B. PRESENTATIONS/DISCUSSION

National Public SafetyTelecommunicators Week (M. Guthrie)

Kane Comm Deputy Director, Michelle Guthrie, shared the importance of National Public Safety Telecommunicators Week, which honors the men and women who respond to emergency calls throughout the county's emergency call centers. Chairman Lauzen invited Andy Baumanm, Shelly Lemons, Bill Linder, Rebecca Cox, and John Martin with the Judicial & Public Safety Committee, to come before the board to be publicly honored and recognized.

Chairman's Short Program

The Chairman shared the following:

1) a letter he received from former County Board member Don Wolfe discussing Amazon's on-line retail service and the demise of large shopping centers in Kane County, causing lost sales tax to municipalities that rely on the tax, as well as loss to the real estate tax base;

2) a message from Finance Dir. Onzick reporting that the IRS notice on the recovery zone bond examination had no change. It will allow the bonds to retain their tax advantage status and the county will continue to receive tax credits to pay the interest on the bonds; and

3) a 3/13/18 report from Wallet Hub announcing that Illinois residents pay the highest state and local tax rate in the country. Details followed.

- Res. **#18 - 108** Authorizing Personnel Replacement Hiring, Kane County Animal Control Warden

Lewis shared his concerns about adding personnel especially when Finance Dir. Onzick discussed the 2019 budget challenges at a recent Committee of the Whole meeting. He recommended more “creative” ways to fill the positions internally. He would not support the resolutions due to the added personnel and believed an opportunity existed now to contain costs anywhere from \$250,000 to \$300,000.

Member Silva reported that Resolution #18-108 was a replacement hire and while she agreed with Mr. Lewis's comments regarding the budget, the position was necessary statutorily. (The Chairman notes the hires are replacements, not additions.)

Regarding #18-104, Member Thomas appreciated the Human Resources department filling position 2 of 3 vacancies to see what materializes, possibly not needing the third position.

Ordinance: No. 18 - 99

Amending the Kane County Code, Chapter 10: Fireworks

Committee Flow: County Development Committee, Executive Committee, County Board

Contact: Mathew Tansley, 630.232.3493

Budget Information:

Was this item budgeted? N/A	Appropriation Amount: N/A

Summary:

This ordinance amends the Kane County Code, Chapter 10: Fireworks. Under the current requirements for multi-event, one year permits, all displays must be concluded by ten thirty o'clock (10:30) P.M. Single event one day permits must be concluded by eleven o'clock (11:00) P.M.

The Kane County Cougars have requested that displays at Northwestern Medicine Field (Cougars Stadium) be allowed to be concluded by eleven o'clock (11:00) P.M. This change will allow additional time for fireworks displays which would otherwise be cancelled if games are delayed by weather and/or have extra innings. During the past six (6) seasons, nineteen (19) fireworks shows were cancelled, an average of over three (3) shows per season. This change would also make the end time for multi-event permits the same as single event permits.

The following will still apply to all fireworks permits: "Any further conditions or restrictions, including, but not limited to, special provisions for audible and visual fireworks, as may be reasonably determined by the county board chairman based upon the location of the venue and the character of the surrounding area."

Summary:

Seven proposals were received in response to the Request for Proposals for the Toll Bridge Revenue Bond Issue Underwriter services. After thoroughly reviewing these seven proposals and interviewing four finalists, CITI was selected as being the most experienced with toll revenue bond issues, especially inaugural toll revenue bond issues. CITI also presented the most ideas for reducing the risk of the bond issue, which will be of help in maximizing the bond rating and minimizing the cost of interest on the debt service. CITI's fee is \$7.50 per \$1,000 of bonds issued plus a \$50,000 management fee, and an estimated \$75,000 of underwriter's counsel fee and \$12,000 of expenses. Assuming a bond issue of \$30,145,000, the total estimated cost would be approximately \$363,000, which will be paid out of the bond proceeds.

Proclaiming April 8-14, 2018 National Public Safety Telecommunicators Week

Budget Information:

Was this item budgeted? N/A	Appropriation Amount: N/A
If not budgeted, explain funding source: N/A	

Summary:

On October 9, 1991 the House of Representatives designated that each year the second full week of April would be dedicated to the men and women who serve as public safety telecommunicators.

Edward Markey of Ohio addressed the House that day stating:

"Every day, in all of our communities, dedicated public safety telecommunicators answer our calls for assistance. They dispatch our calls for help to local police and fire departments, facilitating the execution of emergency rescue and law enforcement operations in all of our districts. These public safety personnel serve as the vital links within our cities and towns, although rarely appreciated because they are not physically at the scene."

America's public safety telecommunicators daily serve the public in countless ways without due recognition by the beneficiaries of their services. It is for that reason that this resolution is requesting the County Board to authorize and request a proclamation calling on the people of Kane County to observe the week with appropriate ceremonies and activities.

Approving Contract for Construction with Martam Construction, Inc. of Elgin, Illinois for Ellithorpe Road Culvert Improvements, Kane County Section No. 17-00487-00-DR

Committee Flow: Transportation Committee, Executive Committee, County Board

Budget Information:

Was this item budgeted? Yes	Appropriation Amount: \$194,328.00
If not budgeted, explain funding source: N/A	

Summary:

On February 28, 2018, two (2) bids were opened at the Kane County DOT office for the above-mentioned project to provide culvert improvements along Ellithorpe Road, approximately 1,000-ft west of Chapman Road and approximately 1,400-ft west of Burlington Road. The low qualified bid of \$194,328.00 by Martam Construction was 22.4% above the engineer's estimate of \$158,719.00. In a comparison of the two bids versus the engineer's estimate, staff noted that the lower production/small quantity work items were assigned higher unit prices by both contractors compared to the unit prices reflected in the engineer's estimate. Based upon this comparison, it is staff's opinion that the engineer's estimate had under estimated the unit prices of the small quantity work items. A rebid of a smaller project like this will likely result in similar or potentially higher bids since it would be a little later in the construction season. Staff recommends with award of this contract to Martam Construction.

Approving Amendment No. 4 to a Phase II Engineering Services Agreement with Crawford, Murphy and Tilly, Inc. for Longmeadow Parkway Bridge Corridor from East of IL 31 to East of IL 25 (Section C), Kane County Section No. 13-00215-20-BR

Summary:

Crawford, Murphy, and Tilly, Inc. (CMT) are preparing final design plans for Section C of Longmeadow Parkway. Section C consists of Longmeadow Parkway from just east of Route 31 to just east of Route 25, including the Fox River bridge. Section C was originally engineered and designed to this point to be constructed as one contiguous section. In order to advance portions of Section C more quickly, staff and CMT propose to split Section C into four parts, allowing the construction of the Fox River Bridge and the IL 25 intersection to start before the remaining connecting segment from Sandbloom/Williams to west of IL 25.

To do so will require engineering efforts beyond the extent of the existing engineering agreement. Staff has negotiated a supplement in the amount of \$313,992.37 for this work. The previous amendments were required to primarily address additional geotechnical engineering, additional environmental investigations, and value engineering analyses which resulted in significant project cost savings.
