Kane County Campaign Sign Recycling

2026 Mid-Terms

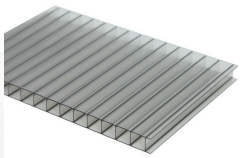

Step 1: Check with local candidates or campaigns if they will be collecting their signs for reuse
Step 2: Check sign material - we can recycle rigid plastic signs that are about 1/4" thick (see below)
Step 3: Separate signs from their metal stands & cut off any zip ties or other fasteners
Step 4: Take signs & stands to the indicated drop-off locations on the listed dates and times

November 4 - November 12, 2026

- **KDOT: 41W011 Burlington Rd, Campton Hills**
  - **Bins near front of Building A - assessable 24/7 during collection period**
- **Kane County Recycling Center: 900 Angle Tarn, West Dundee**
  - **Located behind Village of West Dundee DPW building (gate off Beacon St.)**
  - **Open Monday - Friday, 7am - 3pm (closed Veterans' Day)**
- **<u>NO</u> collection on Fabyan Parkway this year due to site renovations**

November 4 - November 15, 2026

- **Kane County Government Center: 719 S. Batavia Ave., Geneva**
  - **Assessable 24/7 during collection period**
  - **Put signs into commercial container at the end of the lower (furthest east) parking lot, adjacent to the Forest Preserve**
    - **Use separately marked container for metal sign stands (*new large container!*)**

The signs we can recycle in this program are made from corrugated polypropylene (cross section shown at left). Signs made from plastic film/marked #4 (LDPE) can be taken to store plastic bag drop-offs for recycling.
