Member Wojnicki stated the Energy and Environmental Committee was pleased to present the 2015 Solid Waste Management and Resource Recovery Plan update. She commended recycling coordinator Jennifer Jarland, along with assistance from the Development & Community Services Department, for putting together the county's Solid Waste Plan update and creating a cost comparative, pointing out that Kane County produced their update at no cost because it was completed in-house, while four nearby counties had spent approximately $135,000 for their updates. 2. Motion to Amend Resolution No. 15-186

Member Lewis asked to amend this resolution because he believed the county board needed to reinforce its authority on budgets. He noted a precedent was set about 8 to 10 years ago. He proposed that the resolution be revised to encompass all departments, not just the coroner's. Additionally, Lewis added that the New World June reports have several departments trending higher than their budgets. Lastly, he pointed out this resolution originated in the Executive Committee but should follow through the committee structure. Member comments followed that the revisions were positive, fair, covered all offices and gave the auditor's office guidance in terms of what the board's perspective was on this matter. Other supportive comments to the amendment followed.

Res. #***15 - 186*** Addressing Kane County Projected Budget Overages *(as amended)*

Per Auger's question regarding the internal control statute, county board attorney Patrick Kinnally clarified there was no issue with internal control. Mr. Scheflow asked for the resolution to return to the board since it was a written document. However, the chairman believed the resolution should move forward and that a vote was in order.

Res. #***15 - 191*** Approving Kane County Exports Grant Program

Member Gillam spoke about her recent attendance at a regional economic development initiative where it was noted that Kane County's number of grant exporting applications were very close in number with Cook County's applications and most likely due to the outreach program established by Dir. VanKerkhoff and his staff. Gillam asked that the board support the Kane County Exports Grant program because it was already helping the county's businesses. Barreiro commended Dir. VanKerkhoff for his efforts regarding this program.

Res. #***15 - 207*** Filling a Vacancy on the Kane County Board - District 6

Vice Chairman Frasz asked for the chairman to discuss this appointment in closed session, as he viewed it as a personnel matter. Chairman Lauzen countered that the individual was not an employee but a potential board member. Mr. Dahl's educational and professional background was reviewed by the chairman. Mr. Frasz asked that in the future the chairman provide a candidate's information not at the last minute, stating the process was not fair. The chairman appreciated the comments, reminded the members that the vacancy was for less than 18 months of service, and interested individuals could run in the election. Others commended the chairman's consistent process in choosing potential candidates.

6. Motion to Amend Resolution No. 15-208

Member Allan asked to amend this resolution and summarized that the county clerk, legislators and various election commissions have been expanding voter accessibility over the years, and, more recently, making the ability to register and vote right up to the day of election. However with these new changes, Allan discussed the additional costs that will burden the Clerk's office as well as other clerk offices by this unfunded mandate. She explained the clerk is asking other clerks to speak to their legislators as a united force and possibly amend the statute to allow the clerk to use its five current sites for registration/voting. Allan reminded members that Clerk Cunningham set up the five sites out of his budget. She discussed the significant costs to not only Kane County but to other counties as well.

Allan reviewed an amended version of the resolution, paragraph by paragraph, and emphasized that the board was not trying to alienate the legislators nor stand in the way of an eligible voter. Clerk Cunningham voiced the challenges of the unfunded mandate and expressed that the county did not intend to deprive its citizens from registering to vote but would use every opportunity to save $1.9M from his budget in order to budget for the mandate next year. He reminded the members of the revenue already lost to the county -- losses from the sheriff's office, from the landfill and from the riverboat, and this was another loss. As to the pilot program for having five locations available for registration on Election Day, Cunningham stated his office could afford them, but, as he pointed out, it was up to the citizens and the parties to get voters registered.

Res. #***15 - 208*** Regarding the Extension of Grace Period Registration at Every Polling Place for Early Voting on Election Day (*as amended*)

Member Castro suggested speaking to the legislators in a positive way and to negotiate with the lawmakers but she would not support the amended resolution because she believed more dialog was in order with the legislators or extend the grace period even longer. Member Pollock agreed with her comments, reminding the board that the Legislative Committee decided it was not going to govern the lawmakers by resolutions but, instead, negotiate with them. While he agreed with the clerk to do everything possible to avoid a large unfunded mandate, he stated the committee decided it would discuss the matter first versus passing resolutions and he would have those discussions if directed by the board or the committee. Pollock would not support the resolution for that reason. Castro expressed concerns that the law was already passed and went into effect July 1, 2015. She asked why was the board was considering the mandate now and why was the matter not brought up to member Pollock sooner.

Summary:

The following proposed speed limit alteration has been determined in accordance with Kane County Resolution No. 01-419 (Policy for the Establishment and Posting of Altered Speed Limits on County and Township Roads) and is being submitted for approval in accordance with 625 5/11-604 of the Illinois Compiled Statutes.

An engineering investigation was performed for Coombs Road from the Rutland / Elgin Township Line to Highland Avenue. Coombs Road north of the Rutland / Elgin Township Line is currently posted with a speed limit of 40 mph (approved November 2002); Coombs Road south of the Rutland / Elgin Township Line is currently posted with a speed limit of 45 mph. Staff is recommending the speed limit on Coombs Road from Highland Avenue to Big Timber Road be a consistent 40 mph based on the following factors:

- Speed study supports a reduction to 40 mph
- Township Road District concurrence
- Significant development growth in areas immediately north and west of Coombs Road has occurred with traffic on the roadway increasing 13% since 2011
- Short segment of roadway (0.6 miles) containing horizontal and vertical curves

Regarding the Extension of Grace Period Registration at Every Polling Place for Early Voting on Election Day

Summary:

The Kane County Clerk's Office serves as the election authority for Kane County and is responsible to conduct elections in the State of Illinois according to state statute 10 ILCS 5. The Illinois General Assembly passed and Governor Patrick Quinn signed into law Senate Bill 172 amending Public Act 1171, An Act concerning elections. The amended Public Act 1171 requires grace period voter registration at every polling place for early voting and on election day.

The new election requirement to provide grace period voter registration at every polling place for early voting and on election day is an unfunded mandate that will result in additional costs to the taxpayers of Kane County.

The Kane County Clerk and the Kane County Board oppose the unfunded mandate for grace period voter registration at every polling site for early voting and on election day.

The Kane County Clerk and Kane County Board recommend and support amending Public Act 1171 to include a more cost-effective provision for grace period voter registration and voting that allows election authorities to provide grace period and election day voter registration and voting at the County Clerk's Office and designated permanent grace period polling places.

The Kane County Clerk's Office recommends approval of the resolution, adding the resolution to the County's legislative agenda, and sending the resolution to our legislators in Springfield and the State Board of Elections.

STATE OF ILLINOIS

COUNTY OF KANE

RESOLUTION NO. 15 - 208

REGARDING THE EXTENSION OF GRACE PERIOD REGISTRATION AT EVERY POLLING PLACE FOR EARLY VOTING ON ELECTION DAY

WHEREAS, the Office of the Kane County Clerk serves as the election authority for Kane County in the State of Illinois; and

WHEREAS, the Kane County Clerk is responsible to conduct elections in the State of Illinois according to state statute 10 ILCS 5; and

WHEREAS, the Kane County Clerk and the Kane County Board honor the mandate that every eligible citizen has the right to vote; and

WHEREAS, the Kane County Clerk and the Kane County Board respect the mandate to provide services to the citizens of Kane County, including maximum availability for voting, in the most accessible, transparent, and cost-effective way possible; and

WHEREAS, toward the goal of greater voter access, and beginning with the November, 2014 election, the Kane County Clerk established five (5) permanent polling places under 10ILCS 5/19A-10 where an unregistered qualified elector could register to vote, and a registered voter could submit a change of address form, in person through election day; and

WHEREAS, the Illinois General Assembly since passed and Governor Patrick Quinn signed into law Senate Bill 172 amending Public Act 98-1171, an Act concerning elections; and

WHEREAS, the amended Public Act 98-1171 requires grace period voter registration at every polling place for early voting and on election day (10 ILCS 5/5-50); and

WHEREAS, the amended Public Act 98-1171 (10ILCS 5/5-50) states,

> .." Grace period. Notwithstanding any other provision of this Code to the contrary, each election authority shall establish procedures for the registration of voters and for change of address during the period from the close of registration for an election until and including the day of the election. During this grace period, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person in the office of the election authority, at a permanent polling place established under Section 19A-10, at any other early voting site beginning 15 days prior to the election, at a polling place on election day, or at a voter registration location specifically designated for this purpose by the election authority. The election authority shall register that individual, or change a registered voter's address, in the same manner as otherwise provided by this Article for registration and change of address…"

WHEREAS, the new election requirement to provide grace period voter registration at every polling place for early voting and on election day is an unfunded mandate that will result in additional costs to the taxpayers of Kane County.

NOW, THEREFORE, BE IT RESOLVED that the Kane County Clerk and the Kane County Board steadfastly support and fund every eligible citizen's right to vote, including through the day of election, and oppose unfunded mandates inconsistent herewith; and

BE IT FURTHER RESOLVED, that the Kane County Clerk and Kane County Board recommend and support amending Public Act 98-1171 to include a more cost-effective provision for grace period voter registration that allows election authorities to provide early, grace period, and election day voter registration at the County Clerk's Office and other permanent polling places that are established under 10ILCS 5/19A-10.
