural Resources (IDNR) obtained through the **Ecological Compliance Assessment Tool (EcoCAT)** – *The IDNR evaluated this information and concluded that adverse effects are unlikely. However, the Department recommends:*
  - *Establishing pollinator-friendly habitat as groundcover wherever feasible.*
  - *The site should be de-compacted before planting.*
  - *Long term management of the site should be planned for prior to development to ensure successful native pollinator habitat establishment and prevent the spread of invasive species throughout the lifetime of this project. An experienced ecological management consultant should be hired to assist with long-term management.*
  - *Required fencing, excluding areas near or adjacent to public access areas, should have a 6-inch gap along the bottom to prevent the restriction of wildlife movement. Woven wire or a suitable habitat wildlife friendly fence should be used. Barbed wire should be avoided.*
  - *Trees should be cleared between November 1st and March 31st.*
- Resource Preservation Review from the **Illinois State Historic Preservation Office (SHPO)** – *No historic properties were identified within the area of potential visual effects. Additionally, our files do not identify any known archaeological sites within the area of potential direct effects, nor is it within a high probability area for archaeological resources as defined in the Act. Accordingly, this project is EXEMPT from archaeological survey requests pursuant to Section 6 of the Act. An archaeological survey is not required under state law as there is no public funding nor is it on public land.*
- **Natural Resources Inventory (NRI) Report** from the Kane-DuPage Soil & Water Conservation District (SWCD) – *Based upon the LESA score and the Kane County Land Evaluation and Site Assessment, this tract warrants Low Protection effort from development.*
- Results of any **United States Fish and Wildlife Service's** Information for Planning and Consulting environmental review – A report by Kimley Horn that while four (4) threatened or endangered species are listed and may be present in the project vicinity, minimal suitable habitat was identified within the Project area; therefore, no adverse effects are anticipated to the listed species. Based on the proposed project, [Kimley Horn] concludes that the Anamite Solar Project will have "no effect" on federally listed species, their habitats, or designated critical habitat. No "incidental take" is anticipated; thus, no consultation with the USFWS is required based on the current Project.
- Executed **Agricultural Impact Mitigation Agreement (AIMA)** with the Illinois Department of Agriculture.
- Documentation demonstrating avoidance of protected lands as identified by IDNR and the Illinois **Nature Preserve Commission (INPC)** – *No State Dedicated Nature Preserves identified in the vicinity of the proposed solar farm.*

Copies of each of the complete reports listed above are provided on the Kane County website under the applicable petition number on the Pending Zoning Petitions page.

PUBLIC COMMENT
Copies of any submitted public comments will be uploaded to the Kane County website under the applicable petition number on the Pending Zoning Petitions page.

ZONING STANDARDS
Section 25-4-8-2 of the Kane County Zoning Ordinance provides Standards for Special Use Permits; responses to these Standards have been provided by the Petitioner with their Zoning Application. The Zoning Board of Appeals shall not recommend approval of a special use unless it finds:

A. That the establishment, maintenance or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare;
B. That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
C. That the establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
D. That adequate utility, access roads, drainage and/or other necessary facilities have been or are being provided;
E. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets and roads;

F. That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the county board pursuant to the recommendations of the zoning board of appeals.

ZONING BOARD OF APPEALS
SUP FINDINGS OF FACT

GENERAL PETITION INFORMATION

ZONING PETITION NO. 4664 **PUBLIC HEARING DATE** 8/5/25

PETITIONER NAME Jacob Clay on behalf of Anamite Solar, LLC

REQUESTED ACTION

A Special Use Permit in the F-Farming Zoning District to allow for the development of a commercial solar energy facility.

SUBJECT PROPERTY

Approximately 19 acres located in Plato Township approximately ½ mile west of Nesler Road, north of the C.C. & P.R.R. railroad tracks (PINs 05-23-400-018; 05-23-400-020; 05-23-400-013; 05-23-400-015; 05-23-400-012).

STANDARDS OF A SPECIAL USE (ZONING CODE SECTION 25-4-8-2)

Special Uses, as defined by the Zoning Ordinance, shall be considered at a public hearing before the Zoning Board of Appeals (ZBA). The ZBA shall make a recommendation to the County Board based on their Findings of Fact in regards to the Standards of a Special Use. The ZBA shall not recommend approval of a Special Use Permit unless it finds the following the statements to be true and accurate.

The Zoning Board of Appeals reviewed the petition, reports, testimony and public comments received during the public hearing on the date listed above. The following are the Board's Findings of Facts for each of the six requirements specified in the Ordinance:

A. The establishment, maintenance or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

There was no testimony that would indicate any adverse affect. There was no specific opposition from the neighboring community. No perceptable sound or odor concerns.
The testimony indicates a reduction of stormwater run-off.
The closest residence was over 900 feet from the planned site.
Drain tiles will be maintained or possibly re-reouteds to preserve the function.

ZBA Vote: Y **Aris** ----- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** ----- **Stoffa** Y **Wilson**

B. The special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood.

A neighbor to the east is a proposed solar use, no impact is considered.
There is not a neighbor closer than 900 feet.
There will be a more mature screening for the consideration of the neighbors.
Although the testimony from the property experts (Kohn Reznik) indicates no history of property value depreciation, the report is not site or area specific.

ZBA Vote: Y **Aris** ---- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** ---- **Stoffa** Y **Wilson**

C. The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

The testimony indicated the City of Elgin did not plan any expansion in this area.
The use of this nature is reversible as decommissioned, it does not seem to impede other uses.
This use will not impede any future development or zoning of adjacent properties.

ZBA Vote: Y **Aris** --- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** --- **Stoffa** Y **Wilson**

D. Adequate utility, access roads, drainage and/or other necessary facilities have been or are being provided.

The access is existing, drainage will be maintained.
No utilities required other than Com Ed interconnect.
The Fire department will be addressing the need for 60,000 LB vehicles.

ZBA Vote: Y **Aris** ---- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** --- **Stoffa** Y **Wilson**

E. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets and roads.

The access already exists.
The traffic is minimal during construction and limited to approximately 9 site vistis annually.

ZBA Vote: Y **Aris** --- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** --- **Stoffa** Y **Wilson**

F. The special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the county board pursuant to the recommendations of the zoning board of appeals.

No tesitmony that this project would require anything further than the zoning ordinance.
This petition is recommended to be reviewed including the 13 stipulations.

ZBA Vote: Y **Aris** ----- **Armstrong** Y **Lake** Y **Natkins** Y **Schultz** ---- **Stoffa** Y **Wilson**

RECOMMENDATION

ZONING BOARD OF APPEALS (ZBA) RECOMMENDATION TO THE KANE COUNTY BOARD

The Kane County Zoning Board of Appeals, at a public hearing on August 5, 2025, duly heard the testimony of the petitioner and others in connection with the **Zoning Petition No. 4664**, of Jacob Clay on behalf of Anamite Solar, LLC, requesting a Special Use Permit in the F-Farming Zoning District to allow for the development of a commercial solar energy facility on property located approximately ½ mile west of Nesler Road, north of the C.C. & P.R.R. railroad tracks (PINs 05-23-400-018; 05-23-400-020; 05-23-400-013; 05-23-400-015; 05-23-400-012), in Plato Township.

A motion was made by Bill Wilson and seconded by Burt Natkins to recommend APPROVAL of Zoning Petition No. 4664, including the submittal documents listed in "Exhibit A" attached, with the following recommended Stipulations of Approval:

1. All panels in the Flood Fringe or adjacent to the Floodplain as defined by the Kane County Stormwater Ordinance will need to Flood Protected to 2 feet above the Base Flood Elevation. Determination of the Base Flood Elevation will be required.
2. Water Resources will require a stormwater permit for this development. All submittals must be prepared by Professional Engineer licensed in the State of Illinois.
3. An engineer's report will be required. Should the site introduce more than 25,000 sq ft of impervious area or more than 3 acres of disturbance, stormwater detention will be required. This impervious area is calculated cumulatively since 2002 for a site as per the Stormwater Ordinance. The Engineer's report must demonstrate that the peak flow for the site with the proposed development is not increased, stormwater detention may be required for the development to ensure this. Any required Stormwater Detention Management will require a viable outfall and may require off-site work.
4. Should the site introduce more than 5,000 sq ft of impervious, a BMP will be required for all impervious surfaces.
5. A calculation for disconnected impervious area, created by the panels, will be required. A Best Management Practice will be required to encourage infiltration of runoff within the site based on this calculation and drainage in the area.
6. The configuration of the solar panels shall be evaluated to identify any potential erosion concerns. Particular attention shall be given to erosion risks at the drip edges of the panels and in sloped areas. Appropriate best management practices must be implemented to mitigate these risks. BMPs may include, but are not limited to, pre-seeding or pre-vegetation of the site prior to panel installation to establish ground cover and reduce soil displacement.
7. A drain tile study will be required, including upstream and downstream tile systems that rely on the drain tiles within the site. Water Resources is looking for the protection of the tile system that is in place, including but not limited to replacement in kind and observation and cleanout structures.
8. Plantings within the development will not interfere with drain tiles. Planting plan should address the placement of vegetation and trees with long root systems that can interfere with tile systems and cause off site issues including surcharged drain tiles and blow outs of the drain tile systems.
9. Soil samples shall be taken every 5 years from the site and analyzed for physical, chemical, and biological properties to demonstrate the soil health within the solar installations.

10. 80% vegetative coverage for plantings will be a requirement for the site.
11. A Wetland Delineation will be required. The Wetland Delineation shall meet the requirements of the Ordinance as described in Article VII Section 9-169 Requirements for a Wetland Delineation. Any Wetland Impacts must be mitigated.
12. Floodplain, Wetland, Compensatory Storage, BMPs and Stormwater Management must be placed in a Conservation or Drainage Easement.
13. Vegetative screening consistent with the Kane County Zoning Ordinance shall be provided and shall include a continuous line of evergreen trees along the western side of the facility with a minimum planting height of 5 feet and a maximum separation distance of 15 feet on center.

2040 Conceptual Land Use Strategy

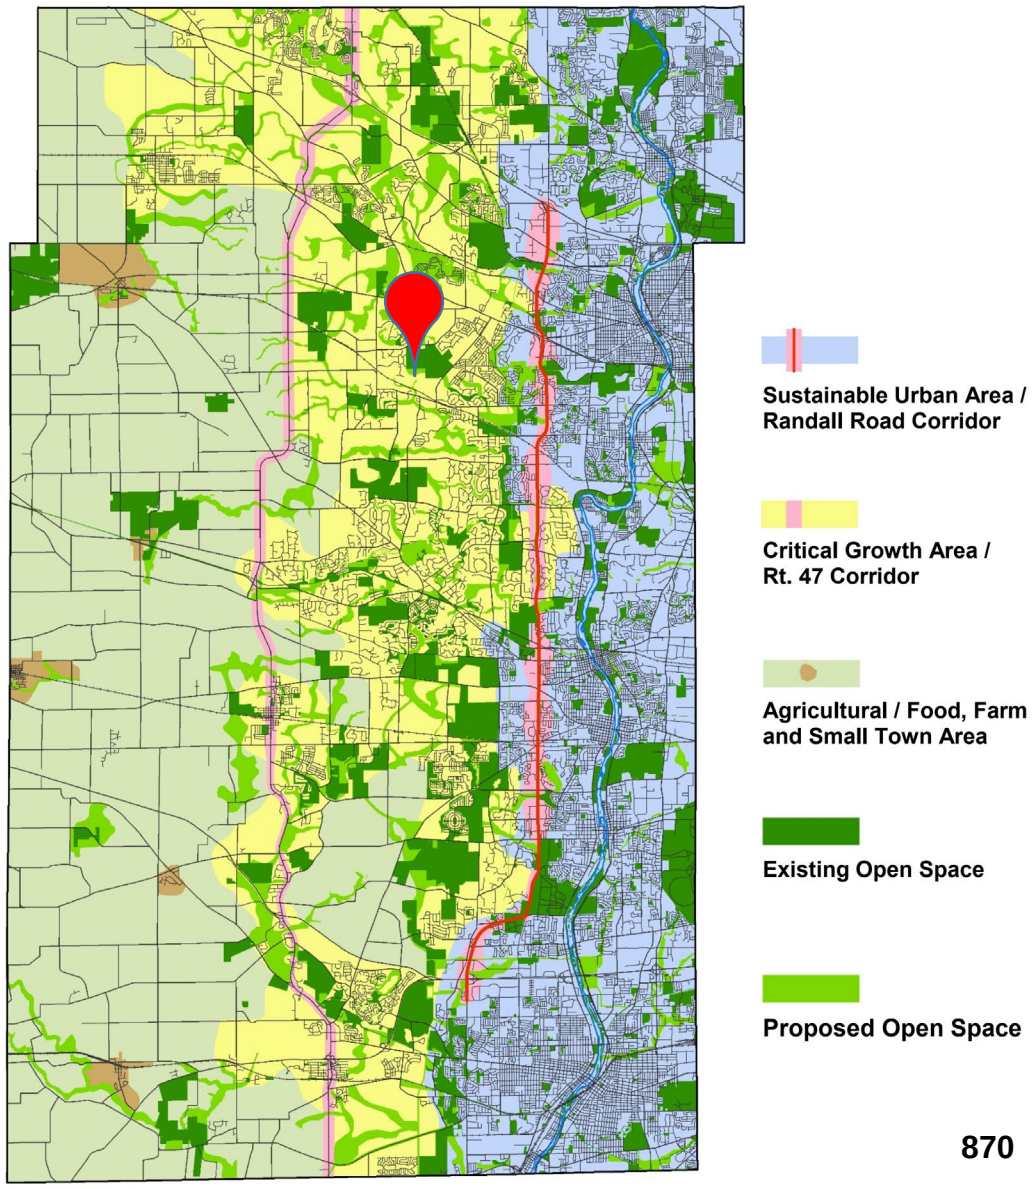
Nesler Road - Plato Twp. – Petition #4664

Land Use Strategy Area:
Critical Growth Area / Rt. 47 Corridor

Core Themes

1. The Critical Growth Area continues to be where Kane County and the fast growing municipalities of the past two decades face the greatest challenges to sensible, managed growth
2. The Critical Growth Area is characterized by diversity and mix of planned municipal development, expanded transportation opportunities, additional open space initiatives, natural resource driven decision-making and healthy living

The Conceptual Land Use Strategy Map:
A general land use map that divides the county into 3 major geographic corridors, each with unique land resources, development patterns, and planning opportunities.



2040 Land Use Analysis

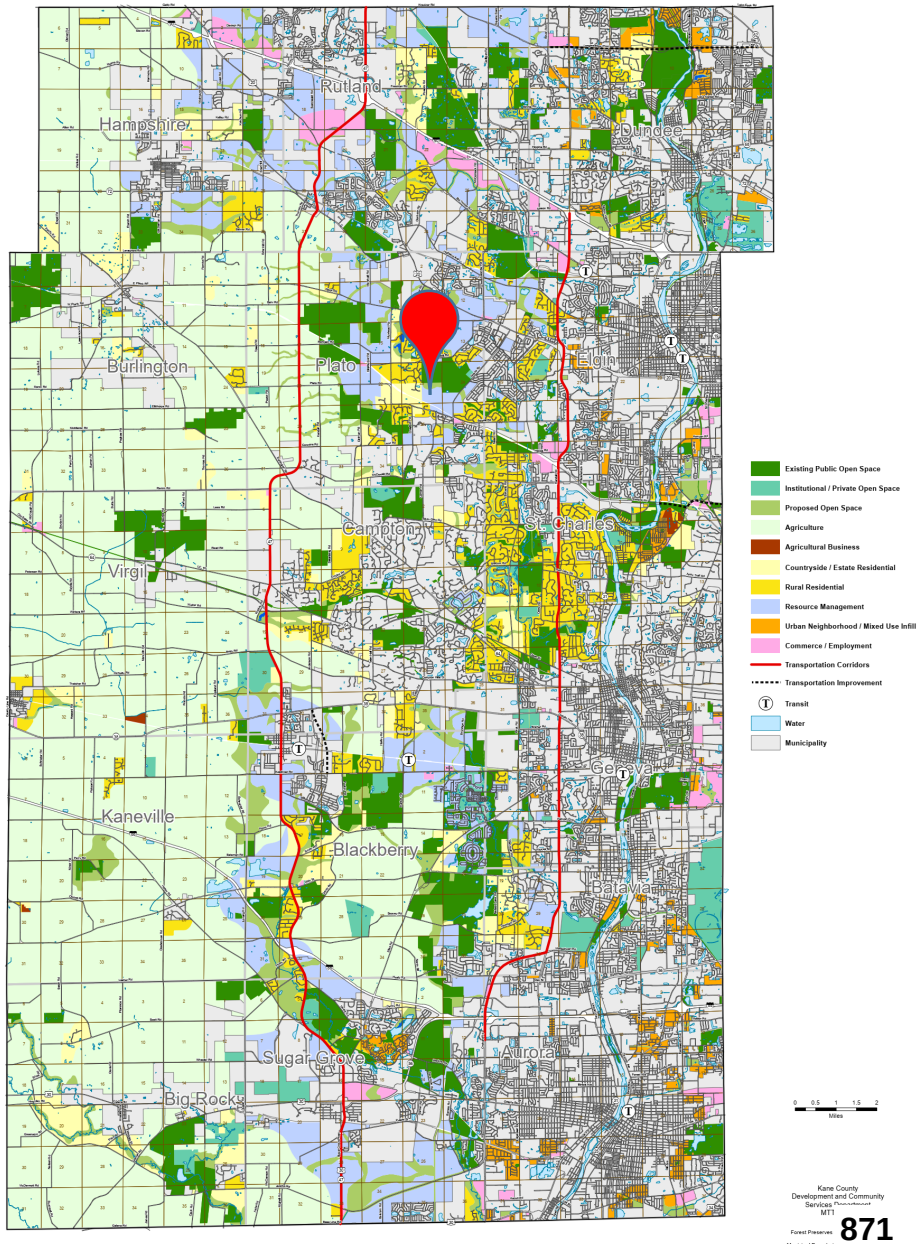
Nesler Road - Plato Twp. – Petition #4664

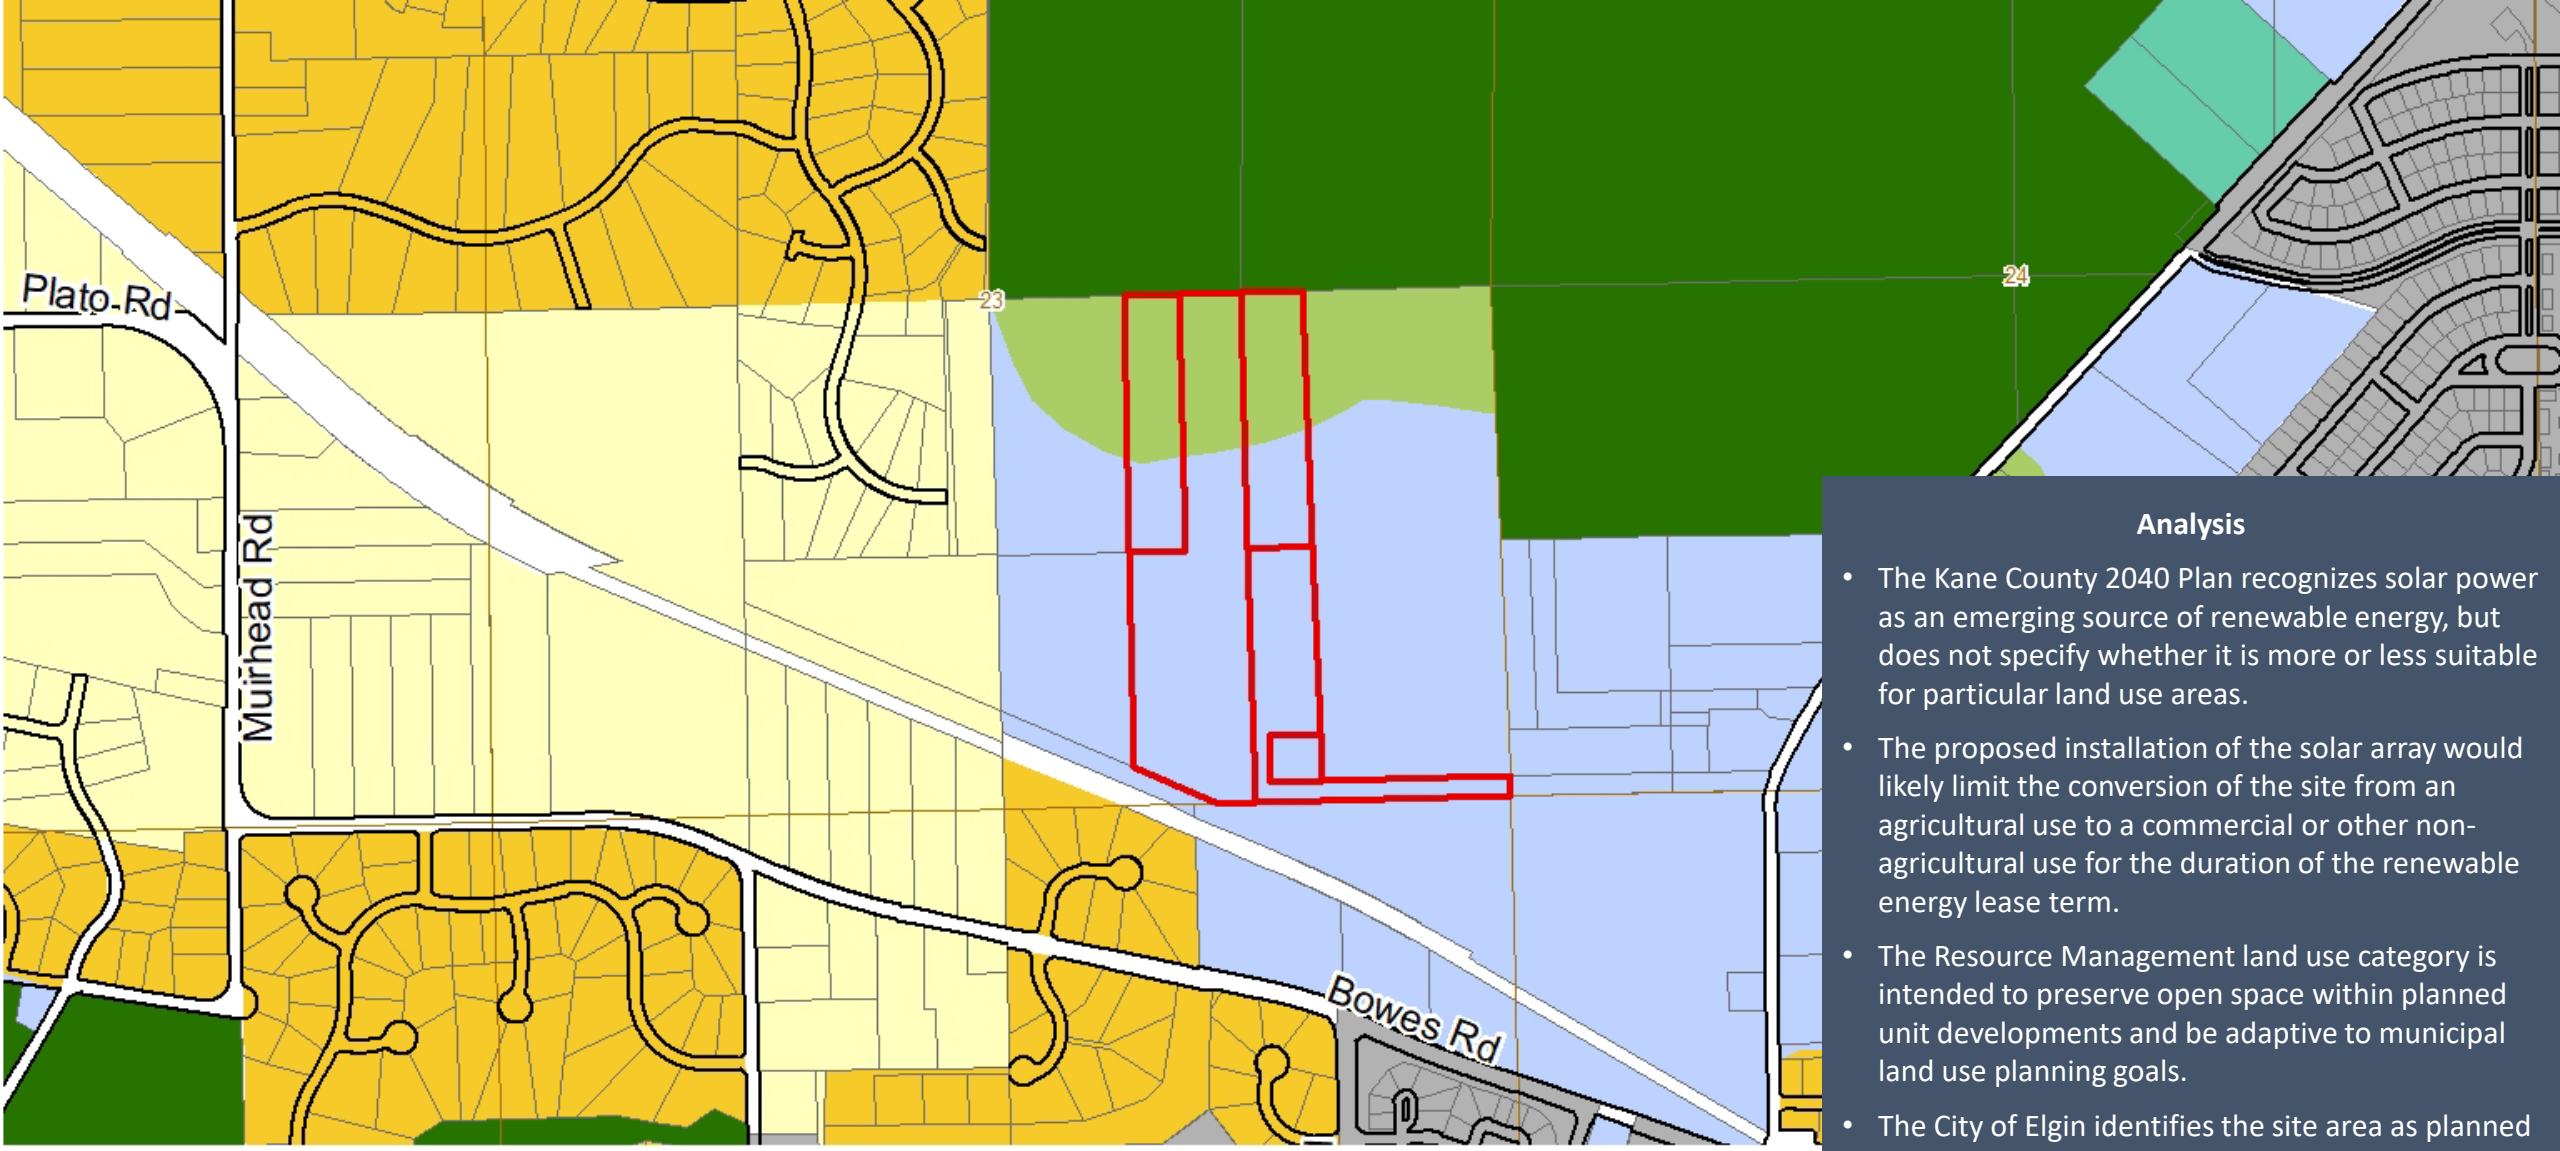
2040 Planned Use: **Resource Management**

Characteristics of Areas Planned for **Resource Management**

- Resource Management is a land use category that supports municipal and County compact, mixed use growth opportunities while emphasizing wise management of land and water resources
- Applies primarily to land within the Critical Growth Area
- Much of the growth in the Resource Management category will be the result of municipal annexations and land use decisions and, to a lesser extent, approval by the County as unincorporated development

2040 LAND USE





Analysis

- The Kane County 2040 Plan recognizes solar power as an emerging source of renewable energy, but does not specify whether it is more or less suitable for particular land use areas.
- The proposed installation of the solar array would likely limit the conversion of the site from an agricultural use to a commercial or other non-agricultural use for the duration of the renewable energy lease term.
- The Resource Management land use category is intended to preserve open space within planned unit developments and be adaptive to municipal land use planning goals.
- The City of Elgin identifies the site area as planned for a combination of Single Family Detached, Neighborhood Commercial, and Transition Residential within its extraterritorial land use planning jurisdiction.

2040 Land Use

- Agricultural Business
- Agriculture
- Commerce / Employment
- Countryside / Estate Residential
- Proposed Open Space
- Resource Management
- Existing Public Open Space
- Institutional / Private Open Space
- Rural Residential
- Urban Neighborhood / Mixed Use Infill

Fence Detail

Fencing: A fence of at least eight (8) feet and not more than twenty-five (25) feet in height shall enclose and secure the Commercial Solar Energy Facility.

Water Resources

The Water Resources department reviewed the Zoning Petition and recommends the following stipulations for approval:

1. All panels in the Flood Fringe or adjacent to the Floodplain as defined by the Kane County Stormwater Ordinance will need to Flood Protected to 2 feet above the Base Flood Elevation. Determination of the Base Flood Elevation will be required.
2. Water Resources will require a stormwater permit for this development. All submittals must be prepared by Professional Engineer licensed in the State of Illinois.
3. An engineer's report will be required. Should the site introduce more than 25,000 sq ft of impervious area or more than 3 acres of disturbance, stormwater detention will be required. This impervious area is calculated cumulatively since 2002 for a site as per the Stormwater Ordinance. The Engineer's report must demonstrate that the peak flow for the site with the proposed development is not increased, stormwater detention may be required for the development to ensure this. Any required Stormwater Detention Management will require a viable outfall and may require off-site work.
4. Should the site introduce more than 5,000 sq ft of impervious, a BMP will be required for all impervious surfaces.
5. A calculation for disconnected impervious area, created by the panels, will be required. A Best Management Practice will be required to encourage infiltration of runoff within the site based on this calculation and drainage in the area.
6. The configuration of the solar panels shall be evaluated to identify any potential erosion concerns. Particular attention shall be given to erosion risks at the drip edges of the panels and in sloped areas. Appropriate best management practices must be implemented to mitigate these risks. BMPs may include, but are not limited to, pre-seeding or pre-vegetation of the site prior to panel installation to establish ground cover and reduce soil displacement.
7. A drain tile study will be required, including upstream and downstream tile systems that rely on the drain tiles within the site. Water Resources is looking for the protection of the tile system that is in place, including but not limited to replacement in kind and observation and cleanout structures.
8. Plantings within the development will not interfere with drain tiles. Planting plan should address the placement of vegetation and trees with long root systems that can interfere with tile systems and cause off site issues including surcharged drain tiles and blow outs of the drain tile systems.
9. Soil samples shall be taken every 5 years from the site and analyzed for physical, chemical, and biological properties to demonstrate the soil health within the solar installations.
10. 80% vegetative coverage for plantings will be a requirement for the site.
11. A Wetland Delineation will be required. The Wetland Delineation shall meet the requirements of the Ordinance as described in Article VII Section 9-169 Requirements for a Wetland Delineation. Any Wetland Impacts must be mitigated.
12. Floodplain, Wetland, Compensatory Storage, BMPs and Stormwater Management must be placed in a Conservation or Drainage Easement.

Transportation

- The **Kane County Department of Transportation (KDOT)** and the **Plato Township Highway Commissioner** reviewed this Petition.
- Per their comments, Nesler Road is under the jurisdiction of Plato Township. The Township indicated that the access that Anamite Solar will be using is existing, acceptable for the petitioner's needs, and that no additional access permits will be required.

Environmental Health

- The **Kane County Health Department** reviewed this Petition and had no comments regarding the proposed use or site plan.

Fire Protection

- The **Pingree Grove & Countryside Fire Protection District** reviewed this Petition and indicated "[their] only concern is the access road. Since it is located a long distance off Nesler Road, we would need to ensure it is installed to support access by our fire equipment, as outlined in our ground solar array code; the road needs to support 60,000 lbs. There may be other concerns once we see a more comprehensive set of plans."

EcoCAT Report

Illinois Department of Natural Resources (IDNR)

The natural resource review provided by EcoCAT identified protected resources that may be in the vicinity of the proposed action. **The Department has evaluated this information and concluded that adverse effects are unlikely.**

However, the Department recommends:

- Establishing pollinator-friendly habitat as groundcover wherever feasible.
- The site should be de-compacted before planting.
- Long term management of the site should be planned for prior to development to ensure successful native pollinator habitat establishment and prevent the spread of invasive species throughout the lifetime of this project. An experienced ecological management consultant should be hired to assist with long-term management.
- Required fencing, excluding areas near or adjacent to public access areas, should have a 6-inch gap along the bottom to prevent the restriction of wildlife movement. Woven wire or a suitable habitat wildlife friendly fence should be used. Barbed wire should be avoided.
- Trees should be cleared between November 1st and March 31st.

Resource Preservation Review

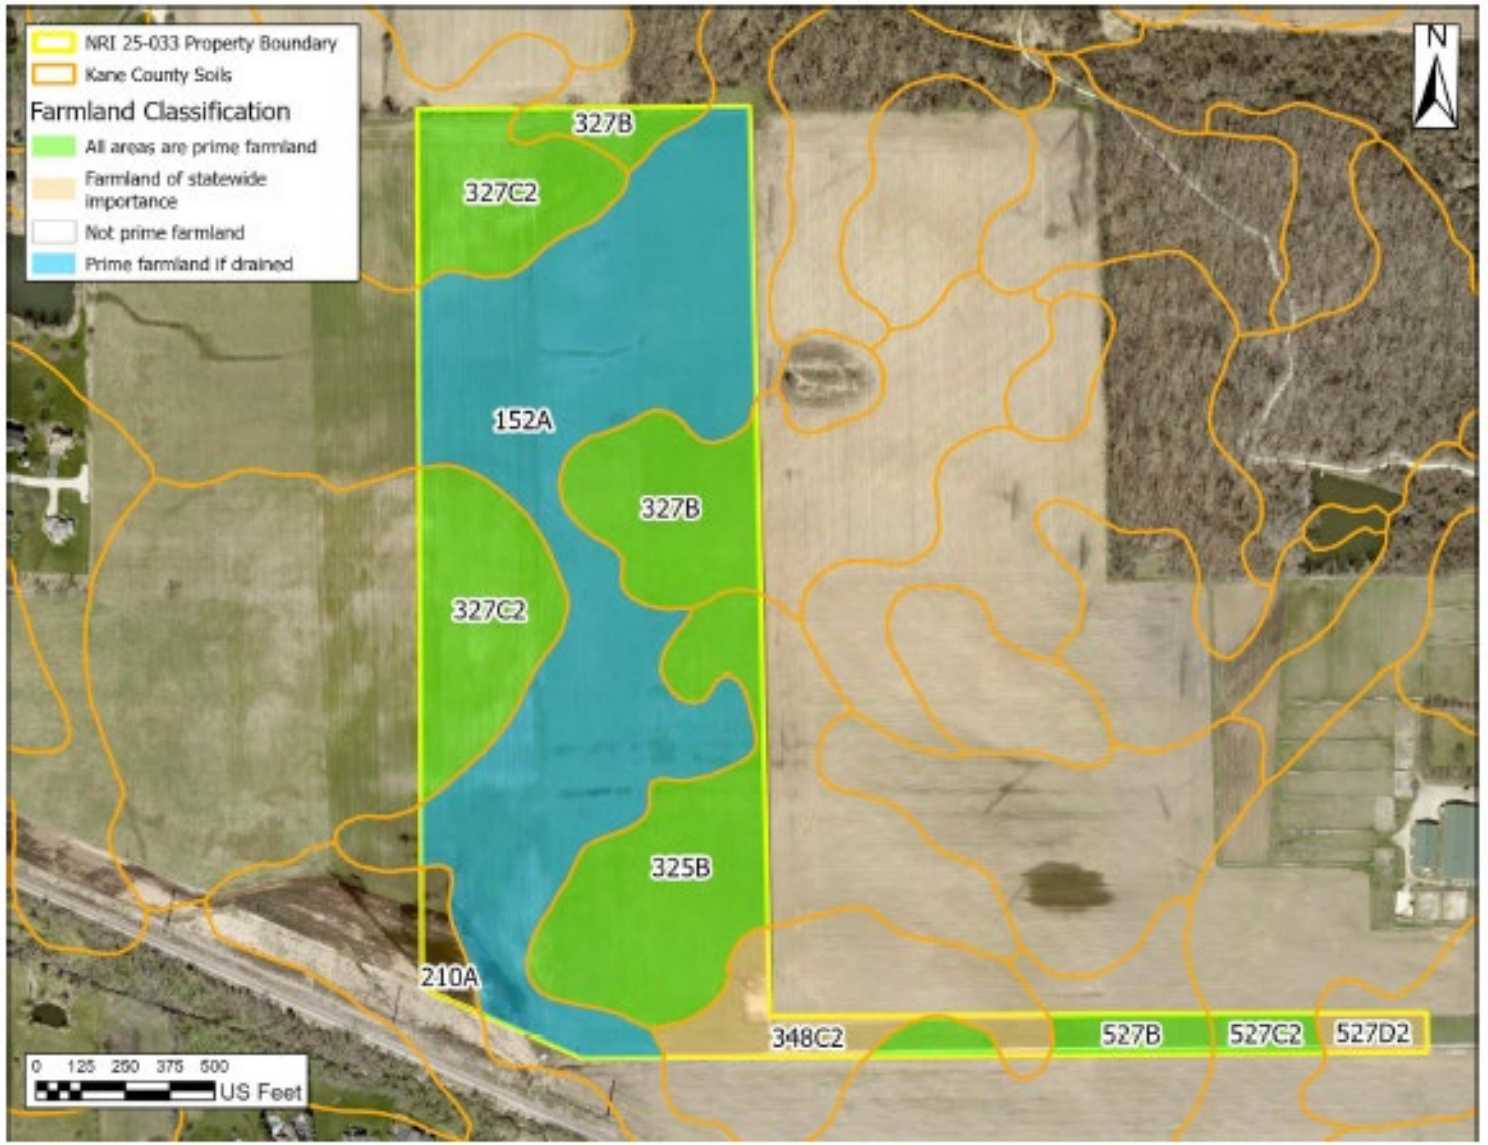
Illinois State Historic Preservation Office (SHPO)

- **IL SHPO** determined that no historic properties were identified within the area of potential visual effects. Additionally, our files do not identify any known archaeological sites within the area of potential direct effects, nor is it within a high probability area for archaeological resources as defined in the Act.
- Accordingly, this project is EXEMPT from archaeological survey requests pursuant to Section 6 of the Act. An archaeological survey is not required under state law as there is no public funding nor is it on public land.

NRI Report

Kane-DuPage Soil & Water Conservation District (SWCD)

- **Prime Farmland: Prime and Important Farmland occur on this tract.**
- **LESA:** Sites with a LESA score of 85 or greater are considered to warrant protection. This site has an **LE score of 29**, and a **SA score of 32**, with a **total score of 61**, placing it in the Low Protection category for farmland.
- **Land Planning and Development Concerns:** Based upon the LESA score and the Kane County Land Evaluation and Site Assessment, **this tract warrants Low Protection effort from development.**



Section 7 Consultation

United States Fish & Wildlife Service (USFWS)

- United States Fish & Wildlife Service's (USFWS) Section 7 Consultation dated May 9, 2025 concluded that there is a total of 4 threatened, endangered, or candidate species on this species list.
- Kimley-Horn reviewed the USFWS Information for Planning and Consultation (IPaC) website for federally listed threatened and endangered species. According to the website, four species are listed and may be present in the project vicinity in Kane County.
- The whooping crane is listed as experimental population, non-essential. The monarch butterfly and western regal fritillary are listed as proposed threatened. The eastern prairie fringed orchid is listed as threatened.
- The Project is located outside of any designated critical habitat areas. The action area for the Project is made up entirely of agricultural row crops. Minimal suitable habitat was identified within the Project area; therefore, no adverse effects are anticipated to the listed species. The EcoCAT showed no record of Illinois Natural Area Inventory sites, dedicated Illinois Nature Preserves, or registered Land and Water Reserves in the vicinity of the project location. The EcoCAT showed that the least bittern and yellow-headed blackbird may be present within the study area vicinity. The EcoCAT concluded that adverse effects are unlikely.
- **Based on the proposed project, [Kimley Horn] concludes that the Anamite Solar Project will have "no effect" on federally listed species, their habitats, or designated critical habitat. No "incidental take" is anticipated; thus, no consultation with the USFWS is required based on the current Project.**

Additional Reviews/Analysis

- **United States Army Corps of Engineers (USACE)**
  - Applicant anticipates needing a level 2 wetlands delineation and is coordinating with the U.S. Army Corps of Engineers (USACE); all required documentation will be completed as part of the stormwater/building permit applications.
- **Illinois Nature Preserves Commission (INPC)**
  - No State Dedicated Nature Preserves identified in the vicinity of the proposed solar farm.
- **Illinois Department of Agriculture**
  - Executed AIMA Agreement was received.

A. That the establishment, maintenance or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare;

B. That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;

Re: Grant #1904

Dear Mr. Isaacson:

In November 2024, the Illinois Children's Healthcare Foundation ("ILCHF") Board of Directors approved a grant to Kane County Health Department ("Grantee"), subject to the terms and conditions set forth in the November 2024 letter agreement (the "Agreement"), in an amount of $150,000 to implement its "Empowered Families, Stronger Communities through a Family Run Organization project (the "Project") for the period of 1/1/2025 to 7/31/2026 (the "Grant Term").

In January 2025 the Agreement was amended (hereinafter "the January 2025 Amendment"). This letter serves as a second amendment to the Agreement (hereinafter "the Second Amendment"). The Second Amendment supersedes the January 2025 Amendment. In all respects, other than those identified herein, the Agreement remains unchanged.

Based upon the current work of the Grantee and developing circumstances related to that work, the schedule for final payment scheduled for this grant will be amended as follows:

1. Final Payment of Grant Funds. Subject to prior receipt by ILCHF of a countersigned copy of this Second Amendment signed by the authorized officers of Kane County Health Department and subject to all other terms and conditions of the Agreement, **ILCHF will make a final payment of Grant funds in the amount of $100,000 on or before June 6, 2025.**

The amendment to the final payment schedule is in support of **[Kane County Health Department's]** ability to access ILCHF grant funds necessary to successfully implement the FRO planning grant.

If the Grantee is in agreement with the amended terms of this Grant, please indicate agreement to such terms and conditions by having this Second Amendment countersigned by the appropriate officers of Grantee and returned to Nedranae Hunt, Senior Manager of Grants and Administration at nedranaehunt@ilchf.org on or before **May 15, 2025.**
